Sveningsson**

Machiavelli A Life Beyond Ideology:

Machiavelli Paul Oppenheimer, 2011-10-27 A major new scholarly biography of Machiavelli the first for thirty years

Fortune and the Dao Jason P. Blahuta, 2015-04-16 Times of prolonged conflict spur great minds to seek a lasting peace

Thus was the case of Warring States China which saw the rise of the Hundred Schools of Thought including the Daoeijing and the Han Feizi and Renaissance Italy which produced Niccol Machiavelli Witnessing their respective societies fall prey to internal corruption and external aggression all three thinkers sought ways to produce a strong stable state that would allow both the leader and the populace to endure Fortune and the Dao A Comparative Study of Machiavelli the Daodejing and the Han Feizi demonstrates where the shortcomings of each theory lie with emphasis on the similarities among Machiavelli Laozi and Han Feizi Jason P Blahuta ultimately argues that if Machiavelli s philosophy the most comprehensive of the three theories were supplemented by aspects of the Daodejing the revision would potentially overcome the deficiencies of the original *A Reader's Companion to The Prince, Leviathan, and the Second Treatise* John T. Bookman, 2018-12-28

Machiavelli Hobbes and Locke each sought a new foundation for political order This book serves as a reader s companion to Machiavelli s *The Prince* Hobbes s *Leviathan* and Locke s *Second Treatise* written for graduate students and scholars seeking a fuller understanding of these classic texts How do these philosophers respond to perennial questions such as why anyone is ever obligated to obey a government and whether there are any limits to such an obligation In this book Bookman begins by sorting out the hermeneutical controversy between textualists and contextualists offers a chapter by chapter commentary on the texts punctuated by questions for the reader s reflection and finally suggests a firmer foundation for a theory of political obligation than Hobbes s and Locke s consent theories Also included are bibliographical essays keyed to select bibliographies providing readers with a wide ranging critical review of the secondary literature Intended to be read alongside the primary work the work is a full intellectual critical and bibliographical history as well as a fresh examination of three classic texts in political theory and philosophy

The Garments of Court and Palace Philip Bobbitt, 2013-07-09 A serious and thoughtful interpretation of Machiavelli s life and thought and its relevance today from the acclaimed author of *Terror and Consent* The Times London Constitutional scholar Philip Bobbitt turns his expert attention to the life and work of Niccolo Machiavelli the sixteenth century political philosopher whose classic text *The Prince* remains one of the most important and controversial works of political theory ever written In *The Garments of Court and Palace* Bobitt argues that the perception of Machiavelli s *Prince* as a ruthless immoral tyrant stems from mistranslations political agendas and readers who overlooked the philosopher s earlier work *Discourses on Livy* He explains that Machiavelli was instead advocating for rulers to distinguish between their personal ethos and state governance Rather than a mirror book advising rulers *The Prince* prophesied the end of the feudal era and the birth of the neoclassical state Using both Renaissance examples and cases drawn from the current era Bobbitt shows Machiavelli s work is both profoundly moral and inherently constitutional a turning point in our understanding of the

relation between war law and the state **Machiavelliana** Michael Jackson, Damian Grace, 2018-06-05 In *Machiavelliana* Michael Jackson and Damian Grace offer a comprehensive study of the uses and abuses of Niccol Machiavelli's name in society generally and in academic fields distant from his intellectual origins. It assesses the appropriation of Machiavelli in didactic works in management, social psychology and primatology, scholarly texts in leaderships studies as well as novels, plays, commercial enterprises, television dramas, operas, rap music. Mach IV scales children's books and more. The book audits surveys, examines and evaluates this *Machiavelliana* against wider claims about Machiavelli. It explains the origins of Machiavelli's reputation and the spread of his fame as the foundation for the many uses and misuses of his name. They conclude by redressing the most persistent distortions of Machiavelli.

