Habermas Handbuch Brunkhorst Hauke

Maureen Junker-Kenny

Habermas Handbuch Brunkhorst Hauke:

The Habermas Handbook Hauke Brunkhorst, Regina Kreide, Cristina Lafont, 2017-10-24 Jürgen Habermas is one of the most influential philosophers of our time. His diagnoses of contemporary society and concepts such as the public sphere, communicative rationality, and cosmopolitanism have influenced virtually all academic disciplines, spurred political debates, and shaped intellectual life in Germany and beyond for more than fifty years. In *The Habermas Handbook*, leading Habermas scholars elucidate his thought, providing essential insight into his key concepts, the breadth of his work, and his influence across politics, law, the social sciences, and public life. This volume offers a comprehensive overview and an in-depth analysis of Habermas's work in its entirety. After examining his intellectual biography, it goes on to illuminate the social and intellectual context of Habermasian thought, such as the Frankfurt School, speech act theory, and contending theories of democracy. The Handbook provides an extensive account of Habermas's texts, ranging from his dissertation on Schelling to his most recent writing about Europe. It illustrates the development of his thought and its frequently controversial reception, while elaborating the central ideas of his work. The book also provides a glossary of key terms and concepts, making the complexity of Habermas's thought accessible to a broad readership. **Jürgen Habermas, Volumes I and II** Camil Ungureanu, Klaus Günther, 2018-10-26

Jürgen Habermas is widely regarded as one of the outstanding intellectuals of our time. This collection focuses on the theory of law, which can be distilled from his vast compendium of work. At the same time, the collection places this theory in the context of Habermas's overall contribution to the theory of society, political theory, and social philosophy. Volume I on *The Discourse Theory of Law and Democracy* identifies the theoretical foundations. Volume II focuses on the critical debate of Habermas's discourse theory of law and democracy on the challenges posed by the postnational constellation, Europeanization, and processes of globalization, and on particular strands within his work, such as genetic technology and religion. Each volume is prefaced by a comprehensive introduction by the editors. **Habermas** Stefan Müller-Doohm, 2016-09-22

Jürgen Habermas wrote the American philosopher Ronald Dworkin on the occasion of the great European thinker's eightieth birthday: is not only the world's most famous living philosopher. Even his fame is famous. Now, after many years of intensive research and in-depth conversations with contemporaries, colleagues, and Habermas himself, Stefan Müller-Doohm presents the first comprehensive biography of one of the most important public intellectuals of our time. From his political and philosophical awakening in West Germany to the formative relationships with Adorno and Horkheimer, Müller-Doohm masterfully traces the major forces that shaped Habermas's intellectual development. He shows how Habermas's life and work were conditioned by the possibilities offered to his generation in the unique circumstances of regained freedom that characterized postwar Germany. And yet, Habermas's career is fascinating precisely because it amounts to more than a corpus of scholarly work; however original and influential that may be. For here is someone who continually left the protective space of the university in order to assume the role of a participant in controversial public debates from the

significance of the Holocaust to the future of Europe and in this way sought to influence the development of social and political life in an arena much broader than the academy The significance and virtuosity of Habermas's many writings over the years are also fully and expertly documented ranging from his early work on the public sphere to his more recent writings on communicative action cosmopolitanism and the postnational condition What emerges from this biography is a vivid portrait of one of the great public intellectuals of our time a unique thinker who has made an immense and lasting philosophical contribution but who when he perceives that society is not living up to its potential for creating free and just conditions for all becomes one of its most rigorous and persistent critics

Self-Constitution of European Society Jiří Příbáň, 2016-05-26 Recent social and political developments in the EU have clearly shown the profound structural changes in European society and its politics Reflecting on these developments and responding to the existing body of academic literature and scholarship this book critically discusses the emerging notion of European constitutionalism its varieties and different contextualization in theories of EU law general jurisprudence sociology of law political theory and sociology The contributors address different problems related to the relationship between the constitutional state and non state constitutionalizations and critically analyze general theories of constitutional monism dualism and pluralism and their juridical and political uses in the context of EU constitutionalism Individual chapters emphasize the importance of interdisciplinary and socio legal methods in the current research of EU constitutionalism and their potential to re conceptualize and re think traditional problems of constitutional subjects limitation and separation of power political symbolism and identity politics in Europe This collection simultaneously describes the EU and its self constitution as one polity differentiated society and shared community and its contributors conceptualize the sense of common identity and solidarity in the context of the post sovereign multitude of European society

The Routledge Handbook of Philosophy and Europe Darian Meacham, Nicolas de Warren, 2021-03-30 Understood historically culturally politically geographically or philosophically the idea of Europe and notion of European identity conjure up as much controversy as consensus The mapping of the relation between ideas of Europe and their philosophical articulation and contestation has never benefitted from clear boundaries and if it is to retain its relevance to the challenges now facing the world it must become an evolving conceptual landscape of critical reflection The Routledge Handbook of Philosophy and Europe provides an outstanding reference work for the exploration of Europe in its manifold conceptions narratives institutions and values Comprising twenty seven chapters by a group of international contributors the Handbook is divided into three parts Europe of the philosophers Concepts and controversies Debates and horizons Essential reading for students and researchers in philosophy politics and European studies the Handbook will also be of interest to those in related disciplines such as sociology religion and European history and history of ideas

