Green Revolution Coming Together To Care For Creation:

Green Revolution Ben Lowe, 2009-02-23 Activist Ben Lowe calls the present generation to come together and care for the earth in a way that recent generations have not. Telling real life stories of community organizing on college campuses across the nation, Lowe shows us that little things can make a big difference when we all work together. **Green Revolution** Ben Lowe, 2009-11-19 We are facing planet sized challenges. Climate change and environmental crises can be pretty immobilizing and we can fall into the temptation of thinking that we can't make a difference. But it's not just about what we can do on our own to make a difference. It's about what we can do when we mobilize together as a movement and combine for community action. Activist Ben Lowe calls the present generation to come together and care for the earth in a way that recent generations have not. Telling real life stories of community organizing on college campuses across the nation, Lowe shows us that little things can make a big difference when we all work together. We now have an opportunity to show the world what it looks like when Christians care for the planet God gave us so that future generations can live sustainably. This is our moment. This is our issue. Come join the green revolution. *Creation Care and the Gospel* LAUSANNE MOVEMENT, 2016-06-02 How should Christians react to environmental crisis? Historically evangelicals have ignored this aspect of living for Christ so this book aims to reinvigorate and empower Christians across the globe to care for creation. This book collects the work of biblical scholars, theologians, biologists, environmental researchers, and community organizers who met at The Global Consultation on Creation Care and the Gospel in Jamaica in 2012. Participants from 23 countries as diverse as Argentina, Bangladesh, Benin, and Canada gathered for five days to pray, talk, and reflect on the state of the planet, the home in which we live, and on the role and ministry of the church in caring for God's creation. The book contains biblical and theological affirmations from well-respected scholars and teachers reminding us that caring for creation is central to the evangelical faith. It is an integral part of our mission, an expression of our worship of God, and a matter of great joy and hope. *Religion and Resistance in Appalachia* Joseph D. Witt, 2016-12-09 In the last fifty years, the Appalachian Mountains have suffered permanent and profound change due to the expansion of surface coal mining. The irrevocable devastation caused by this practice has forced local citizens to redefine their identities, their connections to global economic forces, their pasts, and their futures. Religion is a key factor in the fierce debate over mountaintop removal; some argue that it violates a divine mandate to protect the earth while others contend that coal mining is a God-given gift to ensure human prosperity and comfort. In *Religion and Resistance in Appalachia: Faith and the Fight against Mountaintop Removal Coal Mining*, Joseph D. Witt examines how religious and environmental ethics foster resistance to mountaintop removal coal mining. Drawing on extensive interviews with activists, teachers, preachers, and community leaders, Witt's research offers a fresh analysis of an important and dynamic topic. His study reflects a diversity of denominational perspectives, exploring Catholic and mainline Protestant views of social and environmental justice, evangelical Christian readings of biblical ethics, and Native and nontraditional spiritual traditions. By

placing Appalachian resistance to mountaintop removal in a comparative international context Witt's work also provides new outlooks on the future of the region and its inhabitants His timely study enhances challenges and advances conversations not only about the region but also about the relationship between religion and environmental activism Green Education Julie Newman, 2011-06-28 Colorful bracelets funky brooches and beautiful handmade beads young crafters learn to make all these and much more with this fantastic step by step guide In 12 exciting projects with simple steps and detailed instructions budding fashionistas create their own stylish accessories to give as gifts or add a touch of personal flair to any ensemble Following the successful Art Smart series Craft Smart presents a fresh fun approach to four creative skills knitting jewelry making papercrafting and crafting with recycled objects Each book contains 12 original projects to make using a range of readily available materials There are projects for boys and girls carefully chosen to appeal to readers of all abilities A special techniques and materials section encourages young crafters to try out their own ideas while learning valuable practical skills

Mission of the Church Jerome Boone, Jerald Daffe, William Effler, Henry Smith, 2018-05-30 What is the mission of the corporate church What is the mission of local churches regardless of denominations What is the reason for the existence of the local church These three questions not only deserve consideration by leadership but also need to be understood by the entire membership to enable productive kingdom work It is so easy for a congregation to develop programs and activities based on what other groups are doing or on what are the perceived needs of the moment These do have value however they tend to be based on our human concepts rather than the directives of Scripture Terry Cross Dean of the School of Religion at Lee University describes this book as follows Another book on the church This one is different Thirteen seasoned professors with some 400 years of combined ministerial experience engage various aspects of the mission of the church Much like the pulse that beats from a strong heart the idea of partnering with God's mission as transformed participants in God's work reappears throughout the chapters While the focus of attention is different for each author the theme beats the same pulse throughout the mission of God is the heart of God and must be the heart of the church With additional contributions from Bob Bayles Terry Cross Rolando Cuellar Tom Doolittle Jimmy Harper John Lombard Lisa Long Edley Moodley Mark Walker