Occult Imperium Christian Giudice, 2022 Christian Giudice's *Occult Imperium* explores Italian national forms of occultism, chiefly analyzing Arturo Reghini 1878-1946, his copious writings and Roman Traditionalism. Using Reghini's articles, books and letters as a guide, Giudice explores the interaction between Occultism, Traditionalism and different facets of modernity in early twentieth century Italy. The book takes into consideration many factors particular to the Italian peninsula: the ties with avant garde movements such as the Florentine Scapigliatura and Futurism; the occult vogues typical to Italy; the rise to power of Benito Mussolini and Fascism; and lastly the power of the Holy See over different expressions of spirituality.

Simone Weil, Beyond Ideology? Sophie Bourgault, Julie Daigle, 2020-12-16 In the last decade, interest in the writings of French philosopher Simone Weil 1909-1943 has surged. Weil is admired for her militant syndicalism, her factory experience and participation in the French resistance, but it is above all the eclectic and rich character of her work that has increasingly attracted scholarly attention. Weil reflected on subjects as diverse as quantum physics, Greek tragedy, bankruptcy, colonialism, technology, education and religious metaphysics, but perhaps most interesting is the way that her work seems to defy any clear ideological labelling. Marxist, anarchist, liberal, conservative and republican all seem to fall short in describing the complexity of Weil's thinking. Adding to the interpretive difficulty is the fact that Weil often expressed biting criticisms of most things political. What this edited volume argues is that it is precisely Weil's unclassifiable nature combined with her sharp and sometimes ambivalent criticisms of politics that make her work a most timely and fascinating object of study for contemporary political philosophy. It proposes a two-pronged approach to her thought: first via a series of conversations set up between Weil and key authors in modern and contemporary political theory (e.g. Sandel, Rawls, Ahmed, Agamben, Orwell) and secondly via a close study of Weil's reflections on various ideologies. The goal of this book is not to position Simone Weil squarely within a single ideological tradition but rather to propose that her thought might allow us to critically engage with various ideologies in the history of political ideas.

Reformations Carlos M. N. Eire, 2016-06-28 This fast-paced survey of Western civilization's transition from the Middle Ages to modernity brings that tumultuous period vividly to life. Carlos Eire, popular professor and gifted writer, chronicles the two hundred year era of the Renaissance and Reformation with particular attention to issues that

persist as concerns in the present day Eire connects the Protestant and Catholic Reformations in new and profound ways and he demonstrates convincingly that this crucial turning point in history not only affected people long gone but continues to shape our world and define who we are today The book focuses on the vast changes that took place in Western civilization between 1450 and 1650 from Gutenberg's printing press and the subsequent revolution in the spread of ideas to the close of the Thirty Years War Eire devotes equal attention to the various Protestant traditions and churches as well as to Catholicism skepticism and secularism and he takes into account the expansion of European culture and religion into other lands particularly the Americas and Asia He also underscores how changes in religion transformed the Western secular world A book created with students and nonspecialists in mind Reformations is an inspiring provocative volume for any reader who is curious about the role of ideas and beliefs in history

The Final Keystone John Kevin Crowley, 2021-03-04 The Final Keystone By John Kevin Crowley Every case in the history of Jurisprudence involves three things Trust Betrayal and Accountability Through his education studies and observations and experiences author John Kevin Crowley has learned the interconnection of history law philosophy and religion with the human condition How that relationship has played out in human history leading to present day is a focus of The Final Keystone This treatise is the story of us and the source of the lessons left unlearned It is a reminder of what does not work and how what does work must be ever vigilantly guarded

The Prince Niccolò Machiavelli, 2024-02-15 Provocative brutally honest and timeless Machiavelli's The Prince is one of the most important and most misunderstood writings in history In it Machiavelli lays bare the reality behind politics as it has always been practiced teaching leaders to avoid the errors and failings of others while also educating those outside of government about what goes on inside the halls of power This edition offers a new and lively translation of The Prince written in fluid modern English that is impressively accurate to the original source It also includes extensive selections from the Discourses on Livy together with a range of Machiavelli's other works such as his poetry his personal correspondence and the Florentine Histories The supplemental readings engaging original introduction and thorough annotations provided in this edition show the relevance of The Prince to a wide range of themes human nature the philosophy of history and the existential question all rulers face how to survive in a world that is largely outside of one's control

