Gunning For God Why The New Atheists Are Missing The Target:

Gunning for God John C. Lennox, 2011 Packing a powerful punch this compelling read is an argument against the new atheists **Gunning for God** John C. Lennox, 2011-09 How Science Has Discovered God: Physics, Metaphysics and Beyond Darrell Hall, 2024-04-16 If you are searching for practical strategies and arguments to defend your Christian faith How Science Has Discovered God Physics Metaphysics and Beyond is a must read Through meticulous research and analysis Darrell Hall skillfully conveys scientific concepts and theories from the origins of the universe to the origins of life all the while displaying the fingerprints of an intelligent Creator Hall bridges the perceived gap between reason and belief offering compelling scientific philosophical historical and theological arguments for the existence of God How Science Has Discovered God is not just another book on the relationship between science and religion It is a quest for the truth about reality and the meaning and purpose of life It engages the reader in a thought provoking exploration of Christian Apologetics revealing the existence of a loving and purposeful Creator Explore with the author why God is the best explanation for the big bang the fine tuning of the universe the mathematical intelligibility of the universe the existence of mind consciousness and free will and much more Unearth the evidence for the claims of Jesus and his resurrection and see how suffering and evil are best explained through a loving God This authoritative and comprehensive study is sure to provide material for thought and inspiration Over two thousand years ago Jesus assured us that God is real that God does care and that everything we do does matter With a willingness to follow where the evidence leads join Darrell Hall in a search for truth Open your mind and heart and listen to the voice of God as He speaks through His Creation and His Son Jesus Christ **God, AI and the End of History** John C. Lennox, 2025-07-17 Are Artificial Intelligences the Future s False Gods In God AI and the End of History renowned author and Oxford mathematician John Lennox explores the explosive intersection of artificial intelligence biblical prophecy the Antichrist and the end times As Artificial Intelligence AI technology advances at an unprecedented pace many experts are asking Could AI or Artificial Super Intelligences ASI one day dominate the world Unlike other books on AI or biblical prophecy Lennox breaks new ground by connecting the rise of superintelligent machines with the apocalyptic visions recorded in Revelation He warns that future developments in AI could deceive billions just as foretold in Scripture engineered by the one Jesus called the father of lies and whom the apostle John identified as the Antichrist This compelling deeply researched book offers a unique Christian perspective on AI ethics and eschatology challenging readers to rethink how Jesus final message to his followers may speak directly to our rapidly changing technological world If you re questioning AI and curious about what the Bible prophecy and emerging technologies reveal about end time events this is the essential guide you ve been waiting for **S Lewis vs the New Atheists** Peter S Williams, 2013-02-01 The book will counter the new atheist movement using the arguments of C S Lewis thereby appealing to readers interested in both loci and showing that there is nothing especially new about the new atheism How might C S Lewis the greatest Christian apologist of the twentieth

century respond to the twenty first century new atheism of Richard Dawkins Christopher Hitchens and company Might Lewis own journey from atheism to Christian belief illuminate and undercut the objections of the new atheists Christian philosopher Peter S Williams takes us on an intellectual journey through Lewis conversion in conversation with today s anti theists This book shows the breadth depth and durability of Lewis s Christian apologetics Michael Ward chaplain at St Peter s College Oxford

Getting at Jesus Peter S. Williams, 2019-01-29 Portraying themselves as challenging blind religious dogma with evidence led skepticism the neo atheist movement claims that the New Testament contains unreliable tales about a mythical figure who far from being the resurrected Lord of life may not even have lived This comprehensive critique documents the falsehood of these neo atheist claims correcting their historical and philosophical mistakes to show how we can get at the truth about the historical Jesus

The Big Picture Brian Harris, 2015-04-03 This book is an accessible exploration of the big building blocks of the Christian faith differentiating between the important contours of a Christian worldview and secondary concerns imposed by culture and tradition Skilfully bringing together biblically informed theology and the everyday world Brian Harris unpacks themes of grace creation and Christian hope in an engaging conversational manner The result is a book that empowers us to live out our faith wherever we are Stephen Garner Laidlaw College Auckland New Zealand

