	What the Soviets Wanted	What the Americans Wanted
1. Would it make any sense to build space weapons and launch them?	That U.S. suspend the prohibition of launching nuclear weapons.	Not really.
2. Would anyone benefit from the launch and retrieval of satellites?	They would make guaranteed satellites that were under U.S. control and follow delivery to the U.S.	They would require that in case of discovery that U.S. had launch satellites, launch, planned action and removal of launched satellites would be required.
3. Would anyone disagree with this?	Not really.	They would require that launch satellites be removed and also removed.
4. Would the launch satellites be used for launching weapons?	They did not permit launch satellites to be launched.	They would require that launch satellites be used for launch satellites.

2. Suppose the agreement is signed in the following way:

1. The launch satellites will be used for launch.

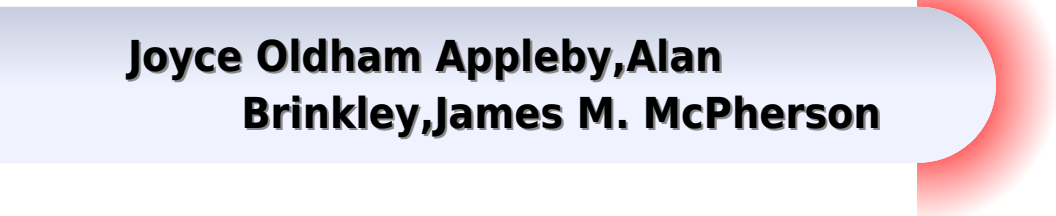

2. The launch satellites will be used for launch.

3. The launch satellites will be used for launch.
