Grandparenting A Child With Special Needs:

Grandparenting Children with Disabilities Madonna Harrington Meyer, Ynesse Abdul-Malak, 2020-08-29 Childhood disabilities particularly cognitive disabilities are on the rise yet social programs and services to help US families respond to disabilities are not Many families turn to grandparents for assistance juggling work family responsibilities and specialized therapies This book is based on in depth interviews with grandparents who are providing at least some care to grandchildren with disabilities The analyses will help to better understand 1 under what conditions grandparents provide care and support 2 what types and intensities of care and support grandparents provide and 3 the impact of that care and support on grandparents social emotional physical and financial wellbeing In this fascinating and provocative book Madonna Harrington Meyer and Ynesse Abdul Malak take readers on a deep dive into the complex lives of grandparents who care for their disabled grandchildren In *Grandparenting Children with Disabilities* their interviews reveal the joy meaning and purpose grandparents find in caregiving the challenges and frustrations they encounter and the many ways they compromise their own health and well being for the sake of their grandchildren Drawing from theories of cumulative inequality and from their deep knowledge of the US policy context the authors lay bare the systemic failures that leave families of children with disabilities without adequate support and that place the most vulnerable among them at grave physical emotional and financial risk Jane McLeod Provost Professor Indiana University Grandparents in the U S already take on far more parenting responsibilities as compared to their peers in other countries *Grandparenting Children with Disabilities* demonstrates that the intensity of these responsibilities is compounded for those whose grandchildren have disabilities given limited policy supports and a society still largely unaccommodating to those with disabilities This book beautifully navigates the tension between the love these grandparents have for their grandchildren and the challenges they face caring for them Pamela Herd Professor Georgetown University *Grandparenting Children with Disabilities* offers important insights about the lived experience of older adults who care for and care about their grandchildren The authors skillfully integrate the stories they tell with consideration of macro social structural influences and life course perspectives I recommend it highly Eva Kahana Distinguished University Professor Case Western Reserve *Grandparenting a Child with Special Needs* Charlotte Thompson, 2009-04-15 This book provides guidance on how to grandparent a child with special needs and give parents the added support they need From coming to terms with a diagnosis to helping with the transition from adolescence to adulthood the book gives clear advice on grandparenting a child with special needs throughout their life **Grandparents of Children with Disabilities** Liora Findler, Orit Taubman - Ben-Ari, 2016-09-27 This briefs offers a comprehensive view of the journey of grandparents of children with disabilities by employing a wide range of theoretical approaches such as intergenerational relationships positive psychology psychoanalytic views and models of stress It presents a multidimensional view of grandparents which begins with the general role of grandparents in the family and the transition to grandparenthood

as a major life event The briefs moves on to discuss grandparents roles under unique circumstances such as illness or disability in the family and then deals with perspectives of parents of children with disabilities on the role of grandparents Finally it reviews attitudes of professionals toward grandparents and concludes with suggested intervention strategies for working with families on intergenerational relationships

Grandparents as Carers of Children with Disabilities Phillip McCallion,Matthew Janicki,2014-03-18 Older adults caring for developmentally disabled children have special needs Are you and your agency doing all you can to help Grandparents as Carers of Children with Disabilities Facing the Challenges provides the first comprehensive picture of grandparents caring for children with developmental disabilities and their related requirements Here you ll find information on the mental and physical health of these caregivers highlighting their unique needs and the roles that agencies and advocates need to play in order to meet them This unique volume will assist practitioners administrators and policymakers in including the needs of this group into planning and service delivery efforts Grandparents as Carers of Children with Disabilities Facing the Challenges takes an incisive look at characteristics of these carers and the children they care for children in kinship care and their special needs the effect of kinship foster care on caregiving grandmothers the approach of Latino grandparents to bringing up children with special needs the service needs and provision issues of grandparent carers In this book here is some of what you ll find data from a school based comprehensive multigenerational program in East Harlem New York City which explores environmental stressors associated with children coming into kinship care discussing the impact on grandparent caregivers with a focus on health status and access to care correlates of self reported depressive symptoms among urban Latino grandparent caregivers a survey of grandparents mostly African American mostly female caring for children with developmental disabilities in New York City that focuses on health status emotional state use of formal and informal services and general life situation helpful charts and tables that put the facts at your fingertips a demonstration project that used an intervention model to determine how a three pronged approach using outreach support groups and case management could be used to aid grandparents caring for children with developmental delay or disabilities and much more As editors McCallion and Janicki point out Primary childcare is rapidly becoming a normative experience of grandparenting Grandparent primary care is found among all ethnic groups and across all socioeconomic levels of society Concern over preserving the family often causes grandparents to assume responsibility in spite of their limited financial means or own health conditions Grandparents as Carers of Children with Disabilities will enable you to provide these courageous loving people with the help they need to do this extraordinarily difficult and often thankless job

Children with Special Needs Ulrika Hallberg,Gunilla Klingberg,2023-03-31 There can be a lack of understanding of the vulnerable situation of children with disabilities and their families even among professional caregivers whose mission is to protect the health and wellbeing of these children Their respectful treatment should include knowledge empathy humanity and an open and sympathetic dialogue This book provides an overview of knowledge and

literature review of children and adolescents with special care needs that contribute to the respect and understanding of children with disabilities and their families It also explains possible reasons for different outcomes in research studies and why there is a lack of knowledge in some areas concerning these children Research on children with disabilities is considerable but often can be difficult to access on many levels which means it does not always benefit those who need this knowledge This compact book addresses this by presenting the international research in the field in an understandable way for people who work with children with disabilities and their families The authors provide a broad picture of the background reality of life opportunities for professional help and support as well as outlook of these children and families Among the topics covered The Health and Well being of Children with Disabilities The Health and Well being of Relatives Occupation On the Road to Adulthood Children with Special Needs An Overview of Knowledge on Disability is pertinent reading for students in all areas of health care including nursing and psychology social work sociology and education aimed at children and young people The text also would be of interest to those who practice in these areas and or encounter children with disabilities in their daily work
