Léon Contanseau,1884 **Rudolf Steiner's Pedagogy of Imagination** Thomas William Nielsen,2004 This book investigates the concept and practises of imaginative teaching Since Rudolf Steiner founder of the Waldorf schools wrote extensively on the subject and is renowned for his contributions to education his work is used to develop insights into the nature of imaginative teaching Given the societal changes since Steiner s time however the topic is further developed by examining imaginative teaching in three Steiner primary classrooms using the methodological means of ethnography and phenomenology The insights gained from this undertaking are used to re theorise aspects of Steiner s writings about imagination and holistic education In this study it is argued that imaginative teaching is made up of three modes of pedagogy and seven teaching methods and that these modes
