Watkins, 2017-02-16 Preaching is dramatic Through it we hear the voice of the living God as he speaks to us both through the reading and the preaching of the word of God But where do the hearers of sermons fit into the drama This book suggests ways in which the drama metaphor may help to address age old questions about the centrality of the gospel and the place of the hearer in preaching As God in Christ is the central character in the biblical drama of redemption he also calls hearers to understand their role in creatively yet faithfully living according to the biblical script Thus no sermon is complete until God s redemptive work is powerfully proclaimed and his people are instructed in how they too are participating in the Missio Dei In this work Hebrews 11 is employed as a means of showing how God not only reveals his redemptive work to his people but also through them As

postmodernism sets the stage of contemporary preaching The Drama of Preaching interacts with some of the particular challenges preachers face in engaging postmodern listeners that they might not only be hearers but doers of the preached word

The Routledge Introduction to Native American Literature Drew Lopez, 2020-07-22 This Introduction makes available for both student instructor and aficionado a refined set of tools for decolonizing our approaches prior to entering the unfamiliar landscape of Native American literatures This book will introduce indigenous perspectives and traditions as articulated by indigenous authors whose voices have been a vital if often overlooked component of the American dialogue for more than 400 years Paramount to this consideration of Native centered reading is the understanding that literature was not something bestowed upon Native peoples by the settler culture either through benevolent interventions or violent programs of forced assimilation Native literature precedes colonization and Native stories and traditions have their roots in both the precolonized and the decolonizing worlds As this far reaching survey of Native literary contributions will demonstrate almost without fail when indigenous writers elected to enter into the world of western letters they did so with the intention of maintaining indigenous culture and community Writing was and always remains a strategy for survival