Job: The Faith to Challenge God Michael L. Brown, 2021-10-05 Just as there was no man on earth like Job there is no book on earth like the book of Job In this new commentary biblical scholar Michael Brown brings Job to life for the twenty first century reader exploring the raw spirituality of Job his extraordinary faith his friends theological errors the mysteries of God s speeches and the unique answers to the problem of suffering offered in the book of Job Undergirded by solid Hebrew scholarship but written with clarity for all serious students of Scripture the commentary provides an important introduction to the study of Job a new translation a series of theological reflections and additional exegetical essays providing in depth discussion of key passages Additional topics covered in the theological reflections include the following Challenging God as an Act of Faith How Would Job Comfort a Sufferer Who Was the Satan Job and Jesus Job and the New Atheists

Seven Days that Divide the World, 10th Anniversary Edition John C. Lennox, 2021-10-12 Now revised and updated John Lennox s acclaimed method of reading and interpreting the first chapters of Genesis without discounting either science or Scripture What did the writer of Genesis mean by the first day Are the seven days in Genesis 1 a literal week or a series of time periods If I believe that the earth is 4.5 billion years old as cosmologists believe am I denying the authority of Scripture With examples from history a brief but thorough exploration of the major interpretations and a look into the particular significance of the creation of human beings Lennox suggests that Christians can heed modern scientific knowledge while staying faithful to the biblical narrative He moves beyond a simple response to the controversy insisting that Genesis teaches us far more about the God of Jesus Christ and about God s intention for creation than it does about the age of the earth With this book Lennox offers a careful and accessible introduction to a scientifically savvy theologically astute and Scripturally faithful

interpretation of Genesis Since its publication in 2011 this book has enabled many readers to see that the major controversy with which it engages can be resolved without compromising commitment to the authority of Scripture In this newly revised and expanded edition John clarifies his arguments responds to comments and critiques of the past decade since its first publication In particular he describes some of the history up to modern times of Jewish scholarly interpretation of the Genesis creation narrative as well as spelling out in more detail the breadth of views in the Great Tradition of interpretation due to the early Church Fathers He shows that contrary to what many people think much of the difficulty with understanding the biblical texts does not arise from modern science but from attempting to elucidate the texts in their own right

Mad or God? Pablo Martinez, Andrew Sims, 2018-07-19 Imagine someone with a mind so healthy that he doesn't need to see a psychiatrist Ever Yet that person runs the gauntlet of taunting mockery and false accusations People turn against him Friends disown and desert him He stands alone Amazingly two thousand years after his death the taunts still fly Films and books appear with fresh accusations and oh so convincing arguments How can this man be discredited and silenced for once and for all More to the point can he As psychiatrists we need to speak up Enough is enough Shadow us as we examine what we believe to be the most fascinating mind in all of history Dare you imagine a different reality And what will this mean in practice Jesus had greater influence than any other person who ever lived Yet atheistic detractors often portray him as insane or deranged Claims gather momentum Often they are left unchallenged Is there any basis for such claims The authors respected psychiatrists consider Jesus's words actions and teaching and use fascinating insights from psychiatry to make an assessment We need confidence to weigh up the evidence and reach robust conclusions The authors enable us to articulate a strong defence of Jesus's mental health They help us dispel doubts affirm our faith and present a captivating portrait of Jesus

Foreword by John Lennox Part 1 Showing that Jesus was not mentally ill 1 The mind of Christ through a psychiatrist's eye 2 Out of his mind was Jesus psychotic 3 A man of sorrows did Jesus suffer from any other mental disorder Part 2 Showing that Jesus had a healthy mind proved by the coherence of his words and deeds 4 The test of his character and the crowds were amazed 5 The test of a consistent life what evil has he done I find no crime in him 6 The test of meaningful relationships encounters that transformed lives 7 The test of adversity lessons without words in suffering 8 The test of influence his power

