Meijer, 1979-01-01 This volume contains 18 papers derived from presentations by Dutch linguists at the Eighth International Congress of Slavists **The History of Linguistics in the Low Countries** Jan Noordegraaf, Kees Versteegh, E.F.K. Koerner, 1992-11-05 The importance of the Low Countries as a centre for the study of foreign languages is well known The mutual relationship between the Dutch grammatical tradition and the Western European context has however been largely neglected In this collection of papers on the history of linguistics in the Low Countries the editors have made an effort to present the Dutch tradition in connection with that of the neighbouring countries Three articles by Claes Dibbets and Klifman deal with the earliest stages of the development of a grammar for the Dutch vernacular Several important European figures worked in the Low Countries their contribution to linguistics is discussed in articles on Vossius Rademaker Spinoza Klijnsmit and one of the most original phoneticians of European linguistics Montanus Hulscher Vivian Salmon's article is a survey on the relations between English and Dutch linguistics in the field of foreign language teaching In the 19th century Dutch linguistics had a special relationship with German general and historical linguistics four articles deal with this period Jongeneelen van Driel le Loux Schuringa Noordegraaf Finally there are three articles by Kaldewij Hagen and van Els Knops on the development of three branches of linguistics in the 20th century structuralism dialectology and applied linguistics This volume should be of interest for all specialists in the history of linguistics in Europe who are interested in the interdependence of the various traditions *Linguistics in the Netherlands 1974-1976* Wim Zonneveld, 2019-10-21 No detailed description available for Linguistics in the Netherlands 1974 1976 *A Structural Description of the Macedonian Dialect of Dihovo* B. pioneers Van Wijk did not however follow the lines approved for the social conduct of a Leiden professor and was at one time suspected by the police of communist activities His commitment to materially helping all he could from an Eastern Europe torn apart by the First World War and its aftermath was exceptional His fascination with all things Russian is a background theme that played throughout his life and even at his death son of a Dutch Reformed minister the bachelor Van Wijk was buried in a grave surmounted by a Russian Orthodox cross beside his Russian foster son who died young This book is of interest to Slavists linguists and cultural historians
