Government Publications Monthly Catalog ,1943 *United States Government Publications Monthly Catalogue, Vol. 7 (Classic Reprint)* John H. Hickcox, 2015-07-08 Excerpt from United States Government Publications Monthly Catalogue Vol 7

The Board on Geographic Names grew out of the want of uniformity in the use of names of localities by the several bureaus of the Government charged with the production of charts and maps relating not only to the United States but involving in some instances the geography of the whole world It was found that in no department or bureau was there anything like a system of nomenclature the geographical names adopted being rather the result of accident than otherwise one authority being accepted in one bureau at one time while that of others was entirely different The board consists of representatives from the Coast Survey the Department of State the Treasury War Navy and Post Office Departments the Smithsonian Institution and the Geological Survey Prof T C Mendenhall Superintendent of the Coast and Geodetic Survey is Chairman and Lieut Richardson Clover Hydrographer of the Navy Department the Secretary of the Board While its functions are purely governmental and its decisions binding on Government officers only it is probable that its conclusions will be quite generally accepted The first Bulletin contains a list of 226 corrected names An important report on sewerage with more especial reference to the District of Columbia has been made by a board of sanitary engineers consisting of Mr Rudolph Hering Mr S M Gray and Mr F P Stearns who were appointed by the President under authority of Congress One of the outgrowths of the recent irrigation controversy in Congress was an investigation to determine the proper location of artesian wells within the area of the 97th meridian and east of the Rocky Mountains The Secretary of Agriculture has submitted a voluminous report on the subject which Congress ordered printed The Department of Agriculture has issued a special report on the diseases of

the horse prepared under the direction of Dr Salmon The work seems to be in high favor in Congress the House having passed a resolution to print 100 000 copies afterwards reduced by the Senate to 50 000 About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Monthly Catalog of United States Government Publications, Cumulative Index** United States. Hickcox, 2018-09-06 Excerpt from United States Government Publications 1893 Vol 9 A Monthly Catalogue Apologies are disagreeable in every sense and should never be necessary but we feel that in justice to ourselves we should explain that the late appearance of the catalogue for the first three months of 1893 is largely to be accounted for by the fact that up to the adjournment of Congress on the fourth of March it was probable that the proposed printing bill might become law in which event the continued publication of the catalogue would have become impossible After the adjournment the work was prosecuted as rapidly as possible The April and May numbers will follow in a few weeks About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Supplement to United States Government Publications U.
