Women's War Stories Michelle Hartman, Malek Abisaab,2022-09-09 Women have consistently been left out of the official writing of Lebanese history and nowhere is this more obvious than in writing on the Lebanese Civil War As more and more histories of the war begin to circulate few include any in depth discussion of the multiple roles women played in wartime Lebanon Fewer still address the essential issues of women s work and their creative production such as literature performance art and filmmaking Developed out of a larger oral history project collecting and archiving the ways in which women narrated their experiences of the Lebanese Civil War this book focuses on a wide range of subjects all framed as women telling their war stories Each of the six chapters centers on women who worked or created art during the war revealing in their own words the challenges struggles and resistance they faced during this tumultuous period of Lebanese history

Women's Diaries from the Civil War South Sharon Talley,2023-08-18 Traditionally narratives of war have been male Sharon Talley writes In the pages that follow she goes on to disrupt this tradition offering close readings and comparative studies of fourteen women s diaries from the Civil War era that illuminate women s experiences in the Confederacy during the war While other works highlighting individual diaries exist and Talley notes that there has been a virtual explosion of published primary sources by women in recent years this is the

first effort of comprehensive synthesis of women's Civil War diaries to attempt to characterize them as a distinct genre. Deeply informed by autobiographical theory as well as literary and social history, Talley's presentation of multiple diaries from women of differing backgrounds illuminates complexities and disparities across female wartime experiences rather than perpetuating overgeneralizations gleaned from a single diary or preconceived ideas about what these diaries contain. To facilitate this comparative approach, Talley divides her study into six sections that are organized by location, vocation, and purpose: diaries of elite planter women; diaries of women on the Texas frontier; diaries of women on the Confederate border; diaries of espionage by women in the South; diaries of women nurses near the battlefield; and diaries of women missionaries in the Port Royal Experiment. When read together, these writings illustrate that the female experience in the Civil War South was not one but many. *Women's Diaries from the Civil War South: A Literary Historical Reading* is an essential text for scholars in women's studies, autobiography studies, and Civil War studies alike, presenting an in-depth and multifaceted look at how the Civil War reshaped women's lives in the South and how their diverse responses shaped the course of the war in return.

Sarah Emma Edmonds Was a Great Pretender Carrie Jones, 2011-04-01 Sarah Emma Edmonds started pretending at a very early age. Her father only wanted sons, so Sarah pretended to be one. Unlike most kids, though, Sarah never really stopped pretending. In 1861, during the U.S. Civil War, Sarah pretended her way into the Union Army, becoming a male nurse named Frank Thompson. Being a nurse didn't quite satisfy Frank, though. She wanted to keep her fellow soldiers from getting hurt. So when the Union Army needed a spy, she leapt at the chance. While still pretending to be Frank, Sarah also pretended to be a male African American slave, a female Irish peddler, and a female African American laundress. She slipped behind enemy lines, time after time, spied on the Confederate Army, and brought back valuable intelligence to the Union. Sarah was not only good at pretending, she was also very brave. Later in life, Sarah Emma Edmonds wrote a book to tell her story. She explained, "I am naturally fond of adventure, a little ambitious, and a good deal romantic. She was also truly a great pretender."

Keating, 2017-11-01 This edited collection of Civil War correspondence between Col Thomas Cahill and his wife Margaret offers a rare glimpse into the symbiotic relationship between soldiers and their home communities In the only substantial extant collection of letters from an Irish American woman on the northern home front Margaret's pivotal role as a go-between in the financial affairs of men in the regiment and their wives is made evident as is the broader interplay between the community of New Haven Connecticut and the regiment The couple's correspondence was nearly constant in their four years apart There is an inherent intimacy in the way that daily life during the Civil War is documented and in particular in the gradual revelation of the emotional toll taken by a long distance relationship Because the volume includes letters from both Cahill and his wife the interplay between the regiment and the home front is traced in a way most collections are not able to achieve This lively correspondence provides a great introduction to primary source reading for students of the Civil War home front These teaching opportunities will be supplemented by a companion website that features more correspondence maps and additional learning materials

The Great Abolitionist

Stephen Puleo,2024-04-23 The groundbreaking biography of a forgotten civil rights hero In the tempestuous mid 19th century as slavery consumed Congressional debate and America careened toward civil war and split apart when the very future of the nation hung in the balance Charles Sumner s voice rang strongest bravest and most unwavering Where others preached compromise and moderation he denounced slavery s evils to all who would listen and demanded that it be wiped
