Guillaume Faye:

Guillaume Faye Pierre Krebs,Robert Steuckers,Pierre-Émile Blairon,2020-12-04 Guillaume Faye was a visionary and a prophet Like the damned poets for which romantic France is famous he saw what others refused to see and he named what others pretended did not even exist He was certainly no saint and like a true artist liked to imbibe and paint imposing mental images of the future with a brushstroke unmistakably his own His character was consistently rebellious in the service of a higher ideal the defense of his race and culture against the onslaught of self imposed ethnomasochism forced multiculturalism and aggressive Islamization In this book important personages from the Right pay tribute to Faye s outstanding career as a speaker writer and pro European activist With all its ups and downs and in its lyrical grandeur Faye s life truly inspires all of us who strive to make a difference in our motherland Eurosiberia Faye was an awakener who paved the way on which we must march to final victory and liberation

ARCHEOFUTURISM 20 Guillaume Faye,2016-11-03 In Archeofuturism which became a cult classic in some circles Faye stipulated that the twenty first century would not develop in line with the forecasts Archeofuturism 20 is a thrilling work of science fiction that will haunt your dreams and awaken your unspoken desires

Contemporary Far-Right Thinkers and the Future of Liberal Democracy A. James McAdams,Alejandro Castrillon,2021-09-26 This book is the first systematic analysis of the efforts of a broad range of contemporary far right thinkers to popularize their critiques of liberal democratic norms and institutions and make their ideas the subjects of sustained political and academic debate The book focuses on outspoken thinkers in western and eastern Europe Russia the United States Canada and Australia They include Alain de Benoist Guillaume Faye G tz Kubitschek Pat Buchanan Fr i Midjord Jason Jorjani contributors to the online magazine Quillette and the elusive personality known as the Bronze Age Pervert The book explores the diverse intellectual foundations of these thinkers positions the similarities and differences in their ideas and their prospects for influencing attitudes about democratic politics within their respective countries It examines diverse movements and schools of thought including the European New Right Paleoconservatism the Alt right Identitarianism White nationalism and antifeminism Providing a much needed global perspective this book will be of considerable interest to students and scholars of populism right wing extremism identity politics fascism racism and conservatism

Guillaume Faye Pierre Krebs,Robert Steuckers,Pierre-Émile Blairon,2025-04-30 Guillaume Faye was a visionary and a prophet Like the damned poets for which romantic France is famous he saw what others refused to see and he named what others pretended did not even exist He was certainly no saint and like a true artist liked to imbibe and paint imposing mental images of the future with a brushstroke unmistakably his own His character was consistently rebellious in the service of a higher ideal the defense of his race and culture against the onslaught of self imposed ethnomasochism forced multiculturalism and aggressive Islamization In this book important personages from the Right pay tribute to Faye s outstanding career as a speaker writer and pro European activist With all its ups and downs and in its lyrical grandeur Faye s life truly inspires all of us who strive

