Wharton,2017-01-07 Edith Wharton's *Madame de Treymes* is a remarkable example of the form. It is the story of the tactical defeat but moral victory of an honest and upstanding American in his struggle to win a wife from a tightly united but feudally minded French aristocratic family. He loses but they cheat. In a masterpiece of brevity, Wharton dramatizes the contrast between the two opposing forces: the simple and proper old brownstone New York low in style but high in principle and the achingly beautiful but decadent Saint Germain district of Paris. Edith Wharton, born Edith Newbold Jones, January 24, 1862–August 11, 1937, was a Pulitzer Prize-winning American novelist, short story writer, and designer. She was nominated for the Nobel Prize in Literature in 1927, 1928, and 1930. Wharton combined her insider's view of America's privileged classes with a brilliant natural wit to write humorous, incisive novels and short stories of social and psychological insight. She was well acquainted with many of her era's other literary and public figures, including Theodore Roosevelt.

In a masterpiece of brevity, Wharton dramatizes the contrast between the two opposing forces: the simple and proper old brownstone New York low in style but high in principle and the achingly beautiful but decadent Saint Germain district of Paris. Plot: Fanny de Malrive, an American living in Paris, is trapped in a loveless marriage. She wants nothing more than to divorce her estranged husband and marry her childhood friend John Durham. But even if her husband could overcome his conservative religious family and culture to acquiesce, she fears losing custody of their son. In hopes of finding a solution, Durham meets with Fanny's sister-in-law, the enigmatic Madame de Treymes, who suggests that she might be willing to appeal to her brother on his behalf if that is he will help settle her illicit lover's gambling debts. Such a proposition surely won't have a catch.

Madame de Treymes by Edith Wharton Edith Wharton, 2021-08-27 John Durham while he waited for Madame de Malrive to draw on her gloves stood in the hotel doorway looking out across the Rue de Rivoli at the afternoon brightness of the Tuileries gardens His European visits were infrequent enough to have kept unimpaired the freshness of his eye and he was always struck anew by the vast and consummately ordered spectacle of Paris by its look of having been boldly and deliberately planned as a background for the enjoyment of life instead of being forced into grudging concessions to the festive instincts or barricading itself against them in unenlightened ugliness like his own lamentable New York But to day if the scene had never presented itself more alluringly in that moist spring bloom between showers when the horse chestnuts dome themselves in unreal green against a gauzy sky and the very dust of the pavement seems the fragrance of lilac made visible to day for the first time the sense of a personal stake in it all of having to reckon individually with its effects and influences kept Durham from an unrestrained yielding to the spell Paris might still be to the unimplicated it doubtless still was the most beautiful city in the world but whether it were the most lovable or the most detestable depended for him in the last analysis on the buttoning of the white glove over which Fanny de Malrive still lingered
