Grandes Conclusions Jurisprudence Administrative:

Tort Liability of Public Authorities in European Laws Giacinto della Cananea, Roberto Caranta, 2020-12-15 This series argues that there is a common administrative core to European legal systems that can be better understood in comparative terms This volume examines government liability in tort using case studies to explore different government responses Part I sets the stage for the project and the parameters followed by the scholars involved Part II expands on the legal systems chosen for comparison setting up their general tort procedures Part III presents case studies from Austria the European Union France Germany Hungary Italy Poland Romania Spain Switzerland and the United Kingdom Each case study has a theoretical response detailing what would happen should that case occur within each country's borders Part IV compares and contrasts the information provided in Part III It examines both the commonalities and the distinctive traits of these legal systems with a view to understand the nature of their common core This volume is an essential tool for anyone involved in administrative and constitutional law and government liability in tort

The Public-private Law Divide Matthias Ruffert, 2009 This publication is a collection of papers of the second meeting of the Dornburg Research Group on New Administrative Law which was held in London in May 2007 Acknowledgments

The Making of Criminal Law Aniceto Masferrer, 2025-11-12 The separation of powers produced by the Enlightenment period reinforced the myth of the perfection of the law with criminal law being dependent on the principle of legality Demonstrating that this principle has not fundamentally altered judges methods of interpretation and decision making this collective volume explores the role of case law in the making of modern criminal law from the late 19th century to the end of the 20th century It enables us to gauge the influence of case law developed and to assess the extent to which it contributed to major criminal law decisions and the emergence of model criminal codes The book takes a comparative view across various European and American jurisdictions and offers an overview of European civil law traditions along with comparisons from the Americas The focus is on Western legal historiography which has hitherto been notably under researched The chronological point of departure is marked by the creation of the Supreme Court and the cassation in each jurisdiction Each chapter contains a short introduction to the role of jurisprudence in the making of criminal law from the 19th century onwards in that jurisdiction followed by an exploration of the contribution of the legal doctrine of the Supreme Court in the making or development of a particular criminal offence or institution The book will be of interest to scholars and historians working or teaching in the areas of legal history comparative legal history criminal law and comparative law It will also be of use to scholars interested in the study of law in different socio cultural contexts

often depicted as a cradle of judicial activism and a polity built by courts Tommaso Pavone shows how this judge centric narrative conceals a crucial arena for political action Beneath the radar Europe s political development unfolded as a struggle between judges who resisted European law and lawyers who pushed them to embrace change Under the sheepskin of rights conscious litigants and activist courts these Euro lawyers sought clients willing to break state laws conflicting with European law lobbied national judges to uphold European rules and propelled them to submit noncompliance cases to the European Union s supreme court the European Court of Justice by ghostwriting their referrals By shadowing lawyers who encourage deliberate law breaking and mobilize courts against their own governments The Ghostwriters overturns the conventional wisdom regarding the judicial construction of Europe and illuminates how the politics of lawyers can profoundly impact institutional change and transnational governance *Contemporary French Administrative Law* John Bell, François Lichère, 2022-03-03 Despite the growing scholarly interest in comparative public law there remain relatively few works on the subject Contemporary French Administrative Law aims to redress that imbalance offering English language readers an authoritative introduction to the key features of French administrative law and its institutions The French legal system is among the most well developed and influential in the world and as procedures continually adapt to European and international influences it has never been more worthy of research study and interrogation This book employs a wide range of recent illustrative cases to demonstrate how French administrative law works both in theory and in practice Using a systematic approach and covering everything from judicial review to public contracts this is a highly valuable text for any student or researcher with an interest in French law The book is also available as Open Access [La délégation de compétences des organisations internationales](#) Abdelbasset Ibrahim, 2023-12-14 Afin d analyser le régime juridique de la délégation de compétences des organisations internationales l auteur soulève plusieurs questions clés dans quelles conditions et selon quelles modalités une organisation internationale peut elle déléguer ses compétences un sujet qui lui est extérieur Quels sont les effets d une telle délégation dans les rapports entre l organisation déléguante et son déléguataire mais aussi entre ce dernier et les tiers En cas de violation ventuelle du droit international quel est l impact de la délégation sur la responsabilité internationale de l organisation déléguante Pour répondre ces questions l auteur examine d abord les conditions d établissement de la délégation de compétence avant d aborder l étude de sa mise en œuvre *La contrainte en droit.
