haiku is the embodiment of one deep thought The old Japanese tradition of haiku speaks of these verses as art Difficult to
construct and meaningful to utter The most important line due to tradition is the last line The last line is supposed to give us a
clue about the subject the poets mind was pondering What moved the poets heart should move the heart of the listener as

McBride,2021-01-10 This almanac a collection of haiku and full color pictures penned and photographed in Maine tracks the
weather along with observations and insights that bring meaning to every day of the year It serves as a perpetual calendar

and daily devotional Wide margins make it usable as a birthday calendar a place to jot down brief musings or even as a concise day planner agenda The almanac grew out of a decision to venture outside daily for a full year to photograph whatever most seized my attention and to reflect upon it through haiku a form of poetry that originated in Japan in the 1600s I vowed to do this in every sort of weather no matter how cold hot wet or windy it might be The poems and images came into focus during kayak or canoe outings in tidal waters and hikes through forests fields and shorelands on and just beyond the small peninsula where I live No fancy equipment just my iPhone8 and a desire to inhabit nature and drink in what she had to say every day for an entire year Soon after I began these daily pilgrimages covid 19 upended the world and urged many of my haiku toward prayer yearnings affirmations devotions and moments of sacred seeing and holy humor set within a classic format of seventeen syllables in lines of 5 7 5 I fell in love with the brevity of haiku with the demand to distill meaningful observations and insights into a small handful of words And I relished formatting my camera on square to record in one small photograph whatever most moved me on a particular day Working within the confines of these structures forced me to see and think in new ways It grew my species vocabulary even as it shrank my word count It pushed me to reach deep when I couldn't go wide It diminished distraction and fostered focus Perhaps more than anything it gave me a sense of being utterly present within a greater Presence With each haiku I experienced a kind of reorientation of being as if the center were shifting from myself or whatever I was observing to the Life force that connects everything and everyone I offer it to readers in the hope that it inspires you to go haiku gathering wherever you abide be it on the edge of wilderness in the countryside suburbia or among city pigeons and sparrows *Five Seven Five* Celeste Heiter,2003 *One Man's Moon* Bashō Matsuo,1984 Collection of haiku that invoke the feeling of a life being lived in relation to the natural world
