Henderson is a true American original making America's finest instruments using little more than a pile of good wood and a sharp whittling knife. There's a 10 year waiting list for Henderson's heirloom acoustic guitars and even a musical legend like Eric Clapton must wait his turn. Partly out of self interest, St John prods Henderson into finally building Clapton's guitar and soon we get to pull up a dusty stool and watch this Stradivari in glue stained blue jeans work his magic. The story that ensues will captivate you with its portrait of a world where craftsmanship counts more than commerce and time is measured by old jokes, old time music and homemade lemon pies shared by good friends.
