Imagine if there were a method for discovering the secret information that the people you encounter in your day to day life keep hidden from you Would you be intrigued enough to find out more Imagine if you could find out if a person May be lying about something Can t be trusted with money Is more narrow minded than they may at first appear Has a strong work ethic or is likely to be lazy Is reliable Might be cheating on you Suffers from mood swings Is disorganized Keeps their emotions well hidden Would you like to be able to create psychological profiles of colleagues friends acquaintances partners or potential partners to uncover the personality traits they may be hiding from you Imagine if there is a system for doing this which is so simple that even a 10 year old can master Graphology Teach Yourself is The First Book To Simplify Handwriting Analysis So far handwriting analysis graphology has been kept largely hidden from the public and only the government and elite groups could benefit from it Until Now Graphology Teach Yourself covers all the aspects of this fascinating art and breaks it down so simply that even a 10 year old will be able to master it You will be shown step by step how to analyse a person s handwriting and what each variation in handwriting reveals about the person With Graphology Teach Yourself you will Reveal the real nature personality and intentions of the persons who wrote to you Identify traits such as intelligence egocentrism violence selfishness caring and more Identify persons with high and low self esteem Identify persons with high sex drives Get an insight into even the most difficult and reserved persons Identify persons who may be suffering trauma or depression Gain a new understand of your own personality and character Identify conflict and tension in your own handwriting from present and the past And much much more Your friends will be mesmerized by your new expertise and you ll leave them dumbfounded by your ability to see into their personalities You ll be able to do this and more in just a few hours after getting Graphology Teach Yourself SCROLL UP AND CLICK BUY NOW TO GET STARTED      Teach Yourself Astrology Pt.Gopal Sharma & Pracharya Sewa Ram Jaipuria,2006      *Teach Yourself Numerology* Pt.Gopal Sharma & Pracharya Sewa Ram Jaipuria,2006

*Learn Meditation* Pt.Rajnikant Upadhyaya & Pt. Gopal Sharma,2006      *Graphology* Julian Moore, Is it possible to know all about someone just by looking at their handwriting Imagine you could ask anyone to write down two simple words yet you could start telling them what they re like from their handwriting almost immediately even complete strangers You must admit that would be cool How could you know so much with so little information Well with the graphology system outlined in this new graphology book designed to be learned in few days you can be giving interesting yet fun handwriting readings in no time at all Here are some points to consider Can be learned over a weekend Requires only two words to be written down Can be done for two or more people at the same time A great ice breaker or conversation starter Once you ve learned it it s almost impossible to forget Oh and did we mention the FREE AUDIOBOOK We almost forgot not only do you get the book packed with examples exercises and top tips to make learning graphology as painless as possible you also get the 13 part

audiobook thrown in as well FLASH CARDS With the book and audiobook you also get a set of 10 flash cards Print them off onto index cards and stick them in your back pocket so you can have an instant refresher moment while you re still learning the system No need for last minutes nerves a quick look at your flash cards and you can top up your new found knowledge in a jiffy Powerful stuff Seriously knowing this information is powerful everyone is interested in themselves and by using the fun techniques in this unique book you ll find that sometimes you simply haven t got the time to check out everybody s handwriting

REVIEWS I really enjoyed reading your new book and would heartily recommend it It is a great way to learn the art without spending hours ploughing through the many books out there on the subject Richard Osterlind Julian is a wonderful teacher I ve tried learning enough about graphology before to use as an adjunct to my mentalism performances but it never stuck And I quickly became bored With Julian s system once the info is in your head it isn t easily leaving And I found the whole process fun Julian has set this up in a way that you get constant reinforcement for your efforts and just want to keep going Bill Cushman I have finished Julian s book on Graphology and highly recommend it Julian has condensed a large amount of information on graphology into an easily memorized system and provided a presentation that is short sweet and can be done on the back of a business card I like to explain how I am getting my information as I am doing the reading and Julian s system is perfectly suited for this In fact it is so simple to explain that your subject will likely go away believing they have learned something valuable even in the unlikely event that most of your reading doesn t hit the mark so you really cannot lose Anyone that is interested in Graphology should definitely pick up this book John Lumber As a long time graphologist I ve perused Julian s manuscript and can attest that it is exactly as described He s taken some of the real meat of the subject and found a way to explain it clearly and simply AND to do it in a wicked clever mnemonic sort of structure that makes it quite easy to remember And therefore easy to explain to others He s done a lot of hard mental work so that you won t have to Well worth the price tag for those who wish to use it Brane
