The Man Who Broke Capitalism David Gelles, 2022-05-31 New York Times Bestseller New York Times reporter and Corner Office columnist David Gelles reveals legendary GE CEO Jack Welch to be the root of all that s wrong with capitalism today and offers advice on how we might right those wrongs In 1981 Jack Welch took over General Electric and quickly rose to fame as the first celebrity CEO He golfed with presidents mingled with movie stars and was idolized for growing GE into the most valuable company in the world But Welch s achievements didn t stem from some greater intelligence or business prowess Rather they were the result of a sustained effort to push GE s stock price ever higher often at the expense of workers consumers and innovation In this captivating revelatory book David Gelles argues that Welch single handedly ushered in a new cutthroat era of American capitalism that continues to this day Gelles chronicles Welch s campaign to vaporize hundreds of thousands of jobs in a bid to boost profits eviscerating the country s manufacturing base and destabilizing the middle class Welch s obsession with downsizing he eliminated 10% of employees every year fundamentally altered GE and inspired generations of imitators who have employed his strategies at other companies around the globe In his day Welch was corporate America s leading proponent of mergers and acquisitions using deals to gobble up competitors and giving rise to an economy that is more concentrated and less dynamic And Welch pioneered the dark arts of financialization transforming GE from an admired industrial manufacturer into what was effectively an unregulated bank The finance business was hugely profitable in the short term and helped Welch keep GE s stock price ticking up But ultimately financialization undermined GE and dozens of other Fortune 500 companies Gelles shows how Welch s celebrated emphasis on increasing shareholder value by any means necessary layoffs outsourcing offshoring acquisitions and buybacks to name but a few tactics became the norm in American business generally He demonstrates how that approach has led to the greatest socioeconomic inequality since the Great Depression and harmed

many of the very companies that have embraced it And he shows how a generation of Welch acolytes radically transformed companies like Boeing Home Depot Kraft Heinz and more Finally Gelles chronicles the change that is now afoot in corporate America highlighting companies and leaders who have abandoned Welchism and are proving that it is still possible to excel in the business world without destroying livelihoods gutting communities and spurning regulation **Jack Welch Speaks** Janet Lowe,2008-01-28 Jack Welch turned General Electric around making it a healthy global giant of 12 businesses This book of excerpts from his speeches and writing distills the essence of his wisdom and shows how his ideas worked for General Electric Hire With Your Head Lou Adler,2012-06-12 Hire with Your Head Updated with new case studies and more coverage of the impact and importance of the Internet in the hiring process this indispensable guide has shown tens of thousands of managers and human resources professionals how to find the perfect candidate for any position Lou Adler s Performance based Hiring is more powerful than ever We have chosen Performance based Hiring because it s a comprehensive process it s behaviorally grounded managers and recruiters find it easy to use and it works Marshall Utterson Director Staffing AIG Enterprise Services LLC Everyone s looking for the perfect means to make effective hiring decisions A trained interviewer armed with the right tools is the best solution Performance based Hiring is a proven methodology to get these results John Ganley Vice President and Chief Talent Officer Quest Software Any staffing director that doesn t send all of their people through Performance based Hiring training is missing out on top talent plain and simple This should be the standard throughout the industry Dan Hilbert Recruiting Manager Valero Energy Corporation Performance based Hiring has been the most successful recruitment tool that we have added to our organization over the past few years In fact these tools have not only produced amazing outcomes in terms of selecting the best fit in an extremely tight labor market but with a level of success among our operations customers that I have rarely seen with other HR products Trudy Knoepke Campbell Director Workforce Planning HealthEast r Care System **The 5 Paths to Persuasion** Robert B. Testosterone Inc Christopher M. Byron, 2005-04-08 In *Testosterone Inc* Tales of CEOs Gone Wild bestselling author and New York Post columnist Chris Byron chronicles the Gatsby like saga of the rise and fall of the celebrity CEO During the height of the 1990s bull market they were America's new heroes the heroes of business They were

our bold new leaders cutting the fat pushing for productivity implementing visionary plans and making strategic deals When the bull market turned to bust and the applause turned to cat calls the world was shocked at the truth Drenched in money and public acclaim our CEO heroes mostly white mostly male mostly middle aged turned out to be not much different than a group of twenty something rock stars drunk on power and driven by sex greed and glamour Testosterone Inc goes behind the boardroom doors to show the serial affairs and marriages of these acquisitive corporate titans At the center of this story is Jack Welch the biggest of America s rock star CEOs and the former head of General Electric Co surrounded by mini me CEOs Ron Perelman of Revlon Al Dunlap of Sunbeam and Dennis Kozlowski of Tyco all gone wild in public displays of consumption and predatory appetites writ large Byron gets inside the bars where Welch liked to hang out and pick up women with his early business soul mate buddies Byron hovers unseen at the elbow of Ron Perelman and his mistress aboard the Concorde for a week in Paris in his mistaken belief that his wife knows nothing about his secret affair Byron peeks behind the curtains of a U S Army officers quarters to behold Al Dunlap horrifying his first wife who claimed in her divorce action that Dunlap would point his knife at her and say I often wondered what human flesh tasted like Byron becomes a fly on the wall to chronicle the longing for respect and serial womanizing of Dennis Kozlowski Frequently hilarious sometimes heartbreaking Testosterone Inc follows the intertwined lives of these four corporate heroes from childhood to their ultimate moments of glory and the crash and burn calamities that followed as man s age old hunger for power greed and temptation undid them all From suicide to murder from dysfunctional childhoods to dysfunctional marriages in adulthood from business chutzpah to financial suicide here is the ultimate untold business story of our time what went on at century s end when testosterone got the best of businessmen everywhere and CEOs went wild Cultural Critique and the Global Corporation Purnima

Bose, Laura E. Lyons, 2010 This book examines the stories that corporations tell about themselves and explores the powerful influence of corporations in the transformation of cultural and social life Six case studies draw on CEO memoirs annual reports management manuals advertising campaigns and other sources to analyze the self representations and rhetorical maneuvers that corporations use to obscure the full extent of their power Images of corporate character and responsibility are intertwined with the changes in local economy politics and culture wrought by globalization and neoliberalism The contributors to this volume describe the effects of specific corporate practices on individuals and communities and how activists and academics are responding to labor and environmental abuses Make the Connection Steve Adubato, 2006

Annotation A collection of practical essays sharing concrete tips to help you connect more effectively at work at home in leadership roles and in high tech environments With timely examples and practical suggestions this book is for anyone looking to improve their professional and personal relationships **CIO**, 2002-05-15 **New Paradigms on Becoming a Leader** Acene F. Fleurmons, 2013-07-11 Becoming a leader should be one of the greatest ambitions a person could ever have Leading other people seems to be such an honorable thing which has potential to elevate one s status with prestige honor

and so on It is so true that I will spend my lifetime to encourage you all to go for it to fight with your soul and spirit except with your body to step after Mahatma Gandhi who was able to lead India to its independence using non violent fight in order to reach this mountaintop However it is not without prices and responsibilities It seems that a leader s responsibilities are greater than his rights in such a point there is nothing to gain in leading other people It would have been better to be led than to be leading So leadership would bring more pain to a leader s life than satisfaction However as leadership must be about serving others and the spirit of service leads to greatness it is good to aspire to become a leader Now what does it take for one to become a leader Responding to this question will be all our endeavors in writing this book
