Stalking Wild Psoas Liz Koch,2019-05-07 Weaving together biology living systems thinking and somatic

movement these nine short essays will inspire somatic therapists bodyworkers and movement educators Liz Koch author of Core Awareness and The Psoas Book seeks to dissolve the objectification of body in order to reconceptualize human beings as biologically intelligent self organizing and self healing Specifically addressing educators and therapists she delves into the conceptual framework of core by decolonizing the popular mechanistic thinking of psoas as muscle inviting the reader on a journey toward reengaging with life s creative processes The book illuminates the limitations of the predominant paradigm of body and actively explores psoas as a vital intelligent messenger that links us to an expansive network of profound possibilities Employing biomorphic and embryonic paradigms Koch redefines psoas as smart expressive tissue that is both elemental and universal Named after her popular exploratory workshops of the same name Stalking Wild Psoas encourages all readers to nourish integrity and claim self efficacy as creative and expressive individuals **Off the Hook** Earl Wayne Heflinger, 2018-03-15 The author uses his own personal story of being born into a Christian fundamentalist family with extreme beliefs to paint a vivid picture of what life is like in toxic ideologies such as fundamentalist religion The book has three parts The first describes the spiritual abuse of his childhood due to stifling rules and restrictions inflicted by his parents caught up in their church s teachings on his thought processes and behavior The remarkably poignant stories show in painful detail how his self esteem was crushed how he was never intended to think for himself and how he was made to feel different and totally out of place in the world all by loving but misguided parents During his school days his social life was severely stunted because he felt like an outsider everywhere but in church The second part discusses his lifelong struggle with spiritual healing and his transition from a spoon fed belief system to a personally chosen worldview He thoughtfully muses about all the significant elements of religious spiritual belief systems God Jesus the Bible sin morality science life after death marriage divorce and others and contrasts his evolving beliefs with those of organized religion This is presented to give the reader a comprehensive illustration of how one particular seeker has constructed a personalized belief system through continual rethinking and updated understanding The third part calls on the author s advanced education and professional experience in business and government in analyzing and developing systems and procedures It describes with a wealth of tips and checklists the process by which he escaped a toxic ideology and came to feel intellectually free and off the hook It ends with heartfelt encouragement for anyone similarly affected by repression to accept all available helpful resources and muster the determination to claim their personal power **Etiology** Christina L. Ross, PhD, BCPP, 2013-03 What is disease Why do we get sick Etiology is a groundbreaking work in the field of disease causation Author Christina Ross PhD is a board certified Polarity Practitioner and biophysicist who studies inflammatory response which she believes is the cause of all physical illness Disease Dr Ross explains begins long before biochemical imbalances occur in our physical body Disease begins at the spiritual level at the very essence of our being and evolves through our mind and emotions before it is established in our body Etiology is a study on how to detect disease before it manifests as chronic or incurable Ross empowers the reader by

Convergence Radhakrishna Panicker, 2016-11-28 Are you not the same internal person throughout your life Of course you are Considering that you will be the same unaltered being until death If so who are you The answer is I am the I-ness in me If this I-ness in you is a steady factor what will your status be when you leave the physical body Convergence is a book of factual findings based on scientific data that supports man's continuity after death Learning about the I-ness factor in us will benefit our daily lives too Through awareness such knowledge will generate calmness tranquility and peace in your internal world the unsteady monkey mind It will also empower you to deal with the tribulations of daily life What about reincarnation Is there any truth to this popular belief Grab a copy and welcome a new perspective to your life and beliefs The Heart of

Healing Dawson Church,2004 **Time and the Multiverse** Gerald Holdsworth PhD,2017-12-13 Is there a mechanism through which some people can see the future How can a life in this universe be predetermined Where might information about the future exist If we are to have faith in our grasp of physics and cosmological principles it must exist outside this universe How can we structure a multiverse so that it broadly accommodates precognition In Time and the Multiverse author Dr Gerald Holdsworth addresses these questions and more and discusses phenomena that cannot be explained by the principles of established physics Holdsworth accepted the challenge of explaining the basis behind the common experience of precognition the easiest phenomena to verify but the hardest to explain He tells how he built a looped version of the serial time zoned multiverse which exhibits time zoning within the regular clock time system as well as revealing what can be termed a timing system which coordinates the processes within the multiverses Cosmic quantum computer This second time is in practice represented by a fixed frequency of time pips occurring within the computer Author notes What I present in chapter 2 of this book concerning the dynamics of the multiverse cannot be described by mathematical equations because the physics isnt available I have relied entirely on logical statements and geometry to produce the Cosmic Blueprint and from a special case of it the Cosmological model Arthur Eddington and Wolfgang Pauli knew that to achieve a complete understanding of our existence one has to include all the unexplained anomalies like precognition along with established physics quantum mechanics particle physics and Einsteins gravity theory Eddington and John W Dunne realized that time would play a major role in tying together all the evidence Dunes attempts ending in 1955 were invalid due to his deliberate exclusion of the existence of multiple universes He did at least finally confess his spiritual experiences **Creativity Revealed** Scott Jeffrey,2008-06 Why do some people seem more creative than others How do brilliant minds gain key card access to unexplained depths of power and illumination while others struggle simply to choose a tie Studies have demonstrated that creativity isnt necessarily linked with intelligence yet our most profound philosophers and academic minds have yet to crack the creative genius code Until now The most current research into the nature of consciousnessour sense of existencehas shed new insight into and sparked provocative discussion on the origins of creative genius and the ideal conditions for channeling heightened creativity **Saving Our Children From Our Chaotic World** Maggie Dent,2018-12-01 Silence and stillness does have a magic to it It doesnt t matter where you find it in your home your workplace or your classroom However in our fast paced world it is getting harder and harder to find In this book one of Australia s favourite parenting authors and educators Maggie Dent explores the cognitive and emotional benefits of silence and stillness demonstrating how crucial it is for children as well as adults and details methods for creating it in your home or classroom About Maggie Commonly known as the queen of common sense Maggie Dent has become one of Australia s favourite parenting authors and educators with a particular interest in the early years adolescence and resilience Maggie s experience includes teaching counselling and working in palliative care funeral services and suicide prevention She is a

dedicated advocate to quietly changing lives in our families and communities She is the mother of four sons and a very grateful grandmother Maggie is the author of 11 books including her 2018 release *Mothering Our Boys* which is already a bestseller
