participation training curriculum in southwest Nigeria Kosec, Katrina, Kyle, Jordan, 2023-11-06 The Metaketa Initiative is a study across 5 countries to improve women's empowerment beyond the household including in governance at different levels. Specifically, it proposes to test whether a training intervention designed to strengthen women's sense of collective efficacy and leadership skills will improve their voice and agency in local political engagement. One of these countries is Nigeria where the following women's training curriculum will be implemented in 3 southwestern states: Ogun, Osun, and Oyo. ActionAid Nigeria AAN is partnering with Researchers from the International Food Policy Research Institute, UC Berkeley, and UC San Diego to develop and test a women's training curriculum that will help women to overcome some of the barriers to increasing their participation. Specifically, this women's training curriculum will focus on at least five different skills areas that include: 1. Civic education, 2. Making common grievances over gender inequality salient, 3. Increasing a sense of women's group identity, 4. Understanding how men can support women, and 5. Increasing perceived efficacy. For some women, their training will be complemented by their partners receiving a men's training curriculum. The durations of all of these program elements are listed below. In all cases, the listed duration of the training session is time spent in actual activities and is exclusive of time required to gather all participants, welcome them, provide breaks, and distribute sign-in sheets, etc. One hour will be allocated in all sessions for such administrative matters. The men's training curriculum, like the women's curriculum, is focused on key pertinent skills areas that include: How the world is changing and how women's empowerment is beneficial, different domains of women's empowerment from the home to the community to the political system, the importance and benefits of women's voice and agency in public spaces, how men and boys can support women's voice and agency in public spaces, and the value of male champions/allies.

Routledge Handbook of Public Policy in Africa Gedion Onyango, 2021-12-30 This Handbook provides an authoritative and foundational disciplinary overview of African Public Policy and a comprehensive examination of the practicalities of policy analysis, policymaking processes, implementation, and administration in Africa today. The book assembles a multidisciplinary team of distinguished and upcoming Africanist scholars, practitioners, researchers, and policy experts working inside and outside Africa to analyse the historical and emerging policy issues in 21st century Africa. While mostly attentive to

comparative public policy in Africa this book attempts to address some of the following pertinent questions How can public policy be understood and taught in Africa How does policymaking occur in unstable political contexts or in states under pressure Has the democratisation of governing systems improved policy processes in Africa How have recent transformations such as technological proliferation in Africa impacted public policy processes What are the underlying challenges and potential policy paths for Africa going forward The contributions examine an interplay of prevailing institutional political structural challenges and opportunities for policy effectiveness to discern striking commonalities and trajectories across different African states This is a valuable resource for practitioners politicians researchers university students and academics interested in studying and understanding how African countries are governed **World History** Holt Rinehart & Winston, Holt, Rinehart and Winston Staff, 2003 Nigerian Libraries , 2017 **Discover Sociology** William J. Chambliss, Daina S. Eglitis, 2016-12-02 Discover Sociology explores sociology as a discipline of curious minds with the theoretical conceptual and empirical tools needed to understand analyze and even change the world Organized around the four main themes of The Sociological Imagination Power and Inequality Technological Transformations of Society and Globalization every chapter in the book illuminates the social roots of diverse phenomena and institutions **Resources in Education** , 1997 **African Science Education** Jamaine Abidogun, 2018-03-15 Based on interrogation and review of historical and current cultural and indigenous knowledge combined with extensive curriculum and classroom analysis this book identifies how indigenous science gender roles may be utilized to provide a more gender balanced and indigenous centered learning experience The book argues for the integration of African indigenous science into the secondary school curriculum as a way to strengthen students science comprehension by affirming their society s science contributions making clear connections between Indigenous and Western science and also as a way to promote female representation in the sciences This book will be of interest to scholars and practitioners of science education African education and indigenous knowledge A Message of Ancient Days [kit].: A message of ancient days , 1991 Africa Today , 1995 **Ethics and Human Rights in Anglophone African Women's Literature** Chielozona Eze, 2016-12-14 This book proposes feminist empathy as a model of interpretation in the works of contemporary Anglophone African women writers The African woman s body is often portrayed as having been disabled by the patriarchal and sexist structures of society Returning to their bodies as a point of reference rather than the postcolonial ideology of empire contemporary African women writers demand fairness and equality By showing how this literature deploys imaginative shifts in perspective with women experiencing unfairness injustice or oppression because of their gender Chielozona Eze argues that by considering feminist empathy discussions open up about how this literature directly addresses the systems that put them in disadvantaged positions This book therefore engages a new ethical and human rights awareness in African literary and cultural discourses highlighting the openness to reality that is compatible with African multi ethnic multi racial and increasingly cosmopolitan communities **Discover**