to change people Epilogue The test of his claims who do you say I am Renewal Apologetics Christopher J. Wilson,2019-12-09 Why do you believe in God Why do you believe in the Bible Why do you believe in miracles These are questions that Christians are often asked by sceptics The field of apologetics attempts to provide rational answers to these and other questions Unfortunately apologetical answers to these questions are often abstract and philosophical However the Christian apologist evangelist has a much more powerful argument in their arsenal the argument from miracles Miracles are the original Christian apologetic It was through the witnessing of miracles that Christianity was originally spread By applying modern tools of philosophical inquiry and scientific methodology Wilson is able to establish a core set of miracles which defy naturalistic explanations and strongly point toward occurrences of Special Divine Action SDA However once these occurrences are proven to be genuine miracles several questions remain Why does God sometimes perform miracles Why does he often answer no How do these random acts fit into his overall plans of redemption By answering these and other questions Wilson develops a comprehensive apologetic for both Christianity in general and the Renewal Movement in particular Religious Freedom in a Secular Age Michael F. Bird,2022-05-03 Discover how to responsibly defend religious freedom for all without compromising your personal beliefs Religious freedom is a bitterly contested issue that spills over into political public and online spheres It s an issue that s becoming ever more heated and neither of the global political polarities is interested in protecting it While the political left is openly hostile toward traditional religion the political right seeks to weaponize it How can we ensure that religious freedom is truly about freedom of one s religion rather than serving an ethno nationalist agenda In Religious Freedom in a Secular Age Michael Bird New Testament scholar and author of Evangelical Theology has four main goals To explain the true nature of secularism and help us to see it as one of the best ways of promoting liberty and mutual respect in a multifaith world To dismantle the arguments for limiting religious freedom To outline a biblical strategy for maintaining a Christian witness in a post Christian society To encourage Christians to participate in a new age of apologetics by being prepared to defend not only their own believes but also the freedom of all faiths While Bird does address the recent political administrations in the US his focus is global Bird who lives in Melbourne Australia freely admits to his anxiety of the militant secularism surrounding him but he also strongly critiques the marriage of national and religious identities that has gained ground in countries like Hungary and Poland The fact is that religion has a lot to contribute to the common good Religious Freedom in a Secular Age will challenge readers of all backgrounds and beliefs not only to make room for peaceable difference but also to find common ground on the values of justice mercy and equality **Against the Flow** John C. Lennox,2024-07-18 Then King Darius sent this message to the people of every race and nation and language throughout the world I decree that everyone throughout my kingdom should tremble with fear before the God of Daniel For he is the living God and he will endure forever Daniel 6 25 6 The book of Daniel tells the story of four teenage friends born in the tiny state of Judah about twenty six centuries ago who were captured by Nebuchadnezzar

emperor of Babylon Daniel describes how they eventually rose to the top echelons of imperial administration Although forced to live in exile Daniel and his friends remained faithful to the one true God But they did not simply treat their devotion to God as a private matter they maintained a high profile witness in a pluralistic society highly antagonistic to their faith That is why their story has such a powerful message for us Society tolerates the practice of Christianity in private and in church services but it increasingly deprecates public witness If Daniel and his compatriots were with us today they would be in the vanguard of debate about the role of religion in public life What was it that gave that ancient foursome Daniel and his three friends the strength and conviction to be prepared often at great risk to swim against the flow

A Christian Student'S Guide to Truth in Science Stanley J. O'Briant,2015-03-13 This book exposes the attempt to teach atheistic evolution to students often ridiculing their faith in God The classrooms in our schools have become the battlegrounds for the minds of our children Since the introduction of evolution by Charles Darwin there has been a growing list of atheist professors who vigorously fight any religion The classrooms of America should not be the battlegrounds of any religion but evolution is a religion It has no place in the classroom since it does not offer any information that improves the teaching of any science class except evolution itself There is no proof of evolution only assertions innuendos credulity belief without proof and suppositions Fully one third of all geology textbooks deal with evolution which is founded only opinion and undocumented assertions Therefore it should be removed from all textbooks Dr David Menton who taught medicine at the Washington School of Medicine in St Louis Missouri for twenty five years stated that he never once needed to reference evolution in any medical class A coalition of organizations such as the National Academy of Sciences whose members are 93% atheist or agnostic and the National Center for Science and Education control most of the government grants intended for schools use fully support the atheism of evolution and they attack any criticism of evolution

The Sanity of Belief Simon Edwards,2021-02-18 We ve all heard the arguments that Christianity is irrelevant irrational and even immoral But what if the Christian faith makes sense of all that matters In this thoughtful engaging book Simon Edwards challenges the assumptions that may lead us to reject a faith and doubt something that we ve never really had the chance to understand in the first place From our need for meaning and significance to our desires for truth goodness love and hope he explores the things that matter to us as human beings and shows us why the life death and resurrection of Jesus Christ might just make sense of them all The Sanity of Belief is a fresh take on apologetics faith and doubt that will leave you with a stronger understanding of Christian belief and how it relates to today s world It is ideal for anyone looking for a clear down to earth introduction to Christianity or for those wanting to reaffirm the foundations on which their faith is based

