why men risk their lives while fighting a foreign war and attract the attention of security services at home upon their return. Particularly given the Russian invasion of Ukraine in February 2022 and the growing interest in far right violence worldwide, the book evaluates whether these returnees constitute another security threat to the West. This volume will be of interest to all those researching small wars, terrorism, peace and conflict studies, and right wing extremism. **USIA World**, 1995. I Am Sorge Darvin Babiuk, 2024-12-10. What if you were the greatest spy in modern history and no one believed you? John le Carr compared Richard Sorge to his own fictional character George Smiley but argued that he was a better spy. Kim Philby, Britain's most notorious double agent, described him as the spy to end all spies. Mitsusada Yoshikawa, the Japanese Prosecutor who had him executed, said that in his whole life he had never met a greater man. His name was Richard Sorge. Sent by Soviet General Secretary Stalin to Tokyo just prior to WWII, he kept Moscow intimately informed on the dual streams of conflicting internal Japanese policy of whether they would expand their empire by invading North into the USSR or South against British and American possessions in the Pacific. Simultaneously, he not only provided the exact dates Hitler would invade the USSR but also the intelligence that allowed the Soviet Union to transfer desperately needed Eastern troops, keeping the Japanese at bay to the European front and stop Hitler's juggernaut saving the USSR in the process. All it cost the USSR for another half century of existence was 40,000. All it cost Sorge was his life. **Reader's Guide to American History** Peter J. Parish, 2013-06-17.