For the Beauty of the Earth Steven Bouma-Prediger, 2010-04 This substantially revised and updated edition provides the most thorough evangelical treatment available on a theology of creation care America Goes Green Kim Kennedy White, 2012-11-12 This three volume encyclopedia explores the evolution of green ideology and eco friendly practices in contemporary American culture ranging from the creation of regional and national guidelines for green living to the publication of an increasing number of environmental blogs written from the layperson's perspective Evidence of humanity's detrimental impact on the environment is mounting As Americans we are confronted daily with news stories blogs and social media commentary about the necessity of practicing green behaviors to offset environmental damage This essential reference is a fascinating review of the issues surrounding green living including the impact of this lifestyle on Americans

time and money the information needed to adhere to green principles in the 21st century and case studies and examples of successful implementation America Goes Green An Encyclopedia of Eco Friendly Culture in the United States examines this gripping topic through 3 volumes organized by A Z entries across 11 themes state by state essays grouped by region and references including primary source documents bibliography glossary and green resources This timely encyclopedia explores the development of an eco friendly culture in America and entries present the debates viewpoints and challenges of green living

Let Creation Rejoice Jonathan A. Moo, Robert S. White, 2014-05-02 The Bible is full of images of God caring for his creation in all its complexity Yet experts warn us that a so called perfect storm of factors threatens the future of life on earth The authors assess the evidence for climate change and other threats that our planet faces in the coming decades while pointing to the hope God offers the world and the people he made

Between God & Green Katharine K. Wilkinson, 2012-04-01 Despite three decades of scientists warnings and environmentalists best efforts the political will and public engagement necessary to fuel robust action on global climate change remain in short supply Katharine K Wilkinson shows that contrary to popular expectations faith based efforts are emerging and strengthening to address this problem In the US perhaps none is more significant than evangelical climate care Drawing on extensive focus group and textual research and interviews *Between God Green* explores the phenomenon of climate care from its historical roots and theological grounding to its visionary leaders and advocacy initiatives Wilkinson examines the movement s reception within the broader evangelical community from pew to pulpit She shows that by engaging with climate change as a matter of private faith and public life leaders of the movement challenge traditional boundaries of the evangelical agenda partisan politics and established alliances and hostilities These leaders view sea level rise as a moral calamity lobby for legislation written on both sides of the aisle and partner with atheist scientists Wilkinson reveals how evangelical environmentalists are reshaping not only the landscape of American climate action but the contours of their own religious community Though the movement faces complex challenges climate care leaders continue to leverage evangelicalism s size dominance cultural position ethical resources and mechanisms of communication to further their cause to bridge God and green

Green Like God Jonathan Merritt, 2010-04-21 In *GREEN LIKE GOD* Jonathan Merritt gently and insightfully observes that the bible has a lot to say about environmental problems like unclean water material waste over consumption air pollution and global warming In fact Jonathan writes that in the book of Genesis God went green and never looked back Relying heavily on scripture Jonathan gives the case for green living but not because it s trendy and hip Rather it s part of living rightly as a believer It s an act of obedience to our Creator God *GREEN LIKE GOD* is at once practical prescriptive and conversational in tone The author looks at a number of trends with tips to help the reader wade into the world of creation care living An appendix includes suggestions of things we can do In addition the book includes interviews with everyday Christians to tell the story of the journey to environmental stewardship among people of faith This is the book that Christians are longing for and need today

Written for a new generation of Christians who are struggling with how to deal with the important issue of creation care and green living GREEN LIKE GOD is both highly relevant and theologically sound It will have a profound impact on how Christians live and interact with the world today *Christian Faith and Environmental Stewardship* Daniel K.

Lagat,2019-03-15 This book covers the contribution of Christianity in the care stewardship and management of the environment It uses ideas from the logical position of a Christian created in God s image redeemed by God and given responsibility to subdue and keep the earth arguing that a Christian has the responsibility and mandate to care for the environment It shows that successful stewardship happens when a Christian is aware of God s intention for creation exerts effort to increase it and is expected to give an account to God for their actions toward it The book presents environmental concerns in Kenya as an opportunity for change describing situations and why they could become opportunities for change Seven worldviews are presented that discourage Christians who want to do environmental stewardship and Christian theological doctrines are discussed that could be used to cause ecclesial participation in environmental stewardship Finally the book envisions a Conserving Church with specific activities the church can do to successfully influence people to do environmental stewardship **Systemic Crises of Global Climate Change** Phoebe Godfrey,Denise Torres,2016-04-14

