S. Hilton, 2016-03 Sex Murder Shoes A shockingly original and darkly decadent thriller Maestra is the launch title of Zaffre the new fiction imprint of Bonnier Publishing Fiction **Ultima** L.S. Hilton, 2018-05-15 The shockingly audacious conclusion to the international bestselling phenomenon that began with Maestra If you can't beat them kill them First there was Maestra Then there was Domina Now there is Ultima Glamorous international art dealer Elizabeth Teerlinc knows a thing or two about fakes After all she is one herself Her real identity Judith Rashleigh is buried under a layer of lies Not to mention the corpses of the men foolish enough to get in her way But now caught in the murderous crossfire between a Russian Mafia boss and a corrupt Italian police detective Judith is forced to create an even more daring work of art a fake masterpiece she must take to the world famous auction house where she used to be a lowly assistant and sell for 150 million For Judith the prospect of putting one over her loathsome former employer and the world's art establishment is almost as thrilling as the extreme sex she's addicted to especially when the price of failure is a bullet in the back of the head But exposing her new identity to the glare of the spotlight puts her at risk of an even greater danger Like a beautiful painting stripped of its layers

of varnish something altogether different could be revealed A truth about her past even Judith might find shocking

The Identity Myth David Swift,2022-02-17 We are in crisis As a society we have never been less connected The internet and globalisation fuel ignorance and anger while the disconnect between people s reality and perceived identities has never been greater Karl Marx outlined the idea of a material base and politico cultural superstructure According to this formula a material reality wealth income occupation determined your politics leisure habits tastes and how you made sense of the world Today the importance of material deprivation in terms of threats to life health and prosperity are as acute as ever But the identities apparently generated by these realities are increasingly detached from material circumstances At the same time different identities are needlessly conflated through a process of reeling off a list of isms and phobias and are lumped together as though these groups all somehow have something in common with one another Th is process is not just inappropriate but obscures the specific nature of problems being faced In The Identity Myth David Swift covers the four different kinds of identity most susceptible to this trend class race sex and age He considers how the boundaries of identities are policed and how diverse versions of the same identity can be deployed to different ends Ultimately it is not that identities are simply more complex than they appear but that there are more important commonalities In a powerful call to arms Swift argues that we must unite against these identity myths and embrace our differences to beat inequality
