The Cappadocian Mothers Carla D. Sunberg,2018-01-01 The Cappadocian Fathers had great influence on the church of the fourth century having brought their passion for Christ and

theological expertise to life in their ministry Their work was not devoid of influence including that of their immediate family members Within their writings we uncover the lives of seven women the Cappadocian Mothers who may have had more influence on the theology of the church than previously believed As the Cappadocians wrestle with the Christianization of the concept of deification we find the women in their lives becoming models for their theological understanding The lives of the women become points of intersection in the kenosis theosis parabola Not only are the Cappadocian Mothers uncovered in the texts but they become models of an optimistic theology of restoration for all of humanity without constraint of gender

Tradition and the Rule of Faith in the Early Church

Alexander Y. Hwang, 2010 The meaning of tradition is broad It can refer to the deposit of faith or the Apostolic Tradition to Scripture as the most perfect expression of what is handed over from Christ or to the disciplinary and liturgical practices of the Church It can also refer more broadly to those theological and doctrinal teachings inherited by one generation of ecclesiastical writers and passed on to another generation of theological heirs The Fathers themselves were always acutely aware of the traditions they stood within and especially of their relation to the Apostolic Tradition Tradition and the rule of faith are particularly apt themes for this collection of studies The essays are written in honor of Joseph T Lienhard S J renowned American patristic scholar whose research and writings have focused on this particular theme The volume brings together some of the most prominent scholars from the U S and abroad specializing in different areas of patristic studies to

address tradition and the rule of faith ABOUT THE EDITORS Ronnie J Rombs is assistant professor of theology at the University of Dallas He is the author of *St Augustine and the Fall of the Soul* and coeditor of *Exodus Leviticus Numbers and Deuteronomy* Alexander Y Hwang is assistant professor of historical theology at Louisville Presbyterian Theological Seminary and author of *Intrepid Lover of Perfect Grace The Life and Thought of Prosper of Aquitaine* CONTRIBUTORS Jonathan J Armstrong D Jeffrey Bingham J Patout Burns Brian E Daley S J Everett Ferguson Alexander Y Hwang Joseph F Kelly Thomas F Martin O S A Sara Parvis Ronnie J Rombs Thomas Scheck A Edward Siecienski Kelley McCarthy Spoerl Kenneth B Steinhäuser Roland J Teske S J Frederick Van Fleteren **Orthodox Christian Perspectives on War** Perry T.

Elliott, 2017-09-20 In the Sermon on the Mount Jesus of

Nazareth makes reference to one of the oldest beliefs in the ancient world the malignity of an Evil Eye The Holy Scriptures in their original languages contain no less than twenty four references to the Evil Eye although this is obscured by most modern Bible translations John H Elliott's *Beware the Evil Eye* describes this belief and associated practices its history its voluminous appearances in ancient cultures and the extensive research devoted to it over the centuries in order to unravel this enigma for readers who have never heard of the Evil Eye and its presence in the Bible The four volumes cover the ancient world from Sumer to the Middle Ages *A Joyful Noise: Praying the Psalms with the Early Church* Mike Aquilina, 2017 We hear often

that the word of God is living and effective Heb 4 12 But what does that really mean for our day to day lives A Joyful Noise reveals how the Psalms sung by everyone from King David to Jesus to the Early Church Fathers to your church choir are deeply rich and meaningful for our lives today Author Mike Aquilina shows how to change the racket of modern life to turn from noise that distracts us toward the Psalms those ancient songs that ring with eternal truths to this very day Each of the thirty five Psalms found within are paired with easy to read modern translations of meditations from the Fathers of the Church The text includes questions to help reflect on the Psalms and apply these meditations to everyday life Mike Aquilina invites you to participate more fully in a tradition as old as the People of God to turn from the clamor of life to make a joyful noise to the Lord *On the Tree of the Cross* Matthew Baker, Seraphim Danckaert, Nicholas Marinides, 2020-04-10 Thou hast redeemed us from the curse of the Law by Thy precious Blood By being nailed to the Cross and pierced with the Spear Thou hast poured immortality on mankind O our Saviour glory to Thee Troparion for Holy Friday Atonement is a contested but inescapable term in contemporary English language theological discussion The doctrine of atonement has received little attention in Orthodox Christian circles since the work of Fr Georges Florovsky who labored to clarify and promulgate the Orthodox teaching on atonement on the basis of his theological leitmotifs of neo patristic synthesis and encounter with the West Florovsky saw the doctrine of the person of Christ as the key to apprehending the pattern and the unity of God s redemptive work Hence he always sought to follow the Church Fathers in weaving together the themes of creation and fall incarnation and atonement deification and redemption liturgy and asceticism in the variegated yet seamless robe of true theology The present volume is inspired by Florovsky s legacy It is composed of two parts The first is a collections of papers on atonement by contemporary theologians from a patristic symposium in honor of Florovsky held at Princeton Theological Seminary and Princeton University in 2011 The second part is a collection of writings on atonement by Florovsky himself including previously unpublished manuscripts and other works otherwise hard to access This book offers incisive and informed neo patristic voices to any contemporary discussion of atonement thus responding to the perennial legacy and task to which Fr Georges Florovsky exhorted Orthodox theological reflection *On Classical Trinitarianism* Matthew Barrett, 2024-10-01 Motivated by the longstanding need to retrieve the classical doctrine of the Trinity theologian Matthew Barrett brings together over forty Protestant Roman Catholic and Eastern Orthodox scholars in one ecumenical volume demonstrating that Nicene orthodoxy can endure in the modern world and unite the church catholic **Art, Craft, and Theology in Fourth-Century Christian Authors** Morwenna Ludlow, 2020-09-29 Ancient authors commonly compared writing with painting The sculpting of the soul was also a common philosophical theme Art Craft and Theology in Fourth Century Christian Authors takes its starting point from such figures to recover a sense of ancient authorship as craft The ancient concept of craft ars techne spans high or fine art and practical or applied arts It unites the beautiful and the useful It includes both skills or practices like medicine and music and productive arts like painting sculpting and the composition of

