Becoming a Forensic Psychologist David DeMatteo, Jaymes Fairfax-Columbo, Alisha Desai, 2019-11-20 The paths to becoming a forensic psychologist are numerous and varied. *Becoming a Forensic Psychologist* provides insight into the process of pursuing a career in forensic psychology from an introduction to the field itself to graduate school and beyond. This comprehensive guide extends beyond mere definitions and overviews to discuss tips, strategies, and questions to ask at every step of the way to becoming a forensic psychologist. Told from the perspectives of individuals at different stages in their career, this book provides up-to-date information about existing forensic psychology programs and resources to assist aspiring forensic psychologists in career decision making. Additional sidebars define key terms, highlight important court decisions that shaped the field of forensic psychology, and provide interesting facts about the field. This book will help any individual pursuing a career as a forensic psychologist, including those about to start college who are narrowing their career interests, graduate students, and those already in the field of psychology who are considering a career shift.

Supporting Student and Faculty Wellbeing in Graduate Education Snežana Obradović-Ratković, Mirjana Bajovic, Ayse Pinar Sen, Vera Woloshyn, Michael Savage, 2022-11-18 *Supporting Student and Faculty Wellbeing in Graduate Education* recognizes new pressures impacting graduate students and their supervisors, teachers, and mentors globally. The work provides a range of insights and strategies which reflect on wellbeing as an integral part of teaching, learning, policy, and student-mentor relationships. The authors offer a uniquely holistic approach to supporting the wellbeing of both students and academic staff in graduate education. The text showcases optimized approaches to self-care, self-regulation, and policy development, as well as trauma-informed, arts-based, and embodied pedagogies. Particular attention is given to the challenges faced by minority groups, including Indigenous, international, refugee, and immigrant students and staff. Providing a timely analysis of the current issues surrounding student and faculty wellbeing, this volume will appeal to scholars and researchers working across the fields of higher education, sociology of education, educational psychology, and student affairs.

Inclusive Education in a Post-Soviet Context Tsedis Michael Makoelle, Michelle Somerton, 2021-02-27 This book provides the first evidence-based reference about inclusive education in Kazakhstan, one of the post-Soviet Union countries. This nation, as well as many other central Asian countries, is undergoing a radical transformation and change in education which encompasses the implementation of inclusive and special education. This book is composed of chapters synthesized from various studies and captures different aspects of the implementation of inclusive education in Kazakhstan. The implementations of inclusive education in any educational system require a multi-dimensional, multi-level, and an integrated approach. It requires collaborative efforts on part of all stakeholders, including governance, pedagogical, auxiliary, and support structures. This book is a collection of evidence-based studies in a Kazakhstani educational context that demonstrates the multifaceted nature of the process to realize an educational system that is inclusive. The book highlights some of the fundamental requirements and challenges for this process to succeed. Among the

main issues addressed in this book are the understanding of inclusive education the transition towards inclusive education given the soviet legacy the role of school leadership teachers parents and other stakeholders in the process The findings in each chapter demonstrate some of the milestones and challenges of inclusivity This work will be of interest to academics scholars students and teachers in this field

Mental Health among Higher Education Faculty, Administrators, and Graduate Students Teresa Heinz Housel, 2021-09-23 Mental Health among Higher Education Faculty Administrators and Graduate Students addresses how many academics who experience mental distress or mental illness are afraid to speak out because of cultural stigma and fears of career repercussions Many academics reluctance to publicly disclose their struggles complicates attempts to understand their experiences through research or popular media or to develop targeted mental health resources and institutional policies This volume builds on the existing studies in this greatly under researched area of mental health among faculty administrators and graduate students in higher education The chapters research findings will help institutions communicate about mental health in culturally competent and person centered ways create work environments conducive to mental well being and support their academic employees who have mental health challenges This book argues that discussions of health and wellness equity workload expectations and productivity and campus diversity must also cover chronic illness and disability which include mental health and mental illness
