Fairy Tales, Fables & Yarns For All Ages Robert Lee, Fairy tales are escapes into wondrous worlds It is only our inflexible adult reasoning that tells us that they are just for children Fables too are disdainfully disregarded by grown ups in spite of the valuable life lessons that they often provide It is only yarns and tall tales that are permitted to dwell in the

structured world of the adult I have compiled this collection of silly inconsequential stories and poems to satisfy the child in any of us that has been handicapped by active imagination and has been unable to fully embrace the responsible pedantic adult world A few of these little stories were written for my children as they journeyed from childhood to adolescence to adulthood I hope that the tales have allowed them to avoid becoming staid grownups A few of these yarns were written for staid adults I am glad to say that they for a few moments anyway were able to become irresponsible children again A couple specifically the romantic poems were written for my wife who I hope will not be terribly upset that I have shared private thoughts with the world Many were written just for me No reason other than that I like being a perpetual child For those of you who dare to explore wondrous worlds even if you do so in the secrecy of your own hidden sanctums I welcome you to my haven Please enjoy and thank you *Tricksters, Monsters and Clever Girls* Sigrid Schmidt, 2001
