! Remember, driving comes first, not the call!

Using a mobile phone while driving can distract you and increase the likelihood of an accident. If driving conditions demand it (such as bad weather, high traffic density, presence of children in the car, difficult road conditions), pull off the road and park before making or answering calls. Also, try to keep conversations short and do not make notes or read documents.

**Use of this headset with both ears covered
while driving may
not be permitted in certain countries.**

**Remember: Always drive safely, avoid distractions and
follow local laws.**

**'Avoid using headphones with the volume turned up for an extended period
of time. Doing so can damage your hearing. It is advisable to keep the
volume at a moderate level at all times.'**
