Being Christian - A Novel K. C. Boyd, 2024-03-07

The product of a violent home, John Christian Hillcox overcomes long odds to build a Texas megachurch from where he preaches the gospels of Prosperity and End Times while also using the power of his voting bloc as a political cudgel. A man of enormous appetites and inadequate self-control, Pastor Hillcox rallies his church and televangelical flock to oppose everything he considers immoral and detrimental to the United States, becoming the godly Christian nation it is meant to be. Being Christian is a gripping psychological tale of a man who utilizes religion to justify his own sins and lies heedless of the consequences for his loved ones, his community, and the world at large. The story of this larger-than-life but all-too-familiar character follows him from his crime-ridden early adulthood to the prime of his ministry in post-9/11 America. Not since the twentieth century's Elmer Gantry has a novel so exposed the religious film

flammy and hypocrisy that now threatens to tear apart the American social and political fabric Being Christian is a quintessentially American story based on the ideologies and personalities that make the news every day with their challenges to the Constitutional religious political divide Book Review Being Christian is a timely and provocative work that reveals a new courageous author and an important not so fictional introduction to the dangers of an American brand of fundamentalism that is corrupting American politics and policies The writing is vivid and straight from the shoulder the narrative is chilling and genuine the ideas are compelling Anyone interested in the impact of religious fundamentalism on American politics will absorb this work As for the Founding Fathers they would say we warned you about this Melvin Goodman Former analyst for the CIA and the State Department Professor and Fellow *THUS SPOKE ZARATHUSTRA - A Book for All and None (World Classics Series)* Friedrich Nietzsche, 2024-01-13 In *Thus Spoke Zarathustra A Book for All and None* Friedrich Nietzsche presents a philosophical narrative that intertwines poetic language with profound existential inquiry Written in a unique literary style that blurs the lines between prose and poetry the text invites readers into the mind of Zarathustra a prophet who espouses radical ideas about morality individuality and the concept of the *Übermensch* Overman This work emerged during the late 19th century a time marked by intellectual upheaval as Nietzsche sought to challenge traditional values and invite a reevaluation of the human condition in a post religious world Friedrich Nietzsche 1844 1900 was a German philosopher cultural critic and poet whose thoughts have profoundly influenced Western philosophy His background in classical studies and his radical departure from established moral frameworks led him to craft this enigmatic narrative often viewed as a culmination of his mature thought Nietzsche's struggles with health and his ultimate descent into madness further colored his explorations of power will and the often painful quest for authenticity and meaning Readers fascinated by the interplay of philosophy and literature will find *Thus Spoke Zarathustra* both challenging and enlightening Nietzsche's call to transcend societal norms and embrace the complexities of existence resonates deeply making this text essential for anyone seeking to explore the depths of human thought and potential Interrogating Integration Kate Zambon, 2025-04-14 *Interrogating Integration* explores how international sporting spectacles media campaigns and public debates construct racialized national identity in an era of rising right wing nationalism Across Europe integration has emerged as a guiding concept to regulate cultural differences particularly in Germany where integration became a watchword after the introduction of birthright citizenship in 2000 The legal expansion of German citizenship threatened the homogeneous definition of the nation and spurred increased scrutiny of immigrants and Germans of color primarily Muslim and Black Germans This opened a new chapter in the long struggle over German identity The celebrations scandals and debates analyzed here reveal how the admission of new citizens inspired an optimistic cosmopolitanism that claimed to differentiate the new Germany from its fascist past while simultaneously reinscribing racialized hierarchies and providing fuel for rising far right politics Using touchstones of public memory including events surrounding men's World Cup soccer

and the record breaking success of a book blaming Muslims for Germany's decline Zambon examines persistent problems in European conceptions of race where racializing projects take place under an ideology of racelessness and the atrocities of historical and transnational racisms are used to deny current local forms of racism The Twelve Kingdoms Book 1 - Shadow of the Moon, Shadow of the Sea: Part 1 (Novel) Fuyumi Ono, 2025-07-01 When high school student Youko Nakajima is approached by an enigmatic blonde haired stranger named Keiki her life is turned upside down Whisked away into the perilous world of the Twelve Kingdoms a realm teeming with mythical beasts ancient prophecies and political intrigue Youko finds herself alone and hunted With danger at every corner she must fight to survive all while grappling with shocking revelations about her true identity that could shatter everything she thought she knew Shadow of the Moon Shadow of the Sea introduces readers to a breathtaking fantasy world where nations rise and fall and destiny awaits those who dare to seize it

Futurity Amir Eshel, 2024-05-31 When looking at how trauma is represented in literature and the arts we tend to focus on the weight of the past In this book Amir Eshel suggests that this retrospective gaze has trapped us in a search for reason in the madness of the twentieth century's catastrophes at the expense of literature's prospective vision Considering several key literary works Eshel argues in Futurity that by grappling with watershed events of modernity these works display a future centric engagement with the past that opens up the present to new political cultural and ethical possibilities what he calls futurity Bringing together postwar German Israeli and Anglo American literature Eshel traces a shared trajectory of futurity in world literature He begins by examining German works of fiction and the debates they spurred over the future character of Germany's public sphere Turning to literary works by Jewish Israeli writers as they revisit Israel's political birth he shows how these stories inspired a powerful reconsideration of Israel's identity Eshel then discusses post 1989 literature from Ian McEwan's Black Dogs to J M Coetzee's Diary of a Bad Year revealing how these books turn to events like World War II and the Iraq War not simply to make sense of the past but to contemplate the political and intellectual horizon that emerged after 1989 Bringing to light how reflections on the past create tools for the future Futurity reminds us of the numerous possibilities literature holds for grappling with the challenges of both today and tomorrow RABINDRANATH TAGORE Ultimate Collection: 350+ Poems & Verses; Novels, Short Stories, Plays & Essays Rabindranath Tagore, 2023-12-13 In RABINDRANATH TAGORE Ultimate Collection 350 Poems Novels Short Stories Plays it invites you to explore the intricate tapestry of human emotions through his uniquely transcendent lens Aging and Old-Age Style in Günter Grass, Ruth Klüger, Christa Wolf, and Martin Walser Stuart Taberner, 2013 Explores the performance of aging in the late style of Günter Grass Ruth Klüger Christa Wolf and Martin Walser Demographers say that by the year 2060 every seventh person in Germany will be aged eighty or older and every third person over sixty five The prediction for other Western countries is scarcely different Indeed the aging society is seen by some as a graver threat than even global warming with potentially unmanageable tensions relating to intergenerational relationships work and benefits and flows of people This book explores

the representation and performance of aging in recent late style German language fiction It situates the authors chosen as case studies G nter Grass Ruth Kl ger Christa Wolf and Martin Walser in their biographical and social contexts and explores the significance of their aesthetic figuring of aging for debates raging both in Germany and internationally In particular the book looks at gender generations and trauma and their impact on how writers narrativize aging Finally it examines the timeliness of these different representations and late style performances of aging in the context of the shift of social political and economic power away from the declining societies of the West to the ascendant societies of the East Stuart Taberner is Professor of Contemporary German Literature Culture and Society at the University of Leeds
