Incorporated David Leverenz, 2003 Between the Civil War and World War I David Leverenz maintains the corporate transformation of American work created widespread desire for upward mobility along with widening class divisions In his view several significant narrative constructs notably the daddy s girl and the daddy s boy emerge at the intersection between paternalist practices and more democratic possibilities for self advancement From Mark Twain's Laura Hawkins in The Gilded Age to the protagonist of Theodore Dreiser's Sister Carrie and Willa Cather's Alexandra Bergson in O Pioneers Leverenz finds that the image of the daddy s girl constrains the emerging threat of the career woman even as it articulates the lure of upward mobility for women In surveying the figure of the daddy's boy Leverenz examines tensions between young men s desires for upward mobility and older men s desires for paternal control Paternalism Incorporated also addresses yearnings for individualism and paternalism in various critiques of the emerging corporation Another chapter links honor and shaming to race in the philanthropic practices of Andrew Carnegie and John D Rockefeller framed with narratives by William Dean Howells Booker T Washington and Jane Addams After showing how a daddy s girl becomes a paternalist in Henry James s The Golden Bowl Leverenz considers F Scott Fitzgerald s Tender is the Night as paternalism s elegy contrasted with the Shirley Temple film The Little Colonel Catalog of Copyright Entries. Third Series Library of Congress. Copyright Mark Twain Harold H. Kolb Jr., 2014-10-29 Mark Twain is America's perhaps the world's best known Office, 1971 humorous writer Yet many commentators in his time and our own have thought of humor as merely an attractive surface feature rather than a crucial part of both the meaning and the structure of Twain s writings This book begins with a discussion of humor and then demonstrates how Twain's artistic strategies his remarkable achievements and even his philosophy were bound together in his conception of humor and how this conception developed across a forty five year career Kolb shows that Twain is a writer whose lifelong mode of perception is essentially humorous a writer who sees the world in the sharp clash of contrast whose native language is exaggeration and whose vision unravels and reorganizes our perceptions Humor in all its mercurial complexity is at the center of Mark Twain's talent his successes and his limitations It is as a humorist amiably comic sharply satiric grimly ironic simultaneously humorous and serious that he is best understood
