## **Great Lengths Seven Works Of Marathon Theater:**

Great Lengths Jonathan Kalb, 2011-10-06 Reading this book is certainly a vigorous experience Kalb's sense of nuance unpredictability and the complexity of perception brings these productions to life He is our surrogate our scapegoat even enduring the length of these productions so that he can convey the essence of their power Stanton B Garner Jr University of Tennessee Jonathan Kalb takes us on a tour of monumental theater events which flaunt the rules of economy Aristotelian and otherwise Kalb captures these unwieldy marathon productions by skillfully mixing personal experience and scholarly analysis I read this engaging book in a single sitting and came away ready to join the first theater marathon I could find Martin Puchner Harvard University Jonathan Kalb's Great Lengths leaps to the head of any class in theatre history Rich with critical perspective of marathon works by Peter Brook Tony Kushner Robert Wilson and others and written with panache and lucidity Kalb's book is filled with suspense as he describes and demystifies more than the post modern and post dramatic haunting recent theatre This is history as present event embracing the Greeks Shakespeare and even Charles Dickens Gordon Rogoff Yale University We know that size matters in many areas of human endeavor but what about works of the imagination Why do some dramatic creations extend to five hours or more and how does their extreme length help them accomplish extraordinarily ambitious aims In Great Lengths theater critic and scholar Jonathan Kalb addresses these and other questions through a close look at seven internationally prominent theater productions including Tony Kushner's *Angels in America* Robert Wilson's *Einstein on the Beach* and the Royal Shakespeare Company's *Nicholas Nickleby* This is a book about extreme length monumental scope and intensive immersion in the theater in general written by a passionate spectator reflecting on selected pinnacles of his theatergoing over thirty years The book's examples deliberately chosen for their diversity range from adapted novels and epics to dramatic chronicles with macrohistorical and macropolitical implications to stagings of super size classic plays to postdramatic works that negotiate the border between life and art Kalb reconstructs each of the works re-creating the experience of seeing it while at the same time explaining how it maintained attention and interest over so many hours and then expanding the scope to embrace a wider view and ask broader questions The discussion of *Nicholas Nickleby* for example considers melodrama as a basic tool of theatrical communication and the section on Peter Brook's *The Mahabharata* explores the ethical problems surrounding theatrical exoticism The chapter on *Einstein on the Beach* grows into a reflection on the media age status of the much debated Gesamtkunstwerk or total artwork and a reassessment of the long avant gardist tradition of challenging the primacy of rational language in theater The essay on Peter Stein's *Faust I II* becomes a reflection on the interpretive role of theater directors and the theatrical viability of antitheatrical closet drama Great Lengths thus offers a remarkable panorama of the surprisingly broad field of contemporary marathon theater an art form that diverse audiences of savvy screen weaned spectators continue to seek out for the increasingly rare experiences of awe transcendence and sustained immersion that it provides Great Lengths will appeal to general readers as well as theater

specialists It situates the chosen productions in various historical and critical contexts and engages with the many lively scholarly debates that have swirled around them At the same time it uses the productions as springboards for wide ranging reflections on the basic purpose and enduring power of theater in an attention challenged media saturated era **Doing the Time Warp** Sarah Taylor Ellis, 2022-01-27 *Doing the Time Warp* explores how song and dance sites of aesthetic difference in the musical can warp time and enable marginalized and semi marginalized fans to imagine different ways of being in the world While the musical is a bastion of mainstream theatrical culture it also supports a fan culture of outsiders who dream themselves into being in the strange liminal timespaces of its musical numbers Through analysing musicals of stage and screen ranging from *Rent* to *Ragtime* *Glee* to *Taylor Mac* s *A 24 Decade History of Popular Music* Sarah Taylor Ellis investigates how alienated subjects find moments of coherence and connection in musical theatre s imaginaries of song and dance Exploring an array of archival work and live performance such as Larry Gelbart s papers in the UCLA Performing Arts Collections and the shadowcast performances of Los Angeles s *Sins o the Flesh* *Doing the Time Warp* probes the politics of musicals and consider show the genre s strange temporalities can point towards new futurities for identities and communities in difference **Performing Immanence** Jan Suk, 2021-01-18 *Performing Immanence* Forced Entertainment is a unique probe into the multi faceted nature of the works of the British experimental theatre Forced Entertainment via the thought of Gilles Deleuze and Félix Guattari Jan Suk explores the transformation potentiality of the territory between the actors and the spectators namely via Forced Entertainment s structural patterns sympathy provoking aesthetics audience integration and accentuated emphasis of the now Besides writings of Tim Etchells the company s director the foci of the analyses are devised as well as durational projects of Forced Entertainment The examination includes a wider spectrum of state of the art live artists e g Tehching Hsieh Franko B or Goat Island discussed within the contemporary performance discourse *Performing Immanence* Forced Entertainment investigates how the immanent reading of Forced Entertainment s performances brings the potentiality of creative transformative experience via the thought of Gilles Deleuze The interconnections of Deleuze s thought and the contemporary devised performance theatre results in the symbiotic relationship that proves that such readings are not mere academic exercises but truly life illuminating realizations