Cesare and Lucrezia Borgia Samantha Morris, 2020-12-28 This myth busting biography reveals the fascinating true lives of Renaissance Italy's most infamous brother and sister Salacious rumors have shrouded the Borgia family for centuries In particular tales of murder and incest have stuck to the names of Cesare and Lucrezia But in this enlightening biography Samantha Morris separates fact from fiction presenting these two fascinating individuals from their early lives through their years at the Vatican and their untimely deaths Morris begins her narrative in the bustling metropolis of Rome where the siblings were caught up in the dynastic plans of their father Pope Alexander VI Though they were not the villains depicted in popular media their intertwined lives were full of ambition intrigue and danger Drawing on both primary and secondary sources Morris

follows Cesare through his cardinalship and military career and Lucrezia through her multiple arranged marriages and her rule over Spoleto **Poetry and Freedom: Discoveries in Aesthetics, 1985** 2018 Paul Oppenheimer, 2020-03-31 This book offers a ground breaking exploration of the aesthetics of poetic freedom The range is broad from antiquity to the present and from Europe and the Middle East into the poetry of the English speaking world Revealing questions about the elusiveness of poetic freedom what does the term actually mean are repeatedly tested against the accomplishments of major poets such as Whitman Dickinson Rilke Dante and Virgil and their public yet intensely private originality The result is a fresh and well nigh revolutionary way of seeing literary and modern history or an initiation into the more striking gift of aesthetic freedom

Radical Innovators Anton Blok, 2017-05-23 In this book leading cultural anthropologist Anton Blok sheds new light on the lives and achievements of pioneers who revolutionized science and art over the past five centuries demonstrating that adversity rather than talent alone was crucial to their success Through a collective biography of some ninety radical innovators including Erasmus Spinoza Newton Bach Sade Darwin Melville Mendel C zanne Curie Br ncusi Einstein Wittgenstein Keynes and Goodall Blok shows how a significant proportion in fact benefited from social exclusion Beethoven s increasing deafness isolated him from his friends creating more time for composing and experimenting while Darwin s chronic illness gave him an excuse to avoid social gatherings and get on with his work Adversity took various forms including illegitimate birth early parental loss conflict with parents bankruptcy chronic illness physical deficiencies neurological and genetic disorders minority status peripheral origins poverty exile and detention Blok argues however that all these misfortunes had the same effect alienation from mainstream society As outsiders innovators could question conventional beliefs and practices With little to lose they could take chances and exploit opportunities With governments universities and industry all emphasizing the importance of investing in innovation typically understood to mean planned and focussed research teams this book runs counter to conventional wisdom For far more often radical innovation in science and art is entirely unscripted resulting from trial and error by individuals ready to take risks fail and start again **Machiavelli to Marx** Dante Germino, 1979-04-15 Germino examines the scholars of this period whose works he feels have made significant new approaches to the critical understanding of our world and consequently to the problems of our time He discusses utilitarianism lieberalism scientism and messianic nationalism Back cover **The Literary Review** , 2012 *Theory and Politics / Theorie und Politik* Carl Joachim Friedrich, 2012-12-06 Die Soziologie wissenschaftlichen Ruhms ist weitgehend unerforscht Ein Versuch ihn mit behavioristischen Methoden f r die Politikwissenschaft zu analysieren den Somit und Tanenhaus unternahmen z hlt zu den Faktoren die wissenschaftlichen Ruhm bedingen originelle Ideen Beitr ge zur Systematisierung Anregung wissenschaftlicher Forschung Publikation vielge brauchter Lehrb cher und organisatorische F higkeiten Carl Joachim Friedrich wurde bei dieser Analyse obwohl ihr gelegentlich ein behaviori stisches bias nachgesagt wurde von einem grossen Prozentsatz der inter viewten Politikwissenschaftler sehr h ufig zu den bedeutendsten Gelehrten

seines Faches gez hlt Einmalig war die Dauer der wissenschaftlichen Hoch sch tzung die er in einer Zeit einer immer kurzlebiger werdenden wissen schaftlichen Reputation genoss Friedrich war neben Lasswell einer der wenigen die sowohl vor 1945 als auch nach 1945 unter den 15 bedeutendsten Politikwissenschaftlern genannt wurden Es wird schwer sein unter den f nf Voraussetzungen wissenschaftlicher Reputation einen einzelnen Grund f r die Bedeutung C J Friedrichs herauszustellen Neue Ideen entwickelte Friedrich so umstritten manche vor allem in der Totalitarismusforschung gewesen sein m gen besonders in der Erfor schung des Konstitutionalismus des F deralismus und des Totalitarismus Seine bekanntesten Beitr ge zur Systematisierung der Forschungsergebnisse sind die Werke *Constitutional Government and Democracy* 1937 ff und *Man and His Government* 1963

