Information Technology Outsourcing Information Technology Outsourcing:

Information Technology Outsourcing Suzanne Rivard, Benoit A. Aubert, 2015-03-26 This new volume in the Advances in Management Information Systems series presents the latest cutting edge knowledge in IT outsourcing As part of the growing business trend to outsourcing various operations IT outsourcing both determines the governance of a vital organizational function and influences the processes of exploitation and exploration in all other functions of an enterprise In keeping with the mission of the AMIS series the editors of this volume have framed the domain of research and practice broadly Information Technology Outsourcing provides leading edge research on both the variety of decisions regarding the outsourcing of IS services and the management of the relationship with service suppliers *IT Outsourcing: Concepts, Methodologies, Tools, and Applications* St. Amant, Kirk, 2009-07-31 This book covers a wide range of topics involved in the outsourcing of information technology through state of the art collaborations of international field experts Provided by publisher *Determinants of Information Technology Outsourcing* Lawrence W. T. Loh, N. Venkatraman, International Financial Services Research Center, Sloan School of Management. Center for Information Systems Research, 1992

Networked Information Technologies Jan Damsgaard, Helle Zinner Henriksen, 2006-04-11 Software systems that used to be relatively autonomous entities such as e.g. accounting systems, order entry systems etc. are now interlinked in large networks comprising extensive information infrastructures What earlier used to be stand alone proprietary systems are now for the most part replaced by more or less standardized interdependent systems that form large networks of production and use Organizations have to make decisions about what office suite to purchase The easiest option is to continuously upgrade the existing office suite to the latest version but the battle between WordPerfect and Microsoft Word demonstrated that the choice is not obvious What instant messenger network to join for global communication Preferably the one most colleagues and friends use AOL Instant Messenger, Microsoft Messenger and ICQ represent three satisfactory but disjunctive alternatives Similarly organizations abandon their portfolio of homegrown IT systems and replace them with a single Enterprise Resource Planning (ERP) system Several ERP alternatives exist on the market but which is the right one for you The argumentation and rationale behind these considerations are obviously related to the technological and social networks we are embedded in but it is not always easy to specify how Networked Information Technologies Diffusion and Adoption offers contributions from academics and practitioners who study networked information systems from a diffusion and adoption point of view Themes related to the conceptualisation of diffusion and adoption of networked information systems are discussed along with studies of the diffusion of networked information systems in public sector institutions and private businesses This volume contains the edited proceedings of the IFIP Conference on The Diffusion and Adoption of Networked Information Technologies which was sponsored by the International Federation for Information Processing (IFIP) Working Group 8.6 and held in Copenhagen, Denmark in October 2003 **Information Technology Outsourcing Transactions**
