authors of this volume a unique opportunity to reassess the claims of auteurism both in its traditional guise and in the more commodified form it currently assumes Sometimes treating Smithee as an auteur in much the same way critics and scholars have treated directors as diverse as Douglas Sirk Abbas Kiarostami and Quentin Tarantino the contributors reclaim new possibilities for auteurist filmmaking and film studies even as they show what an empty display it has recently become In accounting for this change the essays in this volume employ innovative theories of authorship to recapture the subversive effect that auteurism once enjoyed Thus the Smithee name becomes part of a larger discussion of the economics and history of pseudonyms in filmmaking notably in the blacklist of the 1950s as well as an opportunity to employ Jacques Derrida's theory of the signature to recover obscured economic and historic contexts within Smithee's films Unique in its focus innovative in its approach Directed by Allen Smithee argues that it is precisely through throwaway films such as Smithee's that recent Hollywood cinema can best be studied *Bruce Springsteen's Born in the USA* Geoffrey Himes, 2005-08-19 By turns obsessive passionate creative and informed the Thirty Three and a Third series explores critically acclaimed and much loved albums by famous recording artists
