Education Mania Joshua Flapan, 2023 Education Mania: Is a University the New Doctor? is about people who think that a college degree is a real degree. In fact, the doctorate is doing the goals of the college. In many ways, the full benefits of a college degree go to the doctorate. Like in the majors in the field of engineering, psychology, and English, there are a lot of college grads around the world who face the food stamp line, and it is contrary to how the university gets people a job. The scandal involves an essay and dissertation. That is an approximately five-chapter essay. Also, the book has introductions to explain to the reader how a university degree becomes a new doctor. My book explores solutions to subject areas that prove the doctor is the new college. The solutions include having college to nothing, getting rid of the bus child labor, and apprentices.
