Muslim Women and Agency: an Australian Context Ghena Krayem, Susan Carland, 2021-11-01 Muslim women's freedom or assumed lack thereof has long been a Western obsession. Almost never do we ask what does agency look like to Muslim women. Who or what do they think constrains them and how do they challenge that? Focussing on the little researched area of the Australian Muslim community, this book brings together for the first time diverse accounts from Australian Muslim researchers, leaders and community workers to interrogate how Muslim women understand experience and fight for agency. Academic and activist, personal and political, this ground-breaking book features the people at the centre of the debate. Contributors are Feda Abdo, Amira Aftab, Mahsheed Ansari, Fadi Baghdadi, Susan Carland, Tasneem Chopra, Mehreen Faruqi, Derya Iner, Balawyn Jones, Souha Korbatieh, Ghena Krayem, Mehal Krayem and Ayah Wehbe. **Advancing the Legal Status of Women in Islamic Law** Mona Samadi, 2021-05-25 Mona Samadi examines the sources of gender differences within the Islamic legal tradition and describes how Islamic law entitles individuals to justice according to their status, abilities and potential. In the case of men and women's capabilities, the underlying principle is that they are entitled to the same rights as long as their capabilities are the same. In the legal construction of women's status, women have been prescribed lacking the same abilities and capabilities as men. As such, their status and rights differ, justifying men to be the maintainers of women. By presenting the historical development of women's status and how women's legal status is debated in contemporary Muslim societies, Mona Samadi convincingly provides various methods for facilitating change within the Islamic legal theory framework. **The Woman "From Obscurity to the Wings of Change"** Dr. Onu Felix Madu Wogu (B.Sc, MBA, Ph.D, K.Sc), 2021-12-03 The Woman From Obscurity to the Wings of Change. This book is all about the woman God created. The woman when he saw and said, 'It is not good that the man should be alone.' Genesis 2:18. God was not satisfied at a stage with the performances of Adam alone in the garden of Eden. God therefore created the woman for fruitfulness and to unveil hidden knowledge, wisdom and procreation in fulfillment of God's blessings and wishes for his creation on earth. The men on earth became jealous and suspicious of the woman because of her nature and qualities. The early religious leaders, family heads, the community leaders, authors and Bible writers, the governments in the Middle East and society in general made laws and culture aimed at demeaning and downplaying the woman's qualities and contributions. They veiled the woman to obscurity in the land. Centuries later, women passed through changes toward emancipation as a result of pressure by feminist groups, government and civil society agencies in developed and civilized countries who made legislations and edicts prohibiting discrimination and gender inequality laws against women. Several women and men organizations in cooperation with government initiated activities and made laws aimed at abolishing all kinds of gender discrimination in their nations. As a result of these laws, women became not just educated but they became educators in various fields of science and technology. Highflier women became professors, doctors, engineers, pilots, political leaders, heads of states and industrial leaders in their nations. Today's women are on the wings of change. They now compete with men all over the world. Women are becoming

more equal to men than expected Many men are confused and are looking up to the women highfliers for direction

Sensible Religion Christopher Lewis, Dan Cohn-Sherbok, 2016-04-01 Around the globe religion is under attack Humanists secularists and atheists depict believers as deluded and dangerous The aim of this book is to challenge this perception Sensible Religion defends the validity and emphasises the excitement of the religious quest across the faiths It demonstrates that the practice of sensible religion is often a courageous path pitted against religious extremism and secularism Written by committed believers from the major world's faiths the book endorses the term sensible as expressing religious reasonableness as well as sensitivity to criticism and new insights Followers of the different traditions live ordinary lives in the mainstream of the world This volume therefore addresses beliefs and the manner in which these convictions relate to social political and ethical action Countering the argument that religion is at root extremist and irrational Sensible Religion brings together thoughtful and critical reflections by leading thinkers about humanity's spiritual quest