Renaissance and Revolution Joseph Anthony Mazzeo, 2019-07-02 Originally published in 1967 this book discusses some key writers of the Renaissance Machiavelli Castiglione Bacon and Hobbes and compares their work by relating it that of others in England and elsewhere Chapters on Bacon contain references to Galileo and Descartes the chapter on Castiglione also touches on Montaigne The book also contrasts various currents of thought in the Renaissance with their medieval counterparts or forerunners The volume isolates the great themes or revolutionary shifts in as they manifest themselves in the work of important writers and thinkers

Reflexive Leadership Mats Alvesson, Martin Blom, Stefan Sveningsson, 2016-11-24 Making a case for a reflexive approach to leadership the authors draw upon decades of carrying out in depth studies of professionals trying to do leadership Through interviews with managers and their subordinates getting a good understanding of organizational context and critically interpreting their observations considering both leadership theories and a wealth of other perspectives their celebration of reflexivity is used to question dominant leadership thinking Considering and challenging various departures from lines of reasoning results in a book that draws upon rich empirical material and which has a number of new provocative critical and constructive ideas that help to develop sharper and more thoughtful thinking and practice both in academic and practical contexts Suitable for leadership and organisation courses at upper level undergraduate and upwards including MBA classes and Executive Education and a thought provoking read for practitioners and management development professionals interested in leadership thought

Theory and Politics / Theorie und Politik K. von Beyme, 2012-12-06 Die Soziologie wissenschaftlichen Ruhms ist weitgehend unerforscht Ein Versuch ihn mit behavioristischen Methoden ffr die Politikwissenschaft zu analysieren den Somit und Tanenhaus unternahmen ziihlt zu den Faktoren die wissenschaftlichen Ruhm bedingen originelle Ideen Beitriige zur Syste matisierung Anregung wissenschaftlicher Forschung Publikation vielge brauchter Lehrbficher und organisatorische Fiigkeiten Carl Joachim Friedrich wurde bei dieser Analyse obwohl ihr gelegentlich ein behaviori stisches bias nachgesagt wurde von einem grossen Prozentsatz der inter viewten Politikwissenschaftler sehr hiiufig zu den bedeutendsten Gelehrten seines Faches geziihlt Einmalig war die Dauer der wissenschaftlichen Hoch schiitzung die er in einer Zeit einer immer kurzlebiger werdenden wissen schaftlichen Reputation

genoss Friedrich war neben Lasswell einer der wenigen die sowohl vor 1945 als auch nach 1945 unter den 15 bedeutendsten 1 Politikwissenschaftlern genannt wurden Es wird schwer sein unter den fünf Voraussetzungen wissenschaftlicher Reputation einen einzelnen Grund für die Bedeutung C J Friedrichs herauszustellen Neue Ideen entwickelte Friedrich so umstritten manche vor allem in der Totalitarismusforschung gewesen sein mögen besonders in der Erforschung des Konstitutionalismus des Föderalismus und des Totalitarismus Seine bekanntesten Beiträge zur Systematisierung der Forschungsergebnisse sind die Werke Constitutional Government and Democracy 1937 und Man and His Government 1963

Machiavelli ,2023-07-10

Eventually, you will no question discover a supplementary experience and capability by spending more cash. still when? do you assume that you require to get those all needs like having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will lead you to understand even more regarding the globe, experience, some places, past history, amusement, and a lot more?

It is your enormously own mature to show reviewing habit. among guides you could enjoy now is **Machiavelli A Life Beyond Ideology** below.
