Poems For Granddaughter

I play my heart, like a violin's string,
A solo act, in love's grand setting.
I hear the notes, I feel the tune,
Yet my love song plays only for the moon.

You pass by, unaware of the score,
My heart aches, but you don't hear the encore.
In my symphony, you're the missing chord,
The silent note, that I can't afford.

So I'll keep playing, my solo piece,
Hoping one day, this torment will cease.
My unrequited symphony, a sorrowful song,
A tune for a love, that won't come along.

The Glass Tears Poem Journal Randal S. Doaty, 2011-11-16 A ray of sunlight came through a pane in the glass studio workshop The scrap glass bucket was nearly full On top of this heap was a hardened drip of glass that had

carelessly fallen from a glass artists punti Glimmering in the sunlight that morning was the very first Glass Teardrop It may have remained just scrap until the simple words glass tears softly whispered in the imagination of a would be poet Two totally different art forms were about to be married The story of Glass Tears is purely serendipitous The need for a unique and meaningful sympathy gift happened at just about the same time as the glass teardrop appeared at the studio The poem Glass Tears came to Randal S Doaty as unexpectedly as the teardrop itself He had never written a poem before but he felt the need to give his new teardrop a voice The Glass Tears Poem Journal is a collection of what many different Glass Tears have spoken through the voice of this poet

children's poetry and nonfiction as well as fiction and read diachronically as well as cross culturally. These ways of reading offer points of entry into a world of books that refuse to exclude young audiences in scrutinizing topics that range from US settler colonialism and linguistic prejudice to intersectional forms of gender inequality. The authors included here also employ an intricate array of writing strategies that challenge lingering stereotypes of children's literature as artistically as well as intellectually simplistic. They subversively repurpose tropes and conventions from canonical children's books, embrace an epistemology of children's literature that emphasizes ambiguity and complexity, invite readers to participate in redefining concepts such as civilization and cultural belonging, engage in intricate acts of cross cultural representation and re-envision their own earlier works in new forms tailored explicitly to younger audiences. Too often disregarded by skeptical adults, these texts offer rich rewards to readers of all ages and here they are brought to the fore.

Family Matters and Other Complications: Assorted Stories and Poems Crossing Many Borders Latika Mangrulkar, 2011-10. *Family Matters and Other Complications* dramatizes the processes involved with immigration. Creating a trans national identity and the emotional upheavals that occur with such a major change are at the center of this book about men and women at various stages in life as they try to feel at home in a foreign environment. The assorted stories and poems are woven around characters struggling with identity issues and the subtle undercurrents make these complex family relationships come alive. Spanning across several generations and locales, this is a universal dilemma. Historical borders are no longer valid and geographical boundaries have lost their meaning, unable to confine us to where we were born as the world grows a bit smaller every day. Beginning in the late 1960s, the book covers a period of 50 years, traveling from the Himalayan Mountains to communities in America. About the Author: Author Latika Mangrulkar grew up in India as an army brat, living all over the subcontinent before coming to the United States at the age of 22. She was the first South Asian woman grad student at her Midwestern university. She is a social worker, therapist, and an educator and lives in the San Francisco area. Latika Mangrulkar **Harbingers of Books to Come** Dave Oliphant, 2009-09. The first major autobiography by a Texas poet, this noteworthy account traces the life and times of a poet, publisher, critic, and teacher from his childhood to the present day. This remarkable life is examined through the works it produced: 25 books in the fields of poetry, fiction, translation, jazz history, and book reviewing. Proving that the literary and intellectual life in Texas far surpasses the state's stereotypes, this record shows how the poet was instrumental in connecting Texas with many Latin American writers as well as with a wide world of music.