*Theatre and its Audiences* Kate Craddock, Helen Freshwater, 2024-01-25 Written in the aftermath of the Covid crisis this book brings the past present and future of theatre going together as it explores the nature of the relationships between performance practitioners arts organisations and their audiences Proposing that the pandemic forced a re evaluation of what

it means to be an audience and combining historical and current cultural sector perspectives the book reflects on how historical conventions have conditioned present day expectations of theatre going in the UK Helen Freshwater examines the ways in which developments in technology architecture and forms of communication have influenced what is expected by and of audiences reflecting changes in theatre's cultural status and place in our lives Drawing on the first hand experiences of festival director and performance practitioner Kate Craddock it also contends that practitioners now need to turn their attention to care access and sustainability arguing that the pandemic taught us above all that it is possible to do things differently Part vision part provocation part critical interrogation Theatre and its Audiences offers an insightful appraisal of past norms and assumptions to set out a bold argument about where we should go from here *Microdramas* John H. Muse, 2017-10-13 In *Microdramas* John H. Muse argues that plays shorter than twenty minutes deserve sustained attention and that brevity should be considered a distinct mode of theatrical practice Focusing on artists for whom brevity became both a structural principle and a tool to investigate theater itself August Strindberg Maurice Maeterlinck F T Marinetti Samuel Beckett Suzan Lori Parks and Caryl Churchill the book explores four episodes in the history of very short theater all characterized by the self conscious embrace of brevity The story moves from the birth of the modernist microdrama in French little theaters in the 1880s to the explicit worship of speed in Italian Futurist synthetic theater to Samuel Beckett's often misunderstood short plays and finally to a range of contemporary playwrights whose long compilations of shorts offer a new take on momentary theater Subjecting short plays to extended scrutiny upends assumptions about brief or minimal art and about theatrical experience The book shows that short performances often demand greater attention from audiences than plays that unfold more predictably *Microdramas* put pressure on preconceptions about which aspects of theater might be fundamental and about what might qualify as an event In the process they suggest answers to crucial questions about time spectatorship and significance *Writing and the Modern Stage* Julia Jarcho, 2017-04-18 This book presents a new argument that reimagines modern theater's critical power and places innovative writing at the heart of the experimental stage *That Was Us* Fintan Walsh, Willie White, 2013-10-04 In the wake of Ireland's recent economic rise fall and associated social crises theatre and performance have played vital roles in reflecting on the past engaging the present and imagining possible futures *That Was Us* features a wide rich range of critical essays and artist reflections that strive to make sense of some of the most significant shifts and trends in contemporary Irish theatre and performance Focusing on artists connected to the Dublin Theatre Festival the book addresses work by the Abbey Theatre ANU Productions Brokentalkers The Corn Exchange Druid Fabulous Beast Dance Theatre the Gate Theatre Landmark Productions Rough Magic Theatre Company THEATREclub Theatre Lovett Pan Pan The Stomach Box and THISISPOPBABY among others Some of the burgeoning forms and practices discussed include site specific and site responsive theatre testimonial documentary and biographical performance dance theatre theatre for children and families new writing and fresh takes on canonical writing