Sociological literature tends to view the social categories of race class and gender as distinct and has avoided discussing how multiple intersections inform and contribute to experiences of injustice and inequity This limited focus is clearly inadequate *Systemic Crises of Global Climate Change* is an edited volume of 49 international interdisciplinary contributions addressing global climate change GCC by intentionally engaging with the issues of race gender and class through an intersectional lens The volume challenges and inspires readers to foster new theoretical and practical linkages and think beyond the traditional and oftentimes reductionist environmental science frame by examining issues within their turbulent political cultural and personal landscapes Varied media and writing styles invite students and educators to reflexively engage different yet complementary approaches to GCC analysis and interpretation mirroring the disparate voices and viewpoints within the field The second volume *Emergent Possibilities for Sustainability* will take a similar approach but will examine the possibilities for solutions as in the quest for global sustainability This book is a valuable resource for academics researchers and both undergraduate and post graduate students in the areas of Environmental Studies Climate Change Gender Studies and International studies as well as those seeking a more intersectional analysis of GCC Dusty Earthlings John

Mustol,2018-01-01 The Lord God formed a man from the dust of the ground Genesis 2 7 Made of dust we humans are thoroughly physical beings We are dusty earthlings As such we are also ecological beings or rather eco physical beings firmly embedded in and dependent upon God s earthly ecosystems which support and provide for us and constitute our earthly home Today we are living in ways that are damaging our home As Christian dusty earthlings we are called to oversee God s earthly creation and to follow Jesus Christ God incarnated as a dusty earthling How do we do this in the face of the array of

ecological problems we face today How can we obey the ecological principles and limits that govern all of life on God's good earth Mustol argues that the virtues of humility voluntary self limitation and the principles of kenosis and justice will help as we seek to follow Jesus as dusty earthlings in today's world **Hebrews: An Earth Bible Commentary** Jeffrey S.

Lamp,2020-05-14 In this new ecological commentary on the letter to the Hebrews Jeffrey S Lamp makes use of approaches developed in the relatively new field of Ecological Hermeneutics to shed light upon the connection of Hebrews with Earth Hebrews is frequently characterized as portraying a dualistic cosmology that diminishes the material world muting the voice of Earth Conversely Lamp argues that though Hebrews cannot be construed as an ecological treatise the contours of the letter's presentation may be subverted by reading from an ecological perspective such that cues provided by the author of Hebrews serve as opportunities to hear Earth's voice in the letter Three movements corresponding to thematic interests of the author of Hebrews form the framework of this ecological reading the Son as the agent of creation the Son depicted as the Second Adam and the New Jerusalem as the eschatological dwelling place of God This ecological reading of Hebrews aims to shape its readers into those who fulfill the soteriological aims of God in and for the world **The Cape Town**

Commitment: A Confession of Faith, A Call to Action Darrell L. Bock,2013-06-14 The Cape Town Commitment which arose from The Third Lausanne Congress on World Evangelization Cape Town 2010 stands in the historic line of The Lausanne Covenant 1974 and The Manila Manifesto 1989 It has been translated into twenty five languages and has commanded wide acceptance around the world The Commitment is set in two parts Part 1 is a Confession of Faith crafted in the language of covenantal love Part 2 is a Call to Action The local church mission agencies special interest groups and Christians in the professions are all urged to find their place in its outworking This annotated bibliography of The Cape Town Commitment arranged by topic has been compiled by specialists in a range of fields As such it is the first bibliography of its kind Arranged in sections for graduate level teaching Equally useful for research students **The Future of Our Faith**

Ronald J. Sider,Ben Lowe,2016-02-09 Younger Christians are leaving the church in droves frustrated and disillusioned by the track record of American Christianity Older Christians who still lead most churches are concerned about this trend But the generations don't see eye to eye on many things Here two evangelical leaders forty years apart in age discuss some of the biggest issues challenging Christianity today and into the future such as marriage homosexuality creation care and politics The authors model and cultivate an intentional charitable and much needed intergenerational dialogue Each chapter includes sidebar reflections from notable Christian leaders and individual and small group study questions **Taking Christian**

Moral Thought Seriously Jeremy A. Evans,Daniel Heimbach,2011-10-01 Christian scholars make a clear case for the legitimacy of religious beliefs in the marketplace of ideas addressing the theory of public reason voting in America environmentalism abortion education and more *The Natural World in the Exeter Book Riddles* Corinne Dale,2017 An investigation of the non human world in the Exeter Book riddles drawing on the exciting new approaches of eco criticism and

eco theology *Everyday Justice* Julie Clawson, 2010-02 WHERE DOES YOUR CHOCOLATE COME FROM DOES IT MATTER IF YOUR COFFEE IS FAIR TRADE OR NOT It matters more than you might think Julie Clawson takes us on a tour of everyday life and shows how our ordinary lifestyle choices have big implications for justice around the world She unpacks how we get our food and clothing and shows us the surprising costs of consumer waste How we live can make a difference not only for our own health but also for the well being of people across the globe The more sustainable our lifestyle the more just our world will be Everyday justice is one way of loving God and loving our neighbors So don't panic We can live more ethically through the little and big decisions we make every day Find out how
