Italian Psychology and Jewish Emigration under Fascism Patrizia Guarnieri, 2016-05-03 Fascism and the racial laws of 1938 dramatically changed the scientific research and the academic community Guarnieri focuses on psychology from its promising origins to the end of the WWII Psychology was marginalized in Italy both by the neo idealistic reaction against science and fascism unlike Nazism with long lasting consequences Academics and young scholars were persecuted because they were antifascist or Jews and the story of Italian displaced scholars is still an embarrassing one The book follows scholars who emigrated to the United States such as psychologist Renata Calabresi and to Palestine such as Enzo Bonaventura Guarnieri traces their journey and the help they received from antifascist and Zionist networks and by international organizations Some succeeded some did not and very few went back

The Review of Italian American Studies Frank M. Sorrentino, Jerome Krase, 2000-01-01 This collection of articles examines the complex nature of identity in the Italian American community Sorrentino and Krase have constructed a volume that covers topics of diverse interest such as the development of Italian American literary studies and the integration of a uniquely Italian American sensibility into a larger and dominant idea of European American culture As an erudite examination of contemporary studies being done on one of the largest ethnic groups in the United States this work is an essential addition to the ongoing and contentious debates about the nature of ethnicity identity assimilation and acculturation in the United States

The Italian Army in Slovenia Amedeo Osti Guerrazzi, 2013-07-17 This powerful study offers a vivid and often disturbing account of the Italian army's occupation of Slovenia during World War II It moves from the decision of the Italians to annex Slovenia in 1941 through local resistance and brutal reaction against civilians to the army's ultimate collapse following Italy's defection from the Axis

Women, Terrorism, and Trauma in Italian Culture R. Glynn, 2013-02-21 Addressing cultural representations of women's participation in the political violence and terrorism of the Italian anni di piombo years of lead c 1969-83 this book

conceptualizes Italy's experience of political violence during those years as a form of cultural and collective trauma **The Missing Italian Nuremberg** M. Battini, 2007-08-20 This book explores how the trial of the entire military command of the Nazi power structure in Italy prepared by the Allies following the Nuremberg mode came to be replaced by a few contradictory trials of very minor significance This resulted in an enormous historical misrepresentation of the Nazi occupation of Italy **Italy and the Mediterranean** N. Bouchard, V. Ferme, 2013-09-04 The Mediterranean has always loomed large in the history and culture of Italy and since the 1980s this relationship has been represented in ever more varied forms as both national and regional identities have evolved within a globalized context This interdisciplinary volume puts Italian artists writers musicians and filmmakers and intellectuals philosophers sociologists and political scientists in conversation with each other to explore Italy's Mediterranean identity while questioning the boundaries between Self and Other and between native and foreign bodies By moving beyond nation centric models of cultural and ethnic homogeneity based on myths of progress and rationality these wide ranging contributions fashion new ways of belonging that transcend the cultural economic religious and social categories that have characterized post Cold War Italy and Europe **Beyond History** Elijah Nyaga Munyi, David Mwambari, Aleksi Ylönen, 2020-08-27 Moving beyond a self indulgent attitude about Africa's historical victimhood the book seeks to capture how African states individually and Africa's collective institutions the AU are providing agency in Africa's international relations While African states have been trailblazers in such ideas as The Responsibility to Protect as conceived in the African Union Constitutive Act 2001 which preceded the United Nations UN Secretary General's report In Larger Freedom 2005 in which the UN adopted the concept African agency in international relations has not always been captured proactively This volume seeks to document Africa and African states in a state of proactivity as opposed to a reactionary mode of international relations which has long been the case due to the discipline's heavy concentration on the West The main themes explored are African agency in international relations and commerce agency in Africa's balancing of big and regional powers reshaping Africa EU relations beyond the Cotonou Agreements Africa and international human rights institutions African efforts in elections and conflicts in Africa and relationship building among African leaders Spaghetti Sissies Queering Italian American Media Julia Heim, Sole Anatrone, 2023-04-28 This contributed volume brings together personal accounts and scholarly research in an examination of the LGBTQIA Italian American experience and representation in North American media This is a population that has long been ignored both as an object of study and as a media maker and consumer Through consistent filmic representation the image of the Italian American has become archetypal leaving us with a set of immediately recognizable characters the hyper macho blue collar greaser the anti intellectual GTL Guido the child obsessed mamma and the heteronormative mafia family The rhetorical and literal loudness of these characters drowns out other possible embodiments of Italian American identity so that few examples survive of Italian Americans that do not conform to these classed heterosexual modes of being This volume fills that void foregrounding

