outcomes of Reformed theologians for next one hundred years Whether you are interested in Reformed theology or note Vos's work in these pages is required reading to understand the development of Reformed theology in the twentieth century specifically as well as the course of confessional conservative evangelicalism in the United States generally Christ and Theology Scott Stine, 2025-02-17 Tracing the relationship between Christ centered biblical theology and the so called Great Tradition this book seeks to remedy often self diagnosed weaknesses in evangelical gospel centered hermeneutics Meeting charges first that redemptive historical approaches to Scripture tend to de theologize the Bible and second that theological approaches tend to de historicize the Bible Scott Stine appropriates Calvin's famous spectacles metaphor to propose a hermeneutical method that orients the Scripture reader both upward theologically and forward redemptive historically The outcome is a unique approach called typological realism emphasizing that God reveals his good purposes along a typological trajectory inviting believers to participate in the journey This book does not seek to offer anything new to Christian interpretation of Scripture but to join together features from oft used approaches that not only fit together thematically but also remedy reductive tendencies The goal is to help those listening to Scripture as God's shepherding voice to hear the fullness of his revelation the purposeful process that culminates in the Beatific Vision Grace and Glory (Illustrated) Geerhardus Vos, 2020-12-09 This book is a compilation of Sermons Preached in the Chapel of Princeton Theological Seminary The book consists of 7 chapters sermons The Wonderful Tree Hungering and Thirsting after Righteousness Seeking and Saving the Lost Rabboni The more Excellent Ministry and Heavenly Mindness The book is full of rich theological concepts that focuses majorly on the New Covenant Jesus of Nazareth It is important to acknowledge that every sermon is based on a single verse It is admirable how Geerhardus Vos unfolds his viewpoint Vos who is sometimes called the father of reformed biblical theology As Spurgeon famously once said Reformed theology is nothing other than biblical Christianity is no stranger when it comes to analyzing a biblical text It is important to know that he is indeed a Calvinist who befriended Herman Bavinck and Abraham Kuyper and you can hear the hint of doctrine of predestination throughout his book **Rid of My Disgrace** Justin S. Holcomb, Lindsey A. Holcomb, 2011 Helps adult victims of sexual assault move from brokenness to healing This book outlines a theology of redemption and includes an application of how the disgrace of the cross can lead victims toward grace **Redemptive-Historical Hermeneutics and Homiletics** Yung Hoon Hyun, 2015-04-14 This book focuses on redemptive historical hermeneutics and homiletics within New Testament theology This is a valuable legacy of the Reformed tradition despite differences in interpreting and preaching Bible texts that surfaced in Holland 1920s and 1930s and the United States 1970s onwards before influencing Korean Reformed churches The background origin distinctiveness and development of these theological debates is explored and evaluated before the features of redemptive history in Korea are identified The influence of Western redemptive historical scholars on the Korean debate are also analyzed Here is a major and contemporary contribution to reformed historical hermeneutics and homiletics that is relevant for Korean

Reformed churches but also for all Reformed churches worldwide **T&T Clark Handbook of Neo-Calvinism** Nathaniel Gray Suto, Cory Brock, 2024-01-25 Neo Calvinism critically advances Reformed orthodoxy for the sake of modern life Birthed in the Netherlands at the turn to the twentieth century initiated by Abraham Kuyper 1837 1920 and Herman Bavinck 1854 1921 it argued that a life before God entailed the leavening of faith over all human existence While the movement originated in the Netherlands the tradition now has a global reach with practitioners and thinkers applying its insights in diverse ways and in their own contexts This handbook is a genealogical introduction to this lively and modern branch of the Reformed tradition with contributors that reflect its global reach Its four sections chart the theological roots important original figures historical contours and the contemporary influence of neo Calvinism across a diversity of fields

Uncovering the Theme of Revelation in Romans 1:16-3:26 Marcus A. Mininger, 2017-09-19 Past study of Rom 1 16 3 26 focuses on individual salvation or on social relations and also produces a host of interpretative quandaries Marcus A Mininger develops a new approach which includes but goes beyond these foci by unearthing the theme of revelation that runs throughout Paul s argument largely unnoticed More than a proof of sin or of social equality Paul provides a survey of numerous visible revelations in which otherwise invisible realities like God s wrath the power of sin and God s righteousness are seen through the observable effects they produce in different people Read this way the rationale of Paul s argument becomes quite clear including for problem texts like Rom 2 and 3 1 8 as Paul proves that the gospel not the law overcomes sin s power and that God s righteousness always exists in contrast to the human condition in this age From publisher s description **The Path of Faith** Brandon D. Crowe, 2021-03-02 The closely related biblical themes of covenant and law are among the most important in Scripture In this ESBT volume Brandon Crowe considers these themes throughout both Old and New Testaments laying out key principles such as our obligation to obey our Creator how Jesus perfect obedience to God s law opens the way to eternal life and what the law means for us today

