Injustice For Juveniles Rethinking The Best Interests Of The Child:

(In)justice for Juveniles Ira M. Schwartz, 1989-01-01 In this highly charged insightful investigation Ira Schwartz takes us through a fascinating inquiry into the entire juvenile justice system in the United States Tracing the past twenty years of attempted reforms through current trends he measures the impact of various administrative legal and fiscal reform efforts and illustrates how the contemporary juvenile justice system is still in shambles for the majority of our youth *Handbook of Adolescent Psychopathology* Vincent B. Van Hasselt, Michel Hersen, 1995 *Courts* Cassia Spohn, Craig Hemmens, 2011-11-09 Authored text sections and carefully selected accompanying readings that illustrate the questions and controversies legal scholars and court researchers are investigating in the 21st century Edited readings introduce students to classic studies of the criminal court system and to cutting edge research on decision making by court actors An introduction to each reading gives students an overview of the purpose main points and conclusion of each article and evaluates their policy implications How to Read a Research Article tied to the first reading in the book guides students in understanding and learning from the research articles Mini chapters precede the selection of readings and offer clear and concise explanations of key terms and concepts in each section coupled with boxes with special interest topics and review materials that enhance student comprehension

Encyclopedia of Criminology J. Mitchell Miller, Richard A. Wright, 2013-12-17 This three volume work offers a comprehensive review of the pivotal concepts measures theories and practices that comprise criminology and criminal justice No longer just a subtopic of sociology criminology has become an independent academic field of study that incorporates scholarship from numerous disciplines including psychology political science behavioral science law economics public health family studies social work and many others The three volume Encyclopedia of Criminology presents the latest research as well as the traditional topics which reflect the field's multidisciplinary nature in a single authoritative reference work More than 525 alphabetically arranged entries by the leading authorities in the discipline comprise this definitive international resource The pivotal concepts measures theories and practices of the field are addressed with an emphasis on comparative criminology and criminal justice While the primary focus of the work is on American criminology and contemporary criminal justice in the United States extensive global coverage of other nations justice systems is included and the increasing international nature of crime is explored thoroughly Providing the most up to date scholarship in addition to the traditional theories on criminology the Encyclopedia of Criminology is the essential one stop reference for students and scholars alike to explore the broad expanse of this multidisciplinary field

Handbook of Forensic Psychology William O'Donohue, Eric R. Levensky, 2004-01-19 Forensic psychology has mushroomed into a diverse and increasingly complex field that is equal parts law and psychology Psychologists act as expert witnesses in legal cases sometimes without knowing much about the laws involved and legal professionals rely on the assessment of psychologists sometimes without knowing much about how such assessments are made The purpose of this handbook is to provide

professionals with current practical and empirically based information to guide their work in forensic settings or to better their understanding of the issues and debates in forensic psychology Divided into four sections the Handbook of Forensic Psychology covers basic issues assessment mental disorders and forensic psychology and special topics The basic issue chapters present a primer on law for the psychologist a primer on psychology for attorneys an overview of ethical issues relevant to forensic psychology and a chapter on forensic report writing The assessment section discusses factors and measures relevant for assessing a variety of behaviors propensities and capabilities including dangerousness violence suicide competency substance abuse PTSD and neuropsychological evaluations as well as discussing interviewing children and child custody evaluations Additional chapters discuss eyewitness testimony recovered memory polygraphs sexual harassment juror selection and issues of ethnicity in forensic psychology

Do the Crime, Do the Time G. Larry Mays,Rick Ruddell,2012-03-09 This book provides a fresh look at the way the United States is choosing to deal with some of the serious or persistent youth offenders by transferring juvenile offenders to adult courts For more than 20 years now the attitude in some jurisdictions has been if you re old enough to do the crime you re old enough to do the time After two decades of applying this increasingly punitive mindset to juvenile offenders it is possible to see the actual consequences of transferring more and younger offenders to adult courts In Do the Crime Do the Time Juvenile Criminals and Adult Justice in the American Court System the authors apply their decades of experience both in the practical world and from unique research perspectives to shed light on the influence of public opinion and the political forces that shape juvenile justice policy in the United States The book provides a fresh look at the way the United States is choosing to deal with some of the serious or persistent juvenile offenders utilizing real life examples and cases to draw connections between transfer policies and individual outcomes

