Calinich,1855 The J. H. Bavinck Reader Johan Herman Bavinck,2013-06-03 Crucial themes and issues explored by a premier missiologist Johan Herman Bavinck 1895 1964 was a prominent twentieth century Dutch Calvinist missiologist who wrestled with the tension between religious absolutism and relativism as many Christians do in today s pluralistic context The J H Bavinck Reader gathers together a choice selection of Bavinck s significant writings that are essential for understanding his theology of missions his approach to world religions and his religious psychology His treatment of religious consciousness and Christian faith expands on the brief treatment of it in his own work The Church Between Temple and Mosque The concluding chapters show how Bavinck s theoretical reflection on religious consciousness was rooted in his close observation during his years as a missionary in Indonesia Offering a constructive way forward Bavinck affirms both the particularity of salvation in Christ and the universality of the Christian hope A substantial introduction enhances the book with the most thorough biographical sketch of Bavinck available *Leerboek der zielkunde* Wilhelm Max Wundt,1898 **Cultures of Child Health in Britain and the Netherlands in the Twentieth Century** ,2016-08-22 The health and welfare of children became an area of concern and action in the early decades of the twentieth century This concern would develop an ever broader remit during the course of the century moving from anxiety about high death rates physical health and the unfit to embrace all children and the mental health and the psychological well being of individuals This volume emerged out of an Anglo Dutch Workshop held at the University of Warwick in July 1999 and is the first book to explore child health in the twentieth century in a comparative perspective focussing on such issues as the link between child health and citizenship the impact of ideas concerning degeneracy socialisation consumerism and children s rights and the role of the family state and experts in mediating child health Encyclopædie der Wijsbegeerte, met toepassing op de grondbeginselen der Zielkunde.