to make a difference in our motherland Eurosiberia Faye was an awakener who paved the way on which we must march to final victory and liberation Archeofuturism Guillaume Faye, 2010 Archeofuturism an important work in the tradition of the European New Right is finally available in English Faye believes that the future of the Right requires a transcendence of the division between those who wish for a restoration of the traditions of the past and those who are calling for new social and technological form Understanding Islam Guillaume Faye, 2016-11-11 Understanding Islam s view that in spite of its appearance of having many internal divisions the world of Islam understands only one enemy its own civilisation versus all others According to Faye Islam is absolutely incompatible with pluralist democracy secularism and the Western conception of freedom *Rethinking the French New Right* Tamir Bar-On, 2013-04-12 This book focuses on the philosophy politics and impact of the New Right which originated in France and has since influenced activism ideology and policy in a number of European countries This book explores the idea that revolutionaries do not necessarily need to come from the left nor use arms in order to overturn liberal democracy In the post World War Two era the extremists of the revolutionary right took three different paths 1 parliamentary 2 extra parliamentary and 3 metapolitical The New Right nouvelle droite ND in France took the metapolitical path but that did not mean it abandoned its revolutionary desire to smash liberal democracy throughout Europe The book examines four interpretations of the New Right These interpretations include the following 1 The New Right as a fascist or quasi fascist movement 2 The New Right as a challenge to the traditional right left dichotomy which has structured European political debates for more than 200 years 3 The New Right as an alternative modernist movement which rejects liberal and socialist narratives of modernity accepts the technical but not political or cultural effects of modernity and longs for a pan European political framework abolishing liberal multiculturalism and privileging ethnic dominance of so called original Europeans and 4 The New Right as a variant of political religion and conversionary processes The book concludes by analysing the positions cultural and political impact and relationship to democracy of the New Right This work will be of great interest to students and scholars of racism fascism extremism European politics French politics and contemporary political theory Varieties of Right-Wing Extremism in Europe Andrea Mammone, Emmanuel Godin, Brian Jenkins, 2013-05-07 Beginning with an analysis of the complex relationship between fascism and the post war extreme right the book discusses both contemporary parties and the cultural and intellectual influences of the European New Right as well as patterns of socialization and mobilization It then analyses the effects of a range of factors on the ideological development of right wing extremism including anti-Semitism Islamophobia religious extremism and the approach towards Europe and the European Union The final sections investigate a number of activist manifestations of the extreme right from youth participation and the white power music scene to transnational rallies the Internet and football hooliganism In the process the book questions the notion that the contemporary extreme right is either completely novel or fully populist in character Drawing together a wide range of contributors this is essential reading for all those with an interest in

contemporary extremism and fascism The book is a companion volume to Mapping the Extreme Right Routledge 2012 which has the same editors

The New Reaction Rachel Haywire, 2015-02-24 Humorously provocative Rachel Haywire's collection of essays is part autobiography part call to arms The mischievously anarchic streak characteristic of Haywire's work suffuses every chapter each one calling for the radical revaluation of modern ideals Not one to suffer fools gladly this author takes no prisoners in her incisive exposition of the weaknesses pervading contemporary ideologies Committedly opposed to the restrictive nature of polarisation Haywire places herself decidedly beyond both Left and Right in their modern senses and asserts her position as firmly apart from the ideological herd When they said Rachel one must be this or that she replied that she is neither or both When they said Patience parties movements and a well established hierarchy are necessary for our triumph she said We need instead riots total war and the destruction of the totems that have created your priestly relationship with life When they demanded orthodoxy she said being ruled is being ruled control is control

Key Thinkers of the Radical Right Mark Sedgwick, 2019-01-04 Since the start of the twenty first century the political mainstream has been shifting to the right The liberal orthodoxy that took hold in the West as a reaction to the Second World War is breaking down In Europe populist political parties have pulled the mainstream in their direction in America a series of challenges to the Republican mainstream culminated in the 2016 election of Donald Trump In Key Thinkers of the Radical Right sixteen expert scholars explain sixteen thinkers providing an introduction to their life and work a guide to their thought and an explanation of their work's reception The chapters focus on thinkers who are widely read across the political right in both Europe and America such as Julius Evola Alain de Benoist and Richard B Spencer Featuring classic modern and emerging thinkers this selection provides a good representation of the intellectual right and avoids making political or value judgments In an increasingly polarized political environment Key Thinkers of the Radical Right offers a comprehensive and unbiased introduction to the thinkers who form the foundation of the radical right