The Procedural and Organizational Law of the European Court of Justice Christoph Krenn, 2022-09-22 This book provides the first theory on how decisions by the European Court of Justice should be made

Religion and European Philosophy Philip Goodchild, Hollis Phelps, 2017-04-13 Religion and European Philosophy Key Thinkers from Kant to i ek draws together a diverse group of scholars in theology religious studies and philosophy to discuss the role that religion plays among key figures in the European philosophical tradition Designed for accessibility each of the thirty four chapters includes background information on the key thinker an overview of the main themes concepts and concerns that occupy his or her attention and a discussion of the religious and theological elements present in his or her thought in light of contemporary issues Given the scope of the volume Religion and European Philosophy will be the go to guide for understanding the religious and theological dimensions of European philosophy for both students and established researchers alike

The Argumentative Turn Revisited Frank Fischer, Herbert Gottweis, 2012-06-04 Sheds new light on the ways that policy is communicatively created conveyed understood and implemented

Religion and Public Reason Maureen Junker-Kenny, 2014-04-02 This book compares three approaches to public reason and to the public space accorded to religions the liberal platform of an overlapping consensus proposed by John Rawls J rgen Habermas s discourse ethical reformulation of Kant s universalism and its realization in the public sphere and the co founding role which Paul Ricoeur attributes to the particular traditions that have shaped their cultures and the convictions of citizens The premises of their positions are analysed under four aspects 1 the normative framework which determines the specific function of public reason 2 their anthropologies and theories of action 3 the dimensions of social life and its concretization in a democratic political framework 4 the different views of religion that follow from these factors including their understanding of the status of metaphysical and religious truth claims and the role of religion as a practice and conviction in a pluralist society Recent receptions and critiques in English and German are brought into conversation philosophers and theologians discuss the scope of public reason and the task of translation from faith traditions as well as the role they might have in the diversity of world cultures for shaping a shared cosmopolitan horizon

T&T Clark Handbook of Public Theology , 2022-06-02 T T Clark Handbook of Public Theology introduces the various philosophical and theological positions and approaches in the emerging discourse of public theology Distinguishing public theology from political theology as well as from liberation theology this book clarifies central terms like public sphere the secular and post secularity in order to highlight the specific characteristics of public theology Its particular focus lies on the ways in which much of public theology has established itself as a contextual theology in politically secular societies aiming to continue the apologetical tradition in this specific context Depending on what is regarded as the most pressing challenge for the reasonable defence of the Christian hope in liberal democracies public theologians have focused on social ethics ecclesiology or Soteriology with the aim to strengthen the virtues needed for democratic citizenship Here attention is being paid to Protestant Catholic and Orthodox perspectives The volume further illustrates the characteristics of the discourse by introducing the ways in which public theologians have responded to concrete challenges arising in the spheres of politics economics ecology sports culture and religion To highlight

the international scope of the public theological discourse the volume concludes with a summarizing overview of public theological debates in Africa Asia Australia Europe North America and Latin America *Critical Theory* Amirhosein Khandizaji, Wolfgang Sohst, 2025-07-01 *Critical Theory The Last Stand for Emancipation* gathers leading voices in contemporary critical thought to reassert the enduring relevance of a tradition forged in resistance From the early insights of the Frankfurt School to its intersections with decolonial queer ecological and postcolonial critiques this volume maps the evolving terrain of a radical project devoted to unveiling domination and envisioning emancipation At a time when neoliberal orthodoxy undermines critical scholarship and authoritarian populism distorts public discourse this book refuses resignation It offers instead a lucid and urgent intervention one that confronts the alienations of digital life the legacies of colonial violence and the manufactured chaos of late capitalism With essays ranging from genealogy to praxis from epistemology to affect this collection insists that critical theory is not an academic relic but a living practice of resistance Whether reckoning with the failures of progress or reclaiming hope as a political act *Critical Theory The Last Stand for Emancipation* is a call to think deeply act ethically and remember that critique remains a vital tool in the struggle for a more just world **Danish Yearbook of Philosophy, Vol. 44 (2009)** Finn Collin, 2009-12 The Danish Yearbook of Philosophy is a peer reviewed journal committed to publishing high quality articles from Danish and international scholars and encourages papers across a wide range of philosophical issues Volume 44 includes the following Unreduced Experience in the Medium of Conceptual Reflection Adorno and the Future of Post Analytical Philosophy Dissent in Communicative Ethics and Political Philosophy A Brief History of Climatological Time Modalities of Science Narrative Phronesis and the Practices of Medicine Humanities for Humanity 2 0 The Problem of Human as a Projectible Predicate A New Start for the Humanities Is Required for the 21st Century A Debate among Steve Fuller Ronald Schleifer and Robert Markley **Feminism, Capitalism, and Critique** Banu Bargu, Chiara Bottici, 2017-07-24 This edited collection examines the relationship between three central terms capitalism feminism and critique while critically celebrating the work and life of a thinker who has done the most to address this nexus Nancy Fraser In honor of her seventieth birthday and in the spirit of her work in the tradition of critical theory this collection brings together scholars from different disciplines and theoretical approaches to address this conjunction and evaluate Fraser s lifelong contributions to theorizing it Scholars from philosophy political science sociology gender studies race theory and economics come together to think through the vicissitudes of capitalism and feminism while also responding to different elements of Nancy Fraser s work which weaves together a strong feminist standpoint with a vibrant and complex critique of capitalism Going beyond conventional disciplinary distinctions and narrow debates all the contributors to this project share a commitment to critically understanding the connection between capitalism exploitation and the viable roads for emancipation They recover insights provided by classical traditions of political and social thought but they also open new research directions adapted to the global challenges of our time *"The Bold Arcs of Salvation History"* Maureen

