

INITIATION INTO HERMETICS

Franz Bardon is considered by many as the greatest adept of the 20th century. A tireless worker for the light, he survived Hitler's concentration camps but died a victim of communist persecution in 1958. He left behind him four legendary books which have become acknowledged classics of occult literature.

Initiation Into Hermetics is the first and most important of Bardon's works and is rightly regarded as the cornerstone of his entire opus. In contrast to other books on the subject of magic, Bardon focuses his attention on the practical training necessary for all true magical attainment. Using the four elements of fire, water, air and earth as a foundation, Bardon teaches the student how to master these universal forces in the three worlds of body, soul and spirit. The author leads the student step by step through exercises providing detailed training in the entire arcanum of magic, from basic techniques in thought control and imagination to advanced teachings in astral travel, the use of talismans and magic mirrors, and much more. No other writer has ever developed such a clear, concise, and practical program of magical development.

Merkur Publishing is pleased to present the new American edition of this Hermetic classic work in an entirely new translation.

Realization Into Hermetics Initiation Magnus Sarmarx, 2018-02-02 In Initiation Into Hermetics, Franz Bardon presented a system of practices graded by degrees to accompany the Adept from the simplest level to the most complex state, yet both the practices and teachings contained in his book function only as tools that only in the hands of someone able to use them correctly come to their ultimate goal. How many people have practiced so dedicatedly and still practice these techniques and fall short of what they hoped to achieve? How many years have you dedicated to this goal? In order to carry out the Great Work, an unshakable determination is always necessary, but if you continue to use the same techniques, always you will unfortunately always get the same results. How much time do you still believe you have in this life to achieve what you set out to achieve? Using improved techniques in the right way and improving them always more is what will lead to the dreamed goal, and we have no time to lose. Among the Alchemists, it was said that the philosopher's stone is like a forgotten treasure in a pit and that the more one tried to catch it, the more the gap deepened and more roots appeared between them and their objective. That is exactly what has happened and has plagued many of the dedicated students of Hermeticism both today and in the past ages, and the hard truth is made present because the path that can be followed does not lead to the True Path because this is something that presents itself, Himself, in his own way, and with his Absolute Power, unquestioning Authority, being The Strong Force of All Strength, to teach you the means of how to arrive in this state of Supreme Bliss where the Universe converges to bless you is the purpose of this book. watched over by Superior and Absolutely Holy Forces And now to consecrate his masters he needs to reintegrate with the foundation of this power so deeply that they will become more than inseparable When he came into this world his Being in the process of incarnation was turned away from the Holy Powers Forces and Plans his vibrational state equaled to this time and finally to the material social and emotional environment then reborn yet his Spirit in his state Always imperative and present directed him again by the experiences of his life and by the love of his heart to reintegrate and rise again reconnecting to the Sacred Plans Forces and Powers thus extinguishing their pendencies with this world and allowing their Ascension the first step in this Sacred Way has already been given in the last Book with the True Initiation and now its Kingdom must be re erected here in its fullness to obtain the Master only from this conquest that can go forward and obtain Sacred Realization The Universal Fire establishing itself in the Magus as it was shown in the practices of the last book grants it abilities and powers that for many were unknown and sometimes unbelievable make use of its forces and carry on with all its Power we will still speak in the First part of this book how to stabilize and deepen still further in this force there is nothing in the world that can be compared to it this Force and this Power is the Foundation for your salvation and after the Realization you can obtain with it the Supreme Most Holy Sacred Sword And in obtaining this Upper and Crushing Force his horizons widened beyond the barriers of the mortal world and at this point he could Open the Way to his beloved brethren who still trapped the chains of the world follow in the midst of great sufferings with unshakeable strength and will on the way Of the Great Work When the time comes just as I am doing to you my holy brother lift your Supreme Most Holy Sacred Sword and Walk the Path for them For the Initiate who has already built the pillars of the Universal Elements Fire and Air their resources will be expanded here so that they can safely obtain the pillar of the Universal Water element This is the next step Fire is Strength and Power Air is Wisdom and Water is Universal Love from which Blessing Healing and Infinite Life is born uniting Human Heart with Divine Heart micro and macro and the infinite power that is born from this state being in the Now living consciously and unconsciously in the deepest center of All Powerful Superior loving deeply and generating strength and being deeply loved thus generating courage By locating and accepting the love of the beings of the universe accepting that there are forces and powers that through Divine Grace and its infinite power mercy and strength protect and bless you deeply recognizing and reconnecting with this Supreme Power and feeling it fully By maintaining this power and this state of receptivity feel this active power deeply in your life present past and future conscious and unconscious Lucky Success and Well Being alive permanent and real Magnus Sarmarx **A Practice Guide** Seila Orienta,Peter Windsheimer,2014-11-07 This little practice guide written by an experienced practitioner gives the student of the hermetics some supplemental insights into material that complements Bardon s hermetic system namely the qualitative mystical aspect of Initiation into Hermetics The student is given the opportunity to understand the qualitative meaning of the diverse exercises of Bardon s interpretation of the first Tarot card [Back Door Into Hermetics](#) Mark Rasmus,Jake Senn,2020-09-10 Back Door Into

