Made-to-Order Wife Judith McWilliams,2014-06-15 Making a billion dollars was something Max Sheridan could do with one hand tied behind his back But learning which fork to use When to open a door Those were skills he needed in order to win a high society wife For that he needed Jessie Martinelli etiquette coach to the nouveau riche But lately having the all business beauty on his arm at cocktail parties and candlelight dinners had him confused Did he really want to marry for social status and not for love Then there was that stolen kiss that made him think he could teach this skittish Miss Manners a thing or two about passion *MADE-TO-ORDER WIFE* Judith McWilliams,Miho Tomoi,2008-01-01 JACKSON'S

Doctor Faustus Made into a Farce Christopher Marlowe,William Mountfort,2021-04-25 The collection *The Life and Death of Doctor Faustus Made into a Farce* offers a unique reimagining of Marlowe s magnum opus deftly transforming the tragic tale of ambition and consequence into a kaleidoscope of farcical interpretations This anthology captures an array of literary styles ranging from dark humor to satirical commentary invoking both laughter and reflection The works within traverse a spectrum of tones and moods magnifying the universality and timelessness of Faustus s narrative while also shining a light on the absurdities of human ambition and folly The diverse reconstruction of Marlowe s classic brings forth new unexpected dimensions and discussions regarding the oft repeated motifs of hubris and redemption Featuring contributions from eminent writers like Christopher Marlowe and William Mountfort the anthology serves as a fascinating intersection between two distinct literary periods the Elizabethan era and the Restoration period The juxtaposition of Marlowe s profound

influence on early English drama with Mountfort's Restoration theatrical innovations allows readers to appreciate how the themes of ambition and existential reckoning transcend time and context. This curated dialogue among the authors becomes a rich tapestry reflecting the perpetual human fascination with power and immortality. This anthology is an invaluable resource for readers seeking to immerse themselves in the wit and wisdom of two pivotal literary figures. Perfect for both casual readers and scholars, it offers a multifaceted exploration of timeless themes through its eclectic contributions. The collection not only educates through its profound insights but also fosters an engaging dialogue encouraging readers to explore history's echo in contemporary life. By diving into these contrasting yet complementary pieces, one uncovers a treasure trove of truths underlying the human condition rendered through the farcical lens of some of history's richest voices.

Stock Pieces: British Repertory Theatre, 1760-1830 Susan Valladares, 2024-12-26

What do we gain from watching a familiar play for the nth time? This was a crucial question for Romantic period theatre managers who to deliver varied programmes relied on a repertoire of stock entertainments performed in alternation with the latest plays. Repertory theatre was not new to the Romantic period but it took on additional purchase at a time when the playhouse was not simply a site for entertainment but a government-controlled cultural institution and business subject to sometimes extreme financial, political and ideological pressures. Through an innovative selection of case studies drawn from deep archival research, *Stock Pieces* juxtaposes canonical with otherwise forgotten entertainments, unites the period's professional and amateur dramatic cultures and spans British metropolitan, provincial and imperial geographies. The picture that emerges is fresh and compelling. *Stock Pieces* sheds light on the mechanics of stock piece status, the Romantic afterlives of Shakespeare's near contemporaries whose popular appeal declined as his increased, and the work of various agents from pantomime arrangers to enslaved performers in Jamaica who contested the repertoire's received aesthetic and cultural values. It also explores the extent to which investments in the abolitionist cause were remediated by stock pieces that revived and reenacted the spectral violence of slavery and the slave trade for various purposes. *Stock Pieces* showcases how the Romantic period dramatic repertoire could be mobilised to signify social and political practices that operated outside the theatrical institution, crossed national borders and dared to effect real change.
