Jack And The Beanstalk Reception Activities:

Coordinating Physical Education Across the Primary School Carole Raymond, 2005-11-29 A book to promote the talents of teachers and help them explore and share their skills in which all aspects of Subject Leadership are covered Case studies provide ideas on best practice and material to be used for reflection is suggested

Play, Learning and the Early Childhood Curriculum Elizabeth Wood, Jane Attfield, 2005-05-17 An excellent overview of the development in thinking about play based on research into different aspects of play This book enables the reader to not only access and engage with developing theories and ideas but also provides practical ideas and examples that have been tried and tested in the classroom This book should be compulsory reading for every teacher of young children who are interested in developing their practice to provide a stimulating active and playful environment with their children in which effective learning and positive attitudes are developed Bernadette Hancock Headteacher of Christ the King Primary School Cardiff One of the major strengths of the book is that it makes some complex theory highly accessible to its audience This makes it an excellent introductory book for use on inservice and undergraduate programs Sue Rogers Institute of Education This book aims to improve the quality of play in educational settings It will be valuable for a wide range of practitioners Nursery World In this new and updated edition of an outstanding book Wood and Attfield once again demonstrate how young children make meaning and construct knowledge through play They combine an informed discussion of the ideological tradition of the early childhood pioneers which continues to underpin most contemporary provision with a refreshing openness to the new insights provided by recent research and the new opportunities offered by the Foundation Stage era Their unrivalled explanation of the links between theorists such as Vygotsky and classroom provision for play is now expanded through considerations of recent findings in neuroscience and a renewed awareness of the sociocultural contexts of childhood as well as by studies which acknowledge the importance of boisterous rough and tumble play activities for children s development And throughout they remind readers and practitioners of the important distinction between play as a spontaneous activity of children play as such and the play which educators offer as a medium for learning Elizabeth Brooker Course Leader MA in Childhood Studies Institute of Education This book provides a thorough and up to date overview of the topical issue of teaching and learning through play Chapters cover issues including assessment through play the role of adults in children s play the impact of play on social and emotional learning and how to develop a whole school approach to learning through play This book is theoretical and detailed but extremely interesting and there is certainly practical information to be found in it Early Talk This timely Second Edition explores recent developments which strongly endorse play as an integral part of the curriculum The content has been fully revised to reflect contemporary thinking about the role and value of play in early childhood and beyond A key focus is the provision of a secure theoretical and practical grounding for developing a pedagogy of play In the first section the authors provide an overview of recent developments in education policies and reviews of research into different aspects of

play In the second section the emphasis is on classroom practice specifically organizing and developing play with particular reference to the Foundation Stage and Key Stage 1 establishing progression and continuity with Key Stage 1 assessing children s learning through play the role of adults in children s play using the plan do review approach to integrate child initiated and adult directed play the importance of socio dramatic play for children s social and emotional learning and developing a whole school play ethos This book enables practitioners to create unity between play learning and teaching and to improve the quality of children s learning New material provided by practitioners has been added to show how this unity can be successfully achieved This is an essential text for students of education It is highly recommended to those undertaking degrees in Childhood Studies and those on Initial Teacher Training programmes in early years and primary education

Literacy Hour and Language Knowledge Peta Lloyd, Helena Mitchell, Jenny Monk, 2013-12-19 This text on implementing the Literacy Hour in primary schools includes a demonstration of how to meet the teaching objectives through well chosen fiction and poetic texts appropriate activities at whole text sentence and word level and practical ideas to aid the planning of the Literacy Hour

Planning for the Foundation Stage Penny Tassoni, 2002 Suitable for most students on Early Years Health and Education courses and student teachers in training this work provides practical guidance on implementing the pre school curriculum

A Guide to Early Years Practice Sandra Smidt, 2007-02-07 This is a practical accessible guide to early years practice The author examines current theories about how children learn best and focuses on how we can support and extend the learning of young children This fully revised edition discusses Birth to Three Matters the new Childcare Bill and the development of children s centres and has additional focus on the Foundation Stage Profile Packed full with case studies the book offers practical advice on how to successfully involve parents as equal partners in the education of their children guidance to ensure that the activities and support offered to young children will promote learning across a broad and balanced Early Years curriculum a focus on special needs multiculturalism and multilingualism play and culture and the importance of interactions with adults and with peers Essential reading for students on Early Years courses this book is also invaluable for practitioners who can use this text as the starting point for developing their own methods within the

frameworks of statutory documents relating to Early Years education

Teaching Across the Early Years 3-7 Hilary Cooper, Chris Sixsmith, 2004-11-23 This practical and accessible book explores ways of developing continuity and coherence in children s learning from three to seven years old It is based around three case studies in which tutors on Initial Teacher Training courses worked with early years practitioners in three different pre school settings each linked to a primary school The book describes how they successfully managed to plan and teach integrated themes across the age range in the context of the requirements of the Foundation Stage and the National Curriculum Each case study has a different focus science design and technology the arts including an ICT strand the humanities including a physical education strand English and mathematics dimensions run through each theme The book is alive with discussion of children s art language drama and

music captured as field notes writing drawing and as video tape Each chapter concludes with suggestions of ways in which readers can develop the ideas in their own contexts This book will be invaluable reading for students on Early Years courses Early Years practitioners and tutors and mentors in early childhood education *The Outdoor Classroom Ages 3-7* Karen Constable, 2012 The outdoor area is now an integral part of many early years settings and schools but is it being used to its full potential This book clearly explains the learning potential of the outdoor environment and practically demonstrates how the Outdoor Classroom can be developed in early years settings and schools Drawing on the Forest School approach it aims to inspire practitioners to think creatively about their outside area and how they can provide rich play opportunities for children that will further their learning regardless of any time space or financial restraints Emphasising the importance of continuity for young children the book shows how good practice in the early years can be built on in Reception and Key Stage 1 and covers What is the outdoor classroom and how does it enhance children's learning How experiences in the Outdoor Classroom can support the early years and Key Stage 1 curricula The implications for schools using the outdoor classroom including resources timetabling space parental and staff opposition Guidance on planning Activities and ideas for using the Outdoor Classroom Including practical examples and detailed case studies taken from a wide range of settings and schools this handy text will help you to get the most out of your outside area *Looking at Early Years Education and Care* Rose Drury, Robin Campbell, Linda Miller, 2013-07-04 First published in 2000 This book will serve as a reader for students on early childhood courses and reflective practitioners working with or for young children in a range of early years settings It provides an introduction to current research and thinking in early years curriculum health issues special educational needs bilingualism the role of adults working with young children and the role of parents in young children's development and learning It takes account of the new curriculum framework and Foundation Stage for early years recognising the demands of the National Literacy and Numeracy Strategies The contributors wide range of backgrounds in early years health and education ensures that the text will meet the needs of students on HNC D and BA degree courses in Early Childhood Studies and those taking BEd courses for Primary Early Years teachers *Early Literacy For Under-Fives* Karen Boardman, 2024-01-05 Embracing a multi modal approach to early literacy this textbook supports students as aspiring early years professionals with their understanding of early reading for under fives and the critical links to language literacy and learning This book looks at early literacy in all its forms including mark making sharing stories making music and covers the breadth of literacy learning opportunities that take place outdoors and in museums art galleries and more With chapters on phonics the deficit model digital literacies and storytelling this book is packed with everything you need to support you on your degree and help you to develop into a literacy advocate for under fives This key text features individual chapter overviews that enable you to review and rethink activities that bring theory into practice and engaging case studies to provoke deeper thought With reflection points and review and rethinking pedagogy sections this interactive book emphasises