Junker-Kenny,2022-01-19 This book offers the first in depth treatment in English language of Habermas s long awaited work on religion Auch eine Geschichte der Philosophie published in 2019 Charting the contingent origins and turning points of occidental thinking through to the current postmetaphysical stage the two volumes provide striking insights into the intellectual streams and conflicts in which core components of modern self understanding have been forged The encounter of Greek metaphysics with biblical monotheism has led to a theology of history as salvation expanding in bold arcs from Adam s Fall to Christ and the Last Judgement The reconstruction of key turns in the relationship between faith and knowledge ends however with locating the uniqueness of religion in ritual and defining reason as inherently secular The book exposes the sources and trajectories analysed by Habermas with great erudition to different assessments in biblical studies theology and philosophy of subjectivity Apart from Paul and Augustine key lines of continuity are identified in the Gospels early patristic theology Duns Scotus and Schleiermacher that retain the internal connection of faith to autonomous freedom

Encyclopedia of Stakeholder Management Jacob D. Rendtorff,Maria Bonnafous-Boucher,2023-02-14 This Encyclopedia provides a comprehensive overview of the most important concepts of stakeholder theory and management in business and public administration It identifies that stakeholders are essential for value creation in democratic societies Community, Seriality, and the State of the Nation: British and Irish Television Series in the 21st Century Caroline Lusin,Ralf Haekel,2019-02-18 Since the turn of the 21st century the television series has rivalled cinema as the paradigmatic filmic medium Like few other genres it lends itself to exploring society in its different layers In the case of Great Britain and Ireland it functions as a key medium in depicting the state of the nation Focussing on questions of genre narrative form and serialisation this volume examines the variety of ways in which popular recent British and Irish television series negotiate the concept of community as a key component of the state of the nation **The Possibility of Norms** Christoph Möllers,2020 The Possibility of Norms examines what defines social norms Norms are not mere justifications or causal explanations of what we do but point towards the possibility of divergent states of the world M llers s eye opening analysis develops a new conceptual framework for social norms from law and religion to the social and political sphere **Divine Democracy** Miguel E. Vatter,2021 Liberal democracies assume neutrality toward the religious beliefs of its citizens the legal system is supposed to determine guilt or innocence without religious prejudice First coined by Carl Schmitt political theology questions these widely held assumptions It describes how political and legal concepts were derived from theological ones dissolving the connection between the public sphere and secularism In this intellectual history Miguel Vatter reconstructs how and why the discourse of political theology was adopted and repurposed by anti Schmitian thinkers to bolster the legitimacy of liberal democratic government Ultimately he shows to what extent contemporary democracy rests on theological assumptions Book jacket **Critical Theory and Contemporary Europe** William Outhwaite,2012-12-05 Critical Theory and Contemporary Europe introduces the major contributions critical theorists made to the study of Europe from the interwar years to the

present time The work begins with theorists such as Adorno who addressed Nazism and the Holocaust then moves on to discuss the postwar affluence of capitalist Europe It proceeds to examine how critical theorists provided much of the analysis that motivated the student and youth movements of 1968 and subsequent alternative social movements Lastly it relates the development of a critical theory of state socialism looking at the works of thinkers such as Arato Offe and Habermas and how critical theory is now addressing social issues such as European xenophobia and the future of Europe This new volume in the Critical Theory and Contemporary Society series brings together critical theory and European studies in a clear accessible manner and shows the relevance of critical theory to practical political issues *Transformations of Democracy* Robin Celikates, Regina Kreide, Tilo Wesche, 2015-05-26 Is democracy in crisis On the one hand it seems to be decaying under the leadership of political elites who make decisions behind closed doors On the other hand citizens are taking to the streets to firmly assert their political participation across the globe Drawing on a range of theoretical and empirical perspectives this collection examines the multiple transformations which both the practice and the idea of democracy are undergoing today It starts by questioning whether there is a crisis of democracy or if part of this crisis lies in the inadequacy of social and political theory to describe current challenges Exploring a range of violent and non violent forms of resistance the book goes on to ask how these are related to the arts what form of civility they require and whether they undermine the functioning of institutions In the final section of the book the contributors examine the normative foundations of democratic practices and institutions especially with regard to the tension between human rights and democracy and the special character of democratic authority