Ready or Not Kay S. Hymowitz,2008-06-30 Children today grow up so fast How often we hear those words uttered both in frustrated good humor and in dumbfounded astonishment Every day the American people hear about kids doing things both good and bad that were once thought to be well beyond their scope flying airplanes running companies committing mass murder Creatures of the information age today s children sometimes seem to know more than their parents They surf the Internet rather than read books they watch South Park instead of The Cosby Show they wear form fitting capri pants and tank tops instead of sundresses in short they are sophisticated beyond their years These facts lead us to wonder Is childhood becoming extinct In Ready or Not Kay S Hymowitz offers a startling new interpretation of what makes our children tick and where the moral anomie of today s children comes from She reveals how our ideas about childrearing itself have been transformed perniciously in reponse to the theories of various experts educators psychologists lawyers media executives who have

encouraged us to view children as small adults autonomous actors who know what is best for themselves and who have no need for adult instruction or supervision Today s children and teenagers have been encouraged by their parents and teachers to function as individuals to such an extent that they make practically every decision on their own what to wear what to study and even what values they will adhere to The idea of childhood as a time of limited competence in which adults prepare the young for maturity has fallen into disrepute independence has become not the reward of time but rather something that our children have come to expect and demand at increasingly younger ages One of the great ironies of turning our children into small adults is that American society has become less successful at producing truly mature men and women When sophisticated children do grow up they often find themselves unable to accept real adult responsibilities Thus we see more people in their twenties and thirties living like children unwilling to embark on careers or to start families Until we recognize that children are different from grownups and need to be nurtured as such Hymowitz argues our society will be hollow at its core

Injustice, Inc. Daniel L. Hatcher,2023-02-21 In *Injustice Inc* Daniel L Hatcher exposes how justice systems are harnessing America s history of racial and economic inequality into revenue generating operations Courts prosecutors probation policing departments and detention facilities are trading away ethics and justice to churn vulnerable children and adults into an unconstitutional factory enterprise These justice institutions are entering contracts to make money removing children from their homes monetizing harm from juvenile delinquency child welfare and child support proceedings extorting fines and fees collaborating with private debt collectors enforcing unpaid child labor seizing property incentivizing arrests and evictions maximizing occupancy in detention and treatment centers and more Hatcher details the disproportionately racialized harm and unconstitutionality of the injustice enterprise and calls for opened eyes to our justice system failings to walk a better path toward instilling truth into the words Equal Justice Under Law **Journal of Crime & Justice** ,1999

Children, Sexuality, and the Law Sacha M. Coupet, Ellen Marrus,2015-05-22 American political and legal culture is uncomfortable with children s sexuality While aware that sexual expression is a necessary part of human development law rarely contemplates the complex ways in which it interacts with children and sexuality Just as the law circumscribes children to a narrow range of roles either as entirely sexless beings or victims or objects of harmful adult sexual conduct so too does society tend to discount the notion of children as agents in the domain of sex and sexuality Where a small body of rights related to sex has been carved out the central question has been the degree to which children resemble adults not necessarily whether minors themselves possess distinct and recognized rights related to sex sexual expression and sexuality *Children Sexuality and the Law* reflects on some of the unique challenges that accompany children in the broader context of sex exploring from diverse perspectives the ways in which children emerge in sexually related dimensions of law and contemporary life It explores a broad range of issues from the psychology of children as sexual beings to the legal treatment of adolescent consent This work also explores whether and when children have a right to expression as understood within the

First Amendment The first volume of its kind Children Sexuality and the Law goes beyond the traditional discourse of children as victims of adult sexual deviance by highlighting children as agents and rights holders in the realm of sex sexuality and sexual orientation **Searching the Law** Edward J. Bander, Frank Bae, Francis R. Doyle, 1987 Rethinking Children, Violence and Safeguarding Lorraine Radford, 2012-04-05 Rethinking Children Violence and Safeguarding explores the victimization of children as well as children who use violence towards others and presents an overview of key developments in research policy and practice within the context of the recent major shift in thinking from child protection towards safeguarding and evidencing better outcomes The gaps between rhetoric and practice are considered and Lorraine Radford argues that the way we think about children and violence has had a profound impact on actions against the abuse of children and children who commit violence Examples of research reflections on research and key points and guidance on further reading make this a really accessible text Rethinking Children Violence and Safeguarding is essential reading for those studying childhood and undergraduate and graduate level and will be of great interest to those working with children in any field Paperbound Books in Print , 1991 **Whitaker's Book List** , 1989 **Aboriginal Youth and the Criminal Justice System** Fay Gale, Rebecca J. Bailey-Harris, Joy Wundersitz, 1990-10-13 In response to request from Aboriginal community leaders this study examines involvement of Aboriginal youth in criminal justice process in South Australia presents statistics for types of offence number of offences prior offending records geographical variations for types of offence in metropolitan rural remote areas gives socio economic profile of offenders discusses Aboriginal police relations compares treatment of Aboriginal and non Aboriginal youth in terms of police discretion in either arresting or reporting offender and relationship between method of apprehension or and Screening Panel referral discusses system of diversion Childrens Aid Panels examines operation of Childrens Court nature of pleas legal representation reports magistrates and judges penalties Youth Crime and Juvenile Justice: Children's rights and state responsibilities Barry Goldson, John Muncie, 2009 This three volume set of original readings is designed to reveal how and why children and young people have been repeatedly the subject of adult concern censure and intervention It conceptualises notions of childhood youth and adolescence whilst also tracing the complex history of adult intervention and juvenile justice This collection is particularly timely not only because of persistent concerns over out of control youth but also because of an apparent hardening of adult reactions in many jurisdictions Youth justice Bowker's Law Books and Serials in Print , 1995
