

State of Our Schools Speech by Superintendent Ann Clark

Thank you, Steven. Good morning, everyone. It's a pleasure to welcome all of you to our annual State of Our Schools event. Thank you for making time to join us.

As Steven told you, we first met when he was in middle school at Alexander Graham and I was the principal there. It has been my privilege to follow his journey from student to successful adult. We want every student in CMS to make that journey successfully. Ensuring that every child completes the journey is the mission of CMS. All of us in this room today care about our children and their education.

Educating a child is a process that begins at home and continues all the way through school and into the workplace and the wider world. Education cannot be accomplished or measured in a single day, a single test or a single year. It's a lifelong journey that builds on success in the early grades to create a foundation for learning later on. It's a continuum of learning and support that begins when a child enters school and continues all the way through high school and beyond. So many people are needed along the way. Parents, teachers, school staff, administrators all have a role to play. So do many others – volunteers, working professionals, citizens, elected officials.

We are fortunate to have the support of our district employees and the wider community. I've asked seven people who are involved with CMS to tell their stories during today's program and they are here on stage. Let me introduce them now and then you'll hear from them as we go along. I will introduce them starting from your left. Psalms Olivia Phifer White is a senior at Harding University High School. Next to her is Katie B. Morris, who chairs the Belk Foundation. Mark Rohlinger is the plant technical director for Bosch Rexroth in Charlotte. Lecia Shockley is the 2014 CMS Teacher of the Year and teaches second grade at Selwyn Elementary. Michael