the importance of representation and of rethinking the historical narratives and cultural stereotypes surrounding Italian American identity This book is especially designed for those with an interest in queer theory gender and sexuality studies Italian American studies and media and cultural studies *New Reflections on Primo Levi* R. Hanlon, 2007-04-02 Melding evolutionary theory and both animal and human ethology together with close descriptive historical research on a typical Tuscan village in the Seventeenth century Hanlon explains the good reasons individuals had for behaving in ways that now seem strange to us **Italy's Divided Memory** J. Foot, 2009-12-07 This book argues that contemporary Italian history has been marked by a tendency towards divided memory Events have been interpreted in contrasting ways and the facts themselves often contested Moreover with so little agreement over what happened and why it happened it has been extremely difficult to create any consensus around memory These divisions have been seen at all levels but take on particular importance when linked to the great traumatic and life changing events of the Twentieth century war terrorism disaster but can also be applied to more cultural fields such as sport and everyday life Social change also has an impact on memory This book will take the form of a voyage through Italy and into Italy's past looking at stories of divided memory over various periods in the twentieth century These stories will be interwoven with analysis and discussion

Women in Italy, 1945-1960: An Interdisciplinary Study P. Morris, 2006-10-30 This volume brings together specialists from a variety of disciplines to develop a deeper understanding of the social political and cultural history of women in Italy in the years 1946-1960 Despite being a time when women and the family were at the center of national debates and when society changed considerably the fifteen years following the Second World War have tended to be overlooked or subsumed into discussions of other periods By focusing on the experience of women and by broadening the frame of reference to include subjects and sources often ignored or only alluded to by traditional analyses the essays in this volume break new ground and provide a corrective to previous interpretive models *Tobruk* David Mitchelhill-Green, 2021-07-28 Tobruk was one of the greatest Allied victories and one of the worst Allied defeats of the Second World War The eight month long 1941 siege a

defiant stand by the so called Rats of Tobruk captured the world's attention Conversely the fall of Tobruk in June 1942 came a shock to the Allies in the wake of Japan's entry into the war and a string of defeats in the Far East It rocked the foundation of Winston Churchill's premiership revived the flagging hopes of the German people and fanned the flames of Arab unrest It furthered Rommel's ascendancy and marked a turning point in Anglo American relations and the fight against Nazi Germany Tobruk Fiercely Stand or Fighting Fall presents a new perspective asking why the remote fortress successfully fought off repeated attacks in 1941 before tragically falling to Rommel's Axis forces in just 24 hours in mid 1942 It begins with Italy's invasion of Ottoman held North Africa in 1911 before introducing key individuals Rommel Mussolini and Morshead to examine how their WWI service shaped later events From Mussolini's ill fated invasion of Egypt in September 1940 the book explores the capture of Tobruk in January 1941 by the Australian 6th Division the ensuing siege of its sister 9th Division and the fortress disastrous capitulation [African Migrants and Europe](#) Lorenzo Rinelli,2015-09-16 The process of migration control mirrors the trajectories of the people who traverse national boundaries making today's borders flexible and fluid This book explores the transformation of migration control in the post 9 11 era It looks at how border controls have become more diffuse in the face of increased human flows from Africa and presents a critical analysis of the dispositif of European migration control including detention without trial derogation of human rights law torture extraordinary rendition the curtailment of civil liberties and the securitization of migration By examining the role of Gaddafi's Libya in the last ten years as a gendarme of Europe it argues for a re-visioning of borders and frontiers in ways that can account for their dialectical nature and for the dialectical nature of political life This text will be of key interest to scholars and students of European studies African studies security studies international relations global studies comparative politics cultural geography migration studies and border theory **Berlusconism and Italy** G. Orsina,2014-09-04 From the outset Silvio Berlusconi's career was expected to be short and he has been considered finished several times only to have reemerged victorious This fascinating political and historical study shows that Berlusconi's success and resilience have lain in his ability to provide answers to longstanding questions in Italian history
