The Understanding of Adultery in the Hebrew Bible Alexander Izuchukwu Abasili, 2016-06-09 Adultery though not an umbrella concept for all the sexual prohibitions in the Hebrew Bible enjoys a certain pride of place Remarkably it is the one sexual prohibition attested in all biblical genres which makes it very representative in the Hebrew Bible It is the only Hebrew biblical sexual prohibition explicitly mentioned in the Decalogue A solid understanding of Hebrew biblical adultery therefore is an important step towards grasping the vital role of human sexuality in the Hebrew Bible both in terms of inter human relationships and the relationship between the human and the divine Without prejudice to the contents of the Hebrew biblical lexicons and theological dictionaries this work aims at providing a comprehensive understanding of adultery in the Hebrew Bible its

meaning punishments and the implications thereof Among others it corrects some wrong assumptions about the concept of adultery in the Hebrew Bible and provides a balanced and unbiased Hebrew biblical conception of adultery and the implications thereof for today's couples

Covenant Continuity and Fidelity Jonathan Gibson, 2016-09-22 The core of Malachi's covenantal imagination is shaped by his reflection on an authoritative collection of source texts in the Hebrew Bible The mention of people nations and places Deuteronomic terminology and rare words and unique word root combinations exclusive to Malachi and only a few other texts encourages the book to be read in the context of received biblical traditions and texts The diversity of methodologies used previously to analyse Malachi has resulted in confusion about the significance of the inner biblical connections in the book of Malachi which Gibson clarifies His reading frees the text of Malachi from being overburdened by too many intertexts and allows its central message of covenant to arise with greater clarity and force Gibson reveals how Malachi's connections to earlier source texts are neither random nor causal rather they have been strategically employed to inform and shape his central theme of covenant continuity and fidelity

Haggai, Zechariah and Malachi Anthony R. Petterson, 2015-02-26 In this Apollos Old Testament Commentary Anthony Petterson offers detailed commentary on the prophetic books of Haggai Zechariah and Malachi setting them in their wider biblical theological context He shows the connections between the post exilic world and our own and explains how these books contain a vital message for the church today living in the gap between promise and reality

The Lost World of the Israelite Conquest John H. Walton, J. Harvey Walton, 2017-08-15 Perhaps no biblical episode is more troubling than the conquest of Canaan But do the so called holy war texts of the Old Testament portray a divinely inspired genocide John Walton and J Harvey Walton take us on an archaeological dig reframing our questions and excavating the layers of translation and interpretation that cloud our perception of these difficult texts

The Blessing of Abraham, the Spirit, and Justification in Galatians Chee-Chiew Lee, 2013-08-12 What has the Spirit to do with the blessing of Abraham and justification This book challenges the common assumption that the Abrahamic blessing and the Spirit are equated in Gal 3 14 and points out how an accurate understanding of the relationship between these two motifs contributes significantly to appreciating Paul's overall argument in Galatians and his theology of justification Even though Paul does not cite Old Testament passages on the promise of the Spirit in Gal 3 14 his arguments are nonetheless deeply influenced by the whole prophetic tradition about the Spirit Most current discussions on the present and future aspects of justification have yet to consider the Spirit's role in the latter Given the renewed interest in Pauline justification this book contributes to this important aspect of the Spirit's role in future justification which needs to be developed further in Pauline and New Testament theology

The Power of Multiplication Celeste Perez, 2020-03-27 Since the beginning of time God had a clear image of how He wanted His children to live Although that plan has been altered by both humans and the great deceiver Satan God still has a plan to bring prosperity to His people through the power of multiplication Now author Celeste Perez building on a biblical foundation demonstrates

that God is the originator of the power of multiplication and that humans have the ability to use it for His glory Today there are promises that Christians can tap into through the power of multiplication God does not want His people to live all their lives depending only on humankind or government assistance Instead He seeks to introduce them to a land where they can sow and reap There is a blessing with your name on it if you are willing to claim it Your works should not be in vain driven by purpose they can change not only your life but also the lives of those around you and of generations to come Inspiring and uplifting this study and guide presents ways to use God's power of multiplication in your life to prosper and grow more each day in Him

The City of God and the Goal of Creation T. Desmond Alexander, 2018-01-16 For here we have no lasting city but we seek the city that is to come Hebrews 13:14 At the very heart of God's plan for the world stands an extraordinary city Beginning with the garden of Eden in Genesis and ending with the New Jerusalem in Revelation the biblical story reveals how God has been working throughout history to establish a city filled with his glorious presence Tracing the development of the theme of city in both testaments T Desmond Alexander draws on his experience as a biblical scholar to show us God's purpose throughout Scripture to dwell with his redeemed people in a future extraordinary city on a transformed earth Part of the Short Studies in Biblical Theology series

The Theology of the Levitical Priesthood Nicholas J. Haydock, 2015-06-30 In this book Nicholas Haydock explores the biblical presentation of the Levitical priesthood drawing out themes that run throughout Scripture and reveal God's intention for the priesthood It is successfully argued that this intention cannot be divorced from God's desire to reveal himself to the nations This hypothesis is shown to be true in examining the various functions and metaphors ascribed to the Levites Whereas in much of Old Testament criticism the Levitical priesthood has been painted in a light contrary to the biblical depiction The Theology of the Levitical Priesthood takes the canonical presentation of the Levites at face value It is the author's conviction that in attending to the biblical presentation of the Levites the Church will be aided and better equipped to apply herself to Scripture and to participate within God's mission in the present day
