Infant And Toddler Experiences:

Infant and Toddler Experiences Fran Hast, Ann Hollyfield, 2002-07-01 What's the difference between an activity and an experience? One is meant to pass the time; the other to last a lifetime. Make the most of your interactions with young children with experiences that allow infants and toddlers to figure out how something works on their own. This book describes a process of learning that involves repeated interaction with and exploration of a caring environment which builds trust between children and you. Each experience offers children the chance to choose their own approaches to tasks that promote their development. Focusing on the Three Cs: curiosity, connection, and coordination, each experience is described simply and includes a list of materials that are needed and tips to keep in mind. In addition, each experience includes specific strategies to help you promote the healthiest development in infants and toddlers.

Baby And Toddler Learning Fun Sally Goldberg, 2007-10-12 It's never too early to share the joy of learning with a child. Sally Goldberg gives parents the tools to provide such rewarding experiences in an organized, fun way with this special book. Here are more than fifty entertaining activities to enjoy with very young children, with instructions for making the toys needed for play. *Baby and Toddler Learning Fun* also provides smart tips for enriching the home environment in other ways for baby's learning. As children grow, the activities can be easily adapted so they remain as much fun for a toddler as for an infant. It's quick and inexpensive to make the toys out of the stuff infants and toddlers already enjoy looking at or handling: plastic containers, stiff paper, brightly colored scraps of material, and other household items. This hands-on book not only helps

parents teach babies important concepts about colors shapes letters and numbers but also brings parent and child closer through engaging playtimes The activities aren't to be used as drills but rather as part of dynamic play that parent and child will enjoy Charts help parents keep track of concepts as they are introduced The activities are equally appropriate for children with learning delays