Hermetics is a groundbreaking work on Hermetics and spiritual development and a spiritual successor to the late mystic Franz Bardon's magnum opus *Initiation Into Hermetics*. This book contains a comprehensive description of the metaphysical principles necessary to attain liberation and freedom for one's spirit and details immediate steps that can be taken in order to accelerate spiritual development. By taking an approach to practicing spiritual exercises as a continuous stream of practice, the reader can gain mastery at an accelerated rate in the areas of personal development, spiritual sensitivity, equilibrium, and self-realization. This monumental volume treats the subject of spiritual development with a comprehensible depth that is too frequently absent from works of this nature. While other books and teachers might lay the groundwork for taking the first step of the journey, *Back Door Into Hermetics* draws upon much coveted closed-door insider's information in order to provide a map toward the ultimate destination. **Initiation Into Hermetics** Merkur Publishing, Incorporated, 2009-07

Summary of Franz Bardon's Initiation Into Hermetics Everest Media, 2022-06-13T22:59:00Z Please note: This is a companion version, not the original book. **Sample Book Insights** 1. The elements are the fundamental forces that make everything in the universe exist. They are the foundation of all things. The sequence of the tattvas in accordance with the Hindu system is as follows: Akasha, Tejas, Vayu, Apas, and Prithivi. 2. The four coarser tattvas came forth from the fifth tattva, the Akasha principle. The Akasha is the causal principle, and as the fifth energy, it is to be acknowledged as the quintessence. 3. The first element to come out of the Akasha is Tejas, the principle of Fire. The fiery principle is active and latent in everything created in the entire universe, from the smallest grain of sand to the highest that is visible. 4. The element of Water, unlike Fire, has entirely opposite attributes. It is cold and contractive. The magnetic fluid came forth from this element. Water, as well as Fire, are active in all regions. *Initiation Into Hermetics* Franz Bardon, 1962 **Mystical Extra Training for Franz**

magic is a sacred science it is in the very true sense the sum of all knowledge because it teaches how to know and utilize the sovereign rules There is no difference between magic and mystic or any other conception of the name Wherever authentic initiation is at stake one has to proceed on the same basis according to the same rules irrespective of the name given by this or that creed Considering the universal polarity rules of good and evil active and passive light and shadow each science can serve good as well as bad purposes Let us take the example of a knife an object that virtually ought to be used for cutting bread only which however can become a dangerous weapon in the hands of a murderer All depends on the character of the individual This principle goes just as well for all the spheres of the occult sciences In my book I have chosen the term of magician for all of my disciples it being a symbol of the deepest initiation and the highest wisdom **A Bardon Companion**

during the past few centuries many lengthy dissertations have been published on the art of higher magic Unfortunately they are for the most part such bewildering and incomplete remnants that very little of it can be taken as a point of reference for practical studies and this only in small fragments The original initiative for magic was known only to a very few lodges and was reserved for a particularly chosen few while for the seekers of truth who searched diligently for any information this subject matter remained dark and mysterious Various religions during the Middle Ages were severely hostile towards any magical knowledge In our history the most prominent examples are the well known Inquisitions Later in modern times magic was regarded as mere superstition and any person who showed some inclination toward this knowledge let alone one

seriously concerned himself with the study of magic was regarded as a fool and was ridiculed In the past mystical and other sects maligned magic to such a degree that the word magic has to this very day an extremely dubious reputation And any person who has had an appreciation or understanding for magical knowledge has been pilloried as a black magician In reality true magic was initially taught in the ancient schools of the prophets and then only in the highest circles However only a few select insiders had access to these institutions In those days only a few books occasionally disclosed scant bits of information about true magic These books were deliberately written in such a way that they would disclose little or nothing even to the most astute reader and hence they would not give the seeker of truth a complete understanding of the subject of magic In accordance with the ancient Egyptian Mysteries the magic of the second Tarot card is represented by the High Priestess Franz Bardon the author of The Practice of Magical Evocation gladly continues to guide the serious diligent reader and student of magic along the proper path as long as this person is devoid of any fanatical religious beliefs and erroneous ideology Furthermore this person has to be prepared to penetrate further into the mysteries of the knowledge of magic or the Hermetic sciences As in Franz Bardon s first book Initiation into Hermetics Bardon endeavors to keep the language of this second volume in a style that is understandable to everyone The subject matter of the magic of evocation is among the least known and least investigated branches of the art and therefore Bardon makes certain that every person who reads this book will become completely familiar with this subject matter not only in theory but above all with the practice if he so chooses It is important however that the reader know that he will not achieve any results with the practice of magical evocation unless he has successfully completed Step VIII at the very least of Franz Bardon s first book Initiation into Hermetics which is a description of the first tarot card the Magician Should Franz Bardon be successful in assisting the reader who has successfully completed the entire practical part of his first book to achieve the same good results with this one then Bardon has achieved his objective Those readers who initially study the secret sciences only theoretically will find in this work a satisfactory broadening of their knowledge