Friend of God John C. Lennox,2024-01-18 Abraham believed God and God counted him as righteous because of his faith He was even called the friend of God James 2 23 Abraham is the only character in the Bible to be described as the friend of God This comprehensive study by John Lennox explores why Abraham is unquestionably one of the most outstanding and influential figures in world history He had no political or military achievements and he left no

literary remains yet today billions of people more than half of the world's population claim him as their spiritual father Throughout the Bible Abraham is seen as a pivotal figure in God's plan of salvation In this richly detailed account of his life and times John Lennox helps us to see through mists of the past to the real flesh and blood man with all his strengths and weaknesses to better appreciate all that Abraham stands for as a model of faith today

Slaying the Dragons Allan Chapman, 2013-03-07 In *Slaying the Dragons* professor and member of the Faculty of History at Wadham College Oxford Allan Chapman examines the claims of the New Atheists that religion really belongs to an earlier phase of human development and that nowadays science has taken its place as the yardstick of authority But are science and religion friends or foes There are a great many scientists of the highest intellectual distinction ranging from cosmology to medical research who make no bones about their faith and cannot understand what the New Atheists are getting so worked up about Chapman explores whether anything has changed in the nature of scientific discovery to allow for the modern atheistic interpretations of science that did not exist in the past He also examines whether or not modern discoveries in biology brain science cosmology and physics seriously undermine religious belief In this study Allan Chapman examines popular misunderstandings about key events in the history of science faith relations He covers the major episodes such as Galileo's trial the Wilberforce Huxley debate and the Scopes trial of 1925 but also looks further back through the medieval period to the Classical age revealing how these events have acquired mythical and misleading status Asking if religious modern scientists just the fools that new atheists paint them to be or are the latter just so blind in their dogmatic brain washing that they cannot see the bigger world beyond their test tubes *Slaying the Dragons* exposes the atheists worn out tale which itself goes back centuries and which they are trying to spice up with big helpings of rhetoric and ridicule

Being Played: Gadamer and Philosophy's Hidden Dynamic Jeremy Sampson, 2019-09-02 Are we being played Is our understanding of the traditionally fixed and static concepts of philosophy based on an oversimplification This book explores some of the theories of the self since Descartes together with the rationalism and the empiricism that sustain these ideas and draws some startling conclusions using Gadamer's philosophical study of play as its starting point Gadamer's ludic theory Sampson argues reveals a dynamic of play that exists at the deepest level of philosophy It is this dynamic that could provide a solution in relation to the Gadamer Habermas hermeneutics debate and the Gadamer Derrida relativism debate together with a theory of totality Sampson shows how ludic theory can be a game changer in understanding the relationship between philosophy and literature exploring the dynamic between the fictive and non fictive worlds These worlds are characterized simultaneously by sameness univocity of Being and difference equivocality of Being The book questions Heidegger's idea that the univocity of Being is universal instead maintaining that the relationship between the univocity of Being and equivocality of Being is real and that ontological mediation is required to present them as a unified whole Using the works of Shakespeare Beckett and Wilde Sampson contends that such a mediation termed the ludicity of Being takes place between literature and

its audience This literary example has profound implications not only for literature and its attendant theories but also for philosophy in particular ontology and hermeneutics In Our Own Image Wesley J. Wildman, 2017-12-15 In Our Own Image is a work of comparative philosophical theology It is a study of the roles anthropomorphism and apophaticism play in the construction of conceptual models of ultimate reality Leading scholar Wesley J Wildman considers whether we create our ideas of God He offers a comparative analysis of three major classes of ultimacy models paying particular attention to the way those classes are impacted by anthropomorphism while tracing their relative strengths and weaknesses Wildman provides a constructive theological argument on behalf of an apophatic understanding of ultimate reality showing how this understanding subsumes challenges and relates ultimacy models from the three classes being compared He describes and compares competing ultimacy models fairly and sympathetically The conclusion is that all models cognitively break on the shoals of ultimate reality but that the ground of being class of models carries us further than the others in regard to the comparative criteria that matter most
