Third Series Library of Congress. Copyright Office,1976 **Aldous Huxley's Short Fiction** Andrija Matić,2024-04-13 Aldous Huxley's Short Fiction analyzes Huxley's short stories within a modernist context highlighting that he shared more characteristics with distinguished modernists than is usually believed The book also explores other features of Huxley's short stories focusing on themes such as consumerism mainstream education shallow intellectualism women's emancipation toxic masculinity and sensational journalism themes that correspond with both Huxley's time and our world and position him among the most prophetic authors of the twentieth century This study demonstrates that Huxley's short fiction can provide answers to questions that remain confusing or partially explained in the research on Huxley's work It illustrates the constants and changes in Huxley's opinions on organized religion mysticism and the relation between sexuality and spirituality while also clarifying Huxley's political opinion which is often misunderstood due to his advocacy of pacifism Finally the in depth interpretations of Huxley's short stories reveal the dynamics of his literary style especially his complex humor and irony areas he developed more than any other modernist author of short fiction *Phallic Critiques (Routledge Revivals)* Peter Schwenger,2014-10-14 *Phallic Critiques* first published in 1984 is a study of masculine styles of writing in the twentieth century an age according to Virginia Woolf when virility has become self-conscious Writers who carry macho values to their extreme often subscribe to the popular feeling that writing is an effeminate activity for a real man to be engaged in Consequently they attempt to forge masculine style of writing in an effort to redeem language from its sexually suspect nature These styles reveal much about the ambiguous and paradoxical attitudes of men towards their own masculine role Peter Schwenger demonstrates the international nature of masculine styles His study ranges from such American

authors as Norman Mailer Ernest Hemingway and Philip Roth to figures like Yukio Mishima Alberto Moravia and Michel Leiris This book should be of interest to students of literature The Reader's Adviser, 1986 *The Publishers' Trade List Annual*, 1985 Black Writers Linda Metzger, 1989 Biographical and bibliographical entries on some 400 black authors active in the 20th century Some of the sketches are updated from Gale's Contemporary authors series others were written especially for this volume Covers not only contemporary American authors but also earlier 20th century writers social figures e.g. Malcolm X Desmond Tutu and important African and Caribbean writers In addition to the descriptive personal and career information there are illuminating biographical critical essays including comments often by the authors themselves on personal interests aspirations motivations and thoughts on writing Annotation copyrighted by Book News Inc Portland OR

Volpe, 2015-02-01 The new guide the first comprehensive book of its kind offers analyses of all Faulkner's short stories published and unpublished that were not incorporated into novels or turned into chapters of a novel Seventy one stories receive individual critical analysis and evaluation These discussions reveal the relationship of the stories to the novels and point up Faulkner's skills as a writer of short fiction Although Faulkner often spoke disparagingly of the short story form and claimed that he wrote stories for money which he did Edmond L.