The Last Adam Brandon D. Crowe, 2017-01-31 There is much discussion today about how we are to understand the life of Jesus in the Gospels What was Jesus doing between his birth and death and how does this relate to salvation This book corrects the Christian tendency to minimize the life of Jesus explaining why the Gospels include much more than the Passion narratives Brandon Crowe argues that Jesus is identified in the Gospels as the last Adam whose obedience recapitulates and overcomes the sin of the first Adam Crowe shows that all four Gospels present Jesus s obedient life as having saving significance **The Origins of Christian**

Anti-Internationalism Markku Ruotsila, 2007-12-18 The roots of conservative Christian skepticism of international politics run deep In this original work Markku Ruotsila artfully unearths the historical and theological origins of evangelical Christian thought on modern day international organizations and U S foreign policy particularly in the fierce debates over the first truly international body the League of Nations After describing the rise of the Social Gospel movement that played a vital foundational role in the movement toward a League of Nations **The Origins of Christian Anti Internationalism** examines the

arguments and tactics that the most influential confessional Christian congregations in the United States dispensational millennialists Calvinists Lutherans and to a lesser extent Methodists Episcopalians and Christian Restorationists used to undermine domestic support for the proposed international body Ruotsila recounts how these groups learned to co opt less religious minded politicians and organizations that were likewise opposed to the very concept of international multilateralism In closely analyzing how the evangelical movement successfully harnessed political activism to sway U S foreign policy he traces a direct path from the successful battle against the League to the fundamentalist modernist clashes of the 1920s and the present day debate over America s role in the world This exploration of why the United States ultimately rejected the League of Nations offers a lucid interpretation of the significant role that religion plays in U S policymaking both at home and abroad Ruotsila s analysis will be of interest to scholars and practitioners of theology religious studies religion and politics international relations domestic policy and U S and world history

The Giver of Life J. V. Fesko, 2024-06-05 God s Spirit unites believers to Christ conforms them to his image and equips them for witness and ministry In *The Giver of Life* J V Fesko reflects on the person and work of the Holy Spirit in the application of Christ s work for the salvation of sinners Through a combination of biblical historical and theological study Fesko illuminates the blessing of God s presence with his people Written from a confessionally Reformed perspective in dialogue with the great creeds of the church *The Giver of Life* provides a thorough and trustworthy guide to the Holy Spirit s role in salvation

In Defense of the Eschaton William Dennison, 2015-10-22 *In Defense of the Eschaton* is an anthology of William D Dennison s essays on the Reformed apologetics of Cornelius Van Til Written over the course of Dennison s many years of study the chapters in this volume investigate Van Til s theory of knowledge revelation common grace antithesis Christian education and the history of ideas as well as examine key Scriptures to identify the redemptive historical structure of a biblical apologetic method In the end Dennison finds that Reformed apologetics must take eschatology seriously According to the New Testament the believer has been transferred by faith in Christ into the final stage of history As a citizen of heaven the Christian apologist must defend the eschaton of the age to come against the satanic attacks of this present world

A Christian Approach to Interdisciplinary Studies William Dennison, 2007-05-01 In an academic world that has rejected a Christian ontology metaphysic and epistemology as well as the secular foundationalism of modernity one is hard pressed to find any secular academician in the field of interdisciplinary studies IDS advocating a definitive starting point and methodology for IDS In *A Christian Approach to Interdisciplinary Studies* William D Dennison asks is such a study truly integrative that does not have an ontological integrative starting point and the constitutive component of method To put the question another way without the God of the Bible as the author of integration within creation can there truly be IDS Indeed Dennison calls for the integration of approach and method integration provided and modeled by the triune God of Scripture Adapted from the Preface

Seated in the Heavenly Realms Young Jae Song, 2022-08-04 This book explains key doctrines in theology from the perspective of biblical eschatology

Eschatology first appears in Genesis rather than in Revelation for it is about the chief end of man and God's creation. It is placed in the beginning rather than at the end of theology as the central and foundational motif. The chief end of man in the Westminster Shorter Catechism for instance is an eschatological concept in nature as well as in redemption. Eschatology precedes redemption but the eschatology of nature is fulfilled through the eschatology of redemption in Jesus Christ. The Golden Chain of Ordo Salutis and the progress of redemptive history will be interpreted from the perspectives of covenant eschatology and Christology.
