Empire of the Elite Michael M. Grynbaum, 2025-07-15 From a New York Times media correspondent a dishy history of the Cond Nast magazine empire home of Vogue Vanity Fair The New Yorker and more focusing on its glitzy heyday from the 1980s through the 2000s For decades Cond Nast and its glittering magazines defined how to live the good life in America

The brilliant complicated striving characters behind Vogue Vanity Fair The New Yorker GQ Architectural Digest and many other titles manufactured a vision of luxury and sophistication that shaped consumer habits cultural trends intellectual attitudes and political beliefs the world over Cond's billionaire owner Si Newhouse and his stable of star editors photographers and writers were the gatekeepers who decided what and who mattered and they offered those opinions to tens of millions of readers every month They were the ultimate influencers before social media changed everything The magazines crowned celebrities by the dozens patronized creative talent much as the Medicis had underwritten Renaissance artists and supercharged opulent events like the Vanity Fair Oscar Party and the Met Gala which came to rival any fete that Louis XIV ever hosted at Versailles The book is full of fresh behind the scenes reporting about a plethora of boldface names and sets out to explain how Cond Nast established itself as a de facto American aristocracy anointing an elite and dictating the culture they presided over The colorful story of Cond Nast at its zenith and the profound way it influenced how Americans aspired to look eat decorate date marry and even think has never been examined deeply *Empire of the Elite* is the first book length history of an empire whose publications refashioned American notions of prestige whose editors became celebrities themselves and whose diminution offers a cautionary tale of class hubris and technological change even as its aesthetic and ethos remain influential to this day

The Mediatization of the Artist Rachel Esner, Sandra Kisters, 2018-01-31 This book offers trans historical and trans national perspectives on the image of the artist as a public figure in the popular discourse and imagination Since the rise of notions of artistic autonomy and the simultaneous demise of old systems of patronage from the late eighteenth century onwards artists have increasingly found themselves confronted with the necessity of developing a public persona In the same period new audiences for art discovered their fascination for the life and work of the artist The rise of new media such as the illustrated press photography and film meant that the needs of both parties could easily be satisfied in both words and images Thanks to these new media the artist was transformed from a simple producer of works of art into a public figure The aim of this volume is to reflect on this transformative process and to study the specific role of the media themselves Which visual media were deployed to what effect and with what kind of audiences in mind How did the artist critic photographer and filmmaker interact in the creation of these representations of the artist's image

Vanity Fair, 2013 **The New Vision** Maria Morris Hambourg, Christopher Phillips, 1989 A broad historical study of the provocative innovations of European and American photography between the World Wars Presents more than 160 images from the Ford Motor Company Collection of photographs

Film, Art, New Media: Museum Without Walls? Angela Dalle Vacche, 2012-06-12 In the footsteps of Andre Bazin this anthology of 15 original essays argues that the photographic origin of twentieth century cinema is anti anthropocentric Well aware that the twentieth century stands out as the only period in history with its own photographic film record for posterity Angela Dalle Vacche has convened international scholars at The Sterling and Francine Clark Art Institute and asked them to rethink the history and theory of the cinema as a new model for

the museum of the future By exploring the art historical tropes of face and landscape and key areas of film studies such as early cinema Soviet film theory documentary the avant garde and the newly born genre of the museum film this collection includes detailed discussions of installation art and close analyses of media relations which range from dance to painting to performance art Thanks to the title of Andre Malraux's famous project Film Art New Media Museum Without Walls invites readers to reflect on the museum of the future where twentieth century cinema will play a pivotal role by interrogating the relation between art and science technology and nature from the side of photography in dialogue with digitalization