texts By using craft as a guiding concept for understanding fourth Christian authorship this book recovers a sense of them engaged in a shared practice which is both beautiful and theologically useful which shapes souls but which is also engaged in the production of texts It focuses on Greek writers especially the Cappadocians Basil of Caesarea Gregory of Nazianzus and Gregory of Nysa and John Chrysostom all of whom were trained in rhetoric Through a detailed examination of their use of two particular literary techniques ekphrasis and pros popoeia it shows how they adapt and experiment with them in order to make theological arguments and in order to evoke a response from their readership *Christology in Early Christianity* Brian E. Daley, 2025-01-16 A leading historical theologian surveys the early Church's thinking about Christ Brian E Daley SJ is a renowned and prolific historical theologian His research has been published in a wide range of academic journals and edited collections this volume brings several of his numerous studies of patristic Christology together for the first time The sixteen essays in this collection explore the Christology of the early Church with attention to narrative overviews the Cappadocians Augustine and Chalcedon with its legacies consideration is also given to Christology within the contexts of early philosophical and apocalyptic traditions This unique collection is an important resource for theological libraries and scholars interested in the early Church's thinking about Christ *Religious Experience of the Pneuma* Clint Tibbs, 2012-04-26 This book explores the Christian religious experience of the pneuma given in 1 Corinthians 12 and 14 The experience Paul mentions in these texts as well as the mention of spirits in three different places suggest that Paul was actually writing about communicating with the spirit world **The Filioque** A. Edward Siecienski, 2010-05-12 Among the issues that have divided Eastern and Western Christians throughout the centuries few have had as long and interesting a history as the question of the filioque Christians everywhere confess their faith in the ancient words of the Nicene Creed But rather than serve as a source of unity the Creed has been one of the chief sources of division as East and West profess their faith in the Trinitarian God using different language In the Orthodox East the faithful profess their belief in the Holy Spirit who proceeds from the Father In the West however they say they believe in the Holy Spirit who proceeds from the Father and the Son in Latin filioque For over a millennium Christendom's greatest minds have addressed and debated the question sometimes in rather polemical terms in the belief that the theological issues at stake were central to an orthodox understanding of the trinitarian God To most modern people this may seem like a trivial matter and indeed most ordinary Christians would be hard pressed to explain the doctrine behind this phrase In the history of Christianity however these words have played an immense role and the story behind them deserves to be told For to tell the story of the filioque is to tell of the rise and fall of empires of crusades launched and repelled of holy men willing to die for the faith and of worldly men willing to use it for their own political ends It is perhaps one of the most interesting stories in all of Christendom filled with characters and events that would make even the best dramatists envious *The Filioque History of a Doctrinal Controversy* is the first complete English language history of the filioque written in over a century Beginning with the biblical texts and

ending with recent agreements on the place and meaning of the filioque this book traces the history of the doctrine and the controversy that has surrounded it From the Greek and Latin fathers the ninth century debates the Councils of Lyons and Ferrara Florence to the twentieth and twenty first century theologians and dialogues that have come closer than ever to solving this thorny problem Edward Siecienski explores the strange and fascinating history behind one of the greatest ecumenical rifts in Christendom

Justification, Volume 1 Michael Horton, 2018-11-27 The first of a two volume project delving into the doctrine of justification Michael Horton seeks not simply to recover a clear message of its role in modern Reformed theology but also to bring a fresh discovery of the gospel in a time when contemporary debates around justification have reignited The doctrine of justification stands at the center of our systematic reflection on the meaning of salvation and grace as well as our piety mission and life together And yet within mainline Protestant and evangelical theology it is often taken for granted or left to gather dust in favor of modern concerns and self renewal Volume 1 is an exercise in historical theology exploring the doctrine of justification from the patristic era to the Reformation This book Provides a map for contemporary discussions of justification identifying and engaging principal sources Origen Chrysostom Augustine Thomas Aquinas John Duns Scotus William of Ockham Gabriel Biel and the magisterial reformers Studies the transformations of the doctrine through Aquinas Scotus and the nominalists leading up to the era of the Reformation and the Council of Trent Concludes by examining the hermeneutical and theological significance of the Reformers understanding of the law and the gospel and the resultant covenantal scheme that became formative in Reformed theology Engaging and thorough Justification will not only reenergize the reader whether Protestant or Catholic with a passion for understanding this essential and long running doctrinal conversation but also challenge anyone to engage critically with the history of the Church and the heart of the gospel