Generation Identity Markus Willinger, 2013 The denial of the European peoples right to their own heritage history and even their physical homelands has become part of the cultural fundament of the modern West Mass immigration selective and vilifying propaganda and a constant barrage of perverse or at best pointless consumer culture all contribute to the transformation of Europe into a non entity Her native population consists mostly of atomistic individuals lacking any semblance of purpose or direction increasingly victimised by a political system with no interest in the people it governs There are many views on how this came to be but the revolt of May 1968 was certainly of singular importance in creating the apolitical self destructive situation that postmodern Europe is in today This book presents the author's take on the ideology of the budding identitarian movement Willinger presents a crystal clear image of what has gone wrong and indicates the direction in which we should look for our solutions Moving seamlessly between the spheres of radical politics and existential philosophy Generation Identity explains in a succinct yet poetic fashion what young Europeans must say or should say to the corrupt representatives of the decrepit social structures dominating our

continent This is not a manifesto it is a declaration of war **Metapolitics, Algorithms and Violence** Ico Maly,2023-11-01

Metapolitics Algorithms and Violence argues that we need a more finegrained approach to understand contemporary far right violence an approach that takes language and cultural production in a digital economy seriously This book underlines the importance of socio political economic historical and technological context in understanding the rise of the new right More concretely based on a digital ethnographic approach it argues that we should understand this violence and the contemporary rise of new far right practices and actors in relation to the theoretical renewal of La Nouvelle Droite in the 20th century the democratization of new right metapolitics in the 21st century as a result of the rise of digital media and the development of a layered transnational and polycentric new right cultural niche in which far right activists and terrorists produce identity discourse digital cultures and practices This work will be an engaging and necessary read for researchers interested in social media digital culture far right politics extremism and terrorism **New Culture, New Right** Michael O'Meara,2013 New Culture New Right is the first English language study of the identitarian movements presently reshaping the contours of European politics The study s focus is Alain de Benoist s GRECE Groupement de Recherche et d Etude pour la Civilisation Europeenne which Paul Piccone of Telos described as the most interesting group of continental thinkers since the existentialists of the 1950s and which elsewhere is seen as the leading school of contemporary Right wing thought Made up of veterans from various nationalist traditionalist far Right and regionalist movements the GRECE began as an association of French intellectuals committed to restoring the crumbling cultural foundations of European life and identity Due to the quality of its publications and its philosophically persuasive reformulation of the Right project it attracted an immediate audience By the late 1970s it had recruited an impressive array of Continental thinkers to its ranks In Italy Germany Belgium and a number of other European countries there have since emerged organizations and publishing concerns either directly linked to the Paris based GRECE or involved in analogous endeavors As a result of these diffusions GRECE style identitarianism has come to form the chief ideological alternative to the regnant liberalism The European New Right to which the GRECE gave birth is new however not in the modernist sense of being novel but in the traditionalist sense of reappropriating an origin whose meaningful possibilities remain open for realization Such a revolutionary return to Europe s roots has never seemed so urgent After a half century under the liberal democratic regimes imposed by the United States in 1945 Europeans now face extinction as a race and a culture In opposition to the ethnocidal forces of the American Occupation and its European collaborators New Rightists appeal to the primordial in their people s heritage aiming to awake a spirit of resistance and renaissance in them The result as documented in this introduction to their ideas is one of the most formidable critiques ever made of the liberal project Michael O Meara Ph D studied social theory at the cole des Hautes Etudes en Sciences Sociales and modern European history at the University of California He is the author of Guillaume Faye and the Battle of Europe 2013 also published by Arktos The Biocentric Worldview Ludwig Klages,2013 Citations are

included in the Editor's note pages 24-25 Know Your Child Sri Sri Ravi Shankar, 2014-01-01 Raising children can be a big challenge in this competitive world. We want our children to be successful. How do we measure success after all? And how do we help our children live a successful and fulfilled life? In this book His Holiness Sri Sri Ravi Shankar highlights simple points for parents and teachers about raising children. These subtle cues go a long way in laying the foundation for children to grow into fine human beings: happy yet responsible, focused but with a large perspective on life, having a strong character with the softness of human values.

