Country Souchou Yao,2024-03-23 This book is a study of an ethnic Chinese family in Malaysia as it struggled with the upheavals in China during the Land Reform 1945 1953 and the Great Leap Forward 1958 1962 Based on fieldwork in Malaysia and in a village in Dabu County Southern China it tells a story of a family whose existence straddled two nations two political systems Emigration is shown to be both a positive experience and a source of despair The study redefines the conventional narrative about the Chinese diaspora as economically driven and politically expedient mobility personal freedom and transnational journeying were a part of their cultural history The book highlights the fact that Chinese homeland even under communist rule offered the people a means of identification under difficult circumstances During the time of radical reform the diaspora adapted themselves to the conditions in the homeland and for some China remained a place of longing and emotional attachment **Once Upon a Time There Was a Three-Year-Old Grandpa** David Janzen,2024-07-18 This

eccentric title recalls a collection of tales first told to grandchildren at bedtime Each chapter begins with a fun to read farmer boy story from the 1940s an era before industrial farming when horses cows and chickens were still members of the family These anecdotes each launch a theme that splashes down with further development in later decades of life Diverse topics include imaginative play construction crew humor animal intelligence contemplative prayer and journal writing rural and urban farming communal wisdom and affordable housing along with a few serious pranks and the prophetic mischief that follows This memoir is also a confession in the pattern of Augustine reflecting on God s in breaking initiatives and the writer s emerging sense of calling in lifelong conversation with Jesus Its stories offer a series of curiosity driven on ramps into eight decades of transformative experiences for curious souls to ponder an open eyed faith and a communal way of life for the long haul **The Bible in History** David W. Kling,2004-08-12 No one can doubt that the Bible has exerted a tremendous

influence on Western civilization since the dawn of Christianity But few of us have considered the precise nature of that influence in particular historical contexts In this book David Kling traces the fascinating story of how specific biblical texts have at different times emerged to be the inspiration of movements that have changed the course of history By examining eight such pivotal texts Kling elucidates the ways in which sacred texts continue to shape our lives as well as our history

Among the passages he discusses are Upon this rock I will build my church Matthew 16 18 which inspired the formation of the papacy and has served as its foundation for centuries The righteous will live by faith Romans 1 17 which caught the imagination of Martin Luther and sparked the Protestant Reformation Go to Pharaoh and say to him Thus says the Lord Let my people go so that they may worship me Exodus 8 1 which has played an important and diverse role in African American history from early slave spirituals through the modern civil rights movement and beyond There is no longer Jew or Greek there is no longer slave or free there is no longer male and female for all of you are one in Christ Jesus Galatians 3 28 which has been adopted by feminists as a rallying cry in the battle for women s ordination Each of the historical episodes he explores from the beginning of Christian monasticism to the emergence of Pentecostalism is evidence of the dynamic interplay between Scripture and the social and cultural context in which it is interpreted Kling s innovative study of this process shows how sacred texts can give life to social movements and how powerful social forces can give new meaning to Scripture

There Was Always Room At My Mother's Table Martin E Cohen, 2005-02 This is a story of how a small group of people made a transformation from Jew to Jewish American to American Jews It is not unlike the transformation and Americanization of other peoples How it differs is from the very fact that a religion a set of beliefs transformed into a nationality It is about a period of time in one woman s life my mother who was a blend of Europe and America She was a mixture of ethnicity culture religion and Americanized traditions a potpourri of ideas and actions unlike most and yet common to us all This is also my story as well as hers It is about our lives and times of changes It is about the games we played the education we received the changes in religious practices the friends we had and the environments in which we lived My mother possessed virtues that were stark realities of everyday life It was that there was always room at her table and there never was a shortage of food She was a powerful loving matriarch who touched the lives of a great many people with a touch of this knowledge and a touch of that love
