Oriental Treat Kurt John Brown,2018-11-21 I take it back How many times in life does a man or women utter these words When we say something stupid or hateful then we often ask for forgiveness and take it back Sharp and piercing words stick in the mind like a coffee stain on a white shirt it never totally goes away If these same words are used regarding the life that a man or woman has lived is the effect any different The answer is obvious forgiveness may come from an apology but in life there is no do overs only change Life starts out hard and remains hard in one way or another for all of us Even if wealth and power is abundant from the beginning the mental stress can be devastating Hard work and determination are essential qualities on the road to success When our work is finished for the day hopefully there is time to play and sometimes the games we play can lead to destruction Along the road of life we should have respect and concern for our fellow human beings feelings When morality and decency become strangers to our actions when we are willing to step on anyone s throat to fulfill our desires then the road of life can become dangerous if not deadly Thankfully many people are not that ruthless in life The journey of such evil debauchery and selfish desire can be experienced in Oriental Treat If you desire to read a novel that can keep you wondering where such a woman s life will lead her a story that you may easily relate to or feel overwhelming sympathy or contempt for her actions then Oriental Treat is the next novel you should be reading

Re-membering Culture Bic Ngo,2024-11-12 The untold stories of resilience in Hmong American education Re membering Culture is a deep exploration of the intricate dynamics of cultural memory and education centering the experiences of Hmong American students and educators Arguing that the school as a product of coloniality perpetuates the marginalization and erasure of non Western epistemologies author Bic Ngo sheds light on the subtle yet impactful process of structured forgetting within the American education system This politics of forgetting in turn contributes to the fragmentation of Hmong cultural heritage identity and community Based on a high school in an urban center with a considerable Hmong immigrant community Ngo s work draws on extensive ethnographic research with Hmong American community leaders school administrators parents teachers staff and high school students to understand how they navigate the terrain of Western pedagogy while attempting to retain and preserve Hmong knowledge systems Exploring a

range of school experiences Ngo traverses students challenges in balancing school with family life and the everyday cultural racism encountered in the classroom as well as grassroots efforts to preserve culture including the establishment of a Hmong Cultural Club Highlighting these experiences and voices Ngo provides a nuanced understanding of the challenges Hmong Americans face within an assimilationist society while contesting the dominant anti immigrant narratives of refugee suffering and poverty Through these practices of re storytelling resurgence and refusal she underscores the agency of the Hmong American community illuminating how the critical consciousness fostered by re membering serves as a powerful tool in confronting white hegemonic ideologies in education Retail e book files for this title are screen reader friendly