Management Mantras Sri Sri Ravi Shankar, 2014-01-01 Organisations the world over today are paying more and more attention to how to prevent their workforce from getting burnt out due to an unrelenting pace of work. Views are radically changing on these practices to ensure that employees perform consistently well over many years. In this book Sri Sri offers valuable tips for managers and leaders to become more effective in their roles and also on how to develop a work environment that is conducive for both the employees and the organisation to add value to each other.

Hiding in Broad Daylight Lars Holger Holm, 2015-03-09 Artistic modernism. To most of us it would seem a separate universe with its own esoteric intention and logic. What Lars Holger Holm shows in this essay however is how intimately the development of various modern artistic idioms and their theoretical underpinnings have been linked to concomitant social revolutions and to the highly politicised theoretical even racial agendas entertained by people in the highest places. He also demonstrates how big money has thoroughly perverted art and artists turning the latter into simple con men performing their charades to a whole world of spectators manipulated by financial institutions, press, politicians and the media alike into believing that the contemporary art scene really ought to have some kind of meaning. And it does. Only it's not artistic but exclusively financial and political.

Notes on the Third Reich Julius Evola, 2013 Companion volume to *Fascism viewed from the Right* **Hare Krishna in the Modern World** Graham Dwyer, Richard J. Cole, 2013 To most people the words Hare Krishna conjure images of robed monks with shaven heads singing and dancing or selling copies of the Bhagavad Gita in the streets. These were indeed iconic of ISKCON International Society for Krishna Consciousness in its early years. Over the nearly half century of its existence however the organization has changed considerably in order to remain relevant as the world around it has changed. In this volume nine scholars all of whom have had years of first hand experiences with ISKCON evaluate its successes and failures in adapting to new social and demographic circumstances while struggling to remain true to its original intentions and offer insights into new directions that it may take in the future. P 4 of cover **Fascism Viewed from the Right** Julius Evola, 2013 In this book Julius Evola analyzes the Fascist movement of Italy which he himself had experienced first hand often as a vocal critic throughout its entire history from 1922 until 1945. Discussing and dismissing the misuse of the term fascism that has gained widespread acceptance, Evola asks readers not to allow the fact of Italy's defeat in the Second World War to distract us from making an objective analysis of the ideology of Fascism itself since the defeat was the result of contingent circumstances and the personalities of those who led it rather than flaws that were inherent in Fascism as an idea. Evola

praises those aspects of Fascism which he believes to have been in accordance with the best traditions of European governance in particular the Classical Roman tradition while he remains critical of those aspects which ran contrary to this ideal such as its socialist proletarian and totalitarian tendencies as well as what he saw as its petty moralism Evola also distinguishes between the Fascism of the Twenty Years between 1922 and Mussolini's overthrow in 1943 and the Second Fascism of the Italian Social Republic which he considered as much more problematic He likewise criticizes the Fascist racial doctrine for being based on false principles Frequently quoting Mussolini's own words Evola presents the core of the Fascist ideal arguing that for all its flaws it remains superior to the political system which has since arisen to replace it Julius Evola 1898 1974 was Italy's foremost traditionalist philosopher as well as a metaphysician social thinker and activist Evola was an authority on the world's esoteric traditions and one of the greatest critics of modernity He wrote extensively on the ancient civilizations of both East and West and the world of Tradition and was also a critic of the political and spiritual movements of his own time from a traditional perspective

This is likewise one of the factors by obtaining the soft documents of this **Guillaume Faye** by online. You might not require more grow old to spend to go to the ebook opening as with ease as search for them. In some cases, you likewise pull off not discover the proclamation Guillaume Faye that you are looking for. It will no question squander the time.

However below, gone you visit this web page, it will be for that reason agreed simple to acquire as well as download lead Guillaume Faye

It will not bow to many era as we tell before. You can get it though perform something else at house and even in your workplace. correspondingly easy! So, are you question? Just exercise just what we give under as skillfully as review **Guillaume Faye** what you subsequently to read!
