DUB 2014

Every year the DUB Show makes its way to sunny southern California and every year I am absolutely amazed at the level these cars have risen. It's a spectacle unlike any other and this year it was no different.

When I first made my way to the Los Angeles Convention Center and approached the massive line to get inside, luckily I was media so no need to wait, I heard the bass coming from inside. Not only can you see some fly cars with all the amenities they also had a bit line-up of popular music artists to entertain the crowd. These artists included, Rick Ross, G-Unit, T-Pain, Nappy Nuts and more.

As I made my way around the venue I was surprised at the level the builders are bringing the freestyle and custom car game, the money that has been spent and the time it has taken to put out a line of cars is evident. As a recent car builder myself, I see the cars as fine works of art and understand how this is not just a hobby, it is an addiction. There will always be something more to add to the ride to make it stand-out from your neighbors. If you don't have a chance to attend the show, check out the wraps you missed and appreciate the art that is automotive!
