Official Handbook Boy Rangers of America,1926 **Resources in Education** ,1999-04 **Handbook on Teaching Social Issues** Ronald W. Evans,David W. Saxe,2007-10-01 There s no book like this one for educators interested in issues centered teaching More than 40 experts have contributed articles offering comprehensive coverageof the field of social issues education In addition to a full examination of objectives and methods contributors show how social issues can be taught as part of history geography the social sciences and global and environmental studies The challenges of assessment curriculum and effective teacher education are fully explored With its teaching ideas and useful resource section this book is an indispensable addition to your library Contributors include Shirley Engle Anna Ochoa Becker Jack Nelson Carole Hahn Byron Massialas Jeff Passe Jesus Garcia Gloria Ladson Billings Merry Merryfield Patricia Avery Sam Totten Bill Wraga Walter Parker and James Shaver **Project Management for Research** Adedeji B. Badiru,Christina F. Rusnock,Vhance V. Valencia,2018-09-03 Graduate research is a complicated process which many undergraduate students aspire to undertake The complexity of the process can lead to failures for even the most brilliant students Success at the graduate research level requires not only a high level of intellectual ability but also a high level of project management skills Unfortunately many graduate students have trouble planning and implementing their research Project Management for Research A Guide for Graduate Students reflects the needs of today s graduate students All graduate students need mentoring and management

guidance that has little to do with their actual classroom performance Graduate students do a better job with their research programs if a self paced guide is available to them This book provides such a guide It covers topics ranging from how to select an appropriate research problem to how to schedule and execute research tasks The authors take a project management approach to planning and implementing graduate research in any discipline They use a conversational tone to address the individual graduate student This book helps graduate students and advisors answer most of the basic questions of conducting and presenting graduate research thereby alleviating frustration on the part of both student and advisor It presents specific guidelines and examples throughout the text along with more detailed examples in reader friendly appendices at the end By being more organized and prepared to handle basic research management functions graduate students along with their advisors will have more time for actual intellectual mentoring and knowledge transfer resulting in a more rewarding research experience
